

Peter Prosser – New South Wales

Tell us about your agency business?

I have operated our business with my wife Sally since 1995. I took over the business from Bruce Hutton, who operated the agency in Mungindi for 30 years prior. I worked for Bruce for 10 of these years before buying. He had a very well established business and was highly regarded in the industry. He left us a great legacy.

How does AuctionsPlus fit into your business?

AuctionsPlus fills our clients need for a competitive market option as our nearest major selling centre is approx. 500km away. The Mungindi area produces large lines of restocker lambs being a mix of merino and first cross. We find that if we can fill trucks with our lot sizes, especially B-Doubles, we achieve a premium price for our clients as we regularly close sales into Vic, SA & southern NSW.

Prosser Hutton Pty Ltd has been using AuctionsPlus as its major marketing option for the past 10 years achieving satisfying results for their clients.

People you would like to thank?

would like to acknowledge Cliff Horton and his clients and our clients, who regularly use Auctionsplus to market their livestock to all of Australia.
