Hardware and Software Requirements for AuctionsPlus

This document lists the hardware and software requirements for clients to support bidding in the new auction system currently being developed by AuctionsPlus.

The new Auction system being developed by AuctionsPlus is using Microsoft Silverlight 5 as the bidding client.

Silverlight is supported by all major browsers on both Mac OS X and Windows, and with Moonlight on Linux as well. It has been tested on the following browsers:

- Internet Explorer, Firefox, and Safari

The system requirements for Microsoft Silverlight and associated technologies are listed below.

Min Screen size

- 1024 x 768 minimum screen resolution, recommended minimum of 1280 x 1024 for full functionality

Windows 10

- Silverlight 5
- Internet Explorer 6, 7, 8, 9, 10, 11, Firefox 2, 3 and 4, Safari versions 3 to 9
- Please note Windows 10's new browser Microsoft EDGE is not supported. Please run Internet Explorer when using Windows 10.

Windows all other versions

- Silverlight 5
- Operating System: Windows 7,Windows Vista; Windows XP Service Pack 2
- Intel® Pentium® III 450MHz or faster processor (or equivalent)
- 128MB of RAM
- Internet Explorer 6, 7, 8, 9, 10, 11, Firefox 2, 3 and 4, Safari versions 3 to 9

Mac OS

- Silverlight 5
- Operating System: Apple Mac OS X 10.4.8 or above
- Intel Core™ Duo 1.83GHz or faster processor
- 128MB of RAM
- Firefox2, 3, 4 Safari 3 to 9 (latest)

Linux

As of 27/04/2010 the following has NOT been tested. We are not sure if moonlight has been updated to Silverlight 4.0 yet.

Silverlight is apparently supported by an external project called Moonlight, http://www.mono-project.com/Moonlight.
