

To Be Offered On AuctionsPlus THIS FRIDAY, March 2:
A/C JAD Agriculture Pty Ltd

100 x Top Shelf Angus Heifers, PTIC to Elite Speckle Park Bulls

To be offered in one-deck lots (approx. 25 head), these heifers will calve mid- to late-September. They are well-grown 16-18-month-old heifers, averaging **approx. 480kg** (curfewed).

Predominantly **Rennylea, Te Mania and Millah Murrah** bloodlines, the heifers will mature into larger-framed breeders. The bulls they are in calf to carry the best Speckle Park genetics on offer, from Minnamurra, Waratah, and GinGin (WA) Speckle Park studs. F1 Speckle Park cattle are in high demand and these calves will exhibit all the early growth, doing ability, high yield and IMF that Speckle Park is quickly becoming recognised for.

Heifers are up-to-date with all animal health treatments. These cattle have been handled extensively and are **very quiet** in both the yards and paddock.
