Ardrossan Angus Mixed Age Commercial Cows on Talmalmo.

Smithwick family first settled at Talmalmo in 1866. Main house in photo built in 1910 with bricks made on property. The 1952 bushfire destroyed the "Main House" and all fencing on Talmalmo. Bob Smithwick, Vyner's father converted this house to a woolshed in late 1952. Today our family use it as a camping hut still using the old fireplaces.

Welcome to the 2019 Bull Sale

Dear Cattle Breeder

We welcome you to the Ardrossan Angus Bull Sale on Wednesday the 28th August at our new property "Talmalmo". We are forever grateful to Vyner and Bron Smithwick and their family for allowing us to acquire Talmalmo, to continue the 150 year family ownership. Talmalmo is unquestionably an iconic cattle property with frontage to the Murray River as a base to relaunch Ardrossan Angus.

Sally, myself, Ali, Lachie, Becky and Kate are excited to enter the new phase of our journey based here in the Upper Murray. We have been humbled and would like to extend a huge amount of gratitude to Sal's parents Neil and Penny, our staff, clients, friends, and fellow Angus Breeders for their unfailing support and assistance in recent years as we have been reshaping our business.

The future for us is full of positivity and an overwhelmingly strong interest for the Angus Breed. We are acutely aware of the demands of environment, international expectations and perception by our clients that the genetics they use have to be **"fit for purpose"**. We as beef producers are going to be inundated with more environmental constraints on agriculture, more health and safety demands and competition from artificial protein, so we need to be at the leading edge of management and genetics to meet these demands. Traceability and provenance are becoming critical factors in international food markets with the Beef industry being no exception. Here at Ardrossan Angus, those criteria are at the forefront of our decision making.

In addition to our sale bulls, the entire HBR Ardrossan female herd has recently been genomic tested.

Our unwavering focus on **strict structural soundness** through breeding ANGUS cattle that last, high fertility requirements and eating quality attributes play well into our vision in the future of the Ardrossan Angus cowherd. We have a fantastic property to further develop alongside the herd to aim for the sustainability that we aspire for. We will continue our passion for planting trees, beautification, focusing on water quality, maintaining soil health, productive pastures and environmental excellence.

Fortunately, at Talmalmo we are currently experiencing a kind winter following a good autumn break. We know that we have an advantage by offering customers 100% grass fed bulls developed steadily and prepared for sale under natural conditions.

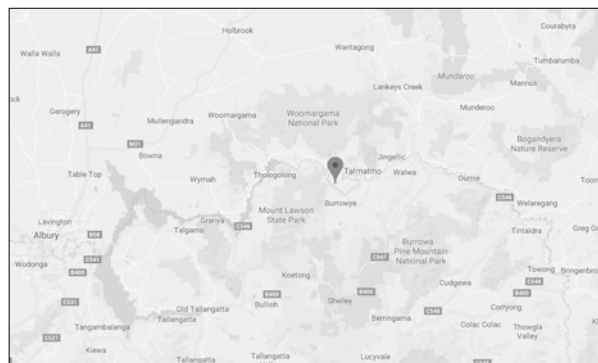

Robert and Sally Bulle

SALE INFORMATION

SALE LOCATION: 5069 River Rd
Talmalmo
NSW 2640

From Woomargama take Tunnel Road east 20kms.
At "T" intersection turn left toward Talmalmo.
15kms, Talmalmo on right.

From Jingellic, take River Road on NSW side of Murray
River for 18kms.

TRAVEL TIMES:

from Albury	50 mins
from Wagga Wagga	80 mins
from Holbrook	35 mins
from Jingellic	12 mins

MORNING TEA & LUNCH: Available at sale.

SALE DAY PHONE NUMBERS:

Rob Bulle	0407 369 203
Cameron Hilton	0419 578 309
Brett Shea	0428 691 489

INSPECTIONS: Cattle will be yarded in pens at Talmalmo from 9.00am Sale day, or inspections can be arranged any time prior to the sale by appointment with agents or vendors.
Rob Bulle 0407 369 203

BIDDING/BUYER NUMBER SYSTEM: Please register with Corcoran Parker, Cameron Hilton or Elders, Jenny O'Sullivan.

REBATES: A 2% rebate will be offered to agents who inspect bulls prior to sale or attend sale day and nominate their clients in writing by 5.00pm August 27th, 2019.

CARRIER: For transport arrangements - Rob Bulle Ardrossan will help coordinate freight.
Joe Wilton 0408 739 559

ACCOMMODATION: Jolly Swagman Motor Inn, Holbrook (02) 6036 3944
Holbrook Town Centre Motor Inn, Holbrook (02) 6036 2666

SALE BULL HEALTH

All bulls free by pedigree or tested free of genetic disorders. No recessive carriers are offered in this catalogue.

All bulls are HBR registered.

Ear Notched Negative for Pesti Virus and Pesti Guard Vaccinated.

Fully Vet Checked by Dr Sarah Albert, Walwa Vet Centre. (INCLUDES EXAMINATION OF PENIS)

Genomic Tested.

Foot Scored by Liam Cardile. N Bulls on 14/6/19. P Bulls on 11/7/19.

Vibrio Vaccinated.

7 in 1 Vaccinated.

Fluke and Worm Drenched.

100% Developed on Grass. (Fed Canola Hay Feb, March, April 2019).

Note: All bulls have structural EBVs and can be viewed on ANGUS Australia site. Liam Cardile's visual Scores are printed with every Lot.

AuctionsPlus

Buy and Sell stock nationally

This sale is to be Interfaced with AuctionsPlus:

Our sale is conducted live on line in real-time, and will be interfaced on AuctionsPlus with the physical auction that is being conducted live by an auctioneer.

A hand held wireless connected computer is used to bring the on site bid price to the Internet screen for remote bidders to observe.

These remote bidders can bid on computers at their location and the bid is immediately transferred to the auction barn through the wireless computer and relayed to the auctioneer.

Bidding is only available to Registered AuctionsPlus Users.

To bid you must register at least 24 hours prior to sale online at www.auctionsplus.com.au

or call: AuctionsPlus 02 92624222

Beef Class Structural Assessment System

Structural problems in cattle have a substantial effect on both the reproductive and growth performance of a beef herd. It is widely recognised that structural problems in sires have detrimental effects on conception rates, calving patterns and thus profitability. Similarly, females with inadequate structural characteristics are more prone to weaning lighter calves or conceiving later in the breeding season than their more functional counterparts. These structural problems are filtered through the supply chain resulting in reduced income for the producer, feedlot and thus reducing the overall productivity of the Australian Beef Industry.

Over the past decade, use of the Beef Class Structural Assessment System in the seedstock industry has produced a marked improvement in herds which have shown commitment to using the information appropriately. Through these dedicated breeders, there has been a flow on affect of structural improvement through out all sectors of the beef cattle industry.

Liam Cardile of 'BEEFXCEL' service many of the leading seedstock herds in Australia. 'BEEFXCEL' is not involved in any genetic marketing or specific breeding advice and therefore has no conflict of interests to influence their stock appraisal. The integrity of the structural data provided by 'BEEFXCEL' is recognised throughout the industry. Liam is a fully INDEPENDENT assessor.

ARDROSSAN STRUCTURAL PROGRAM:

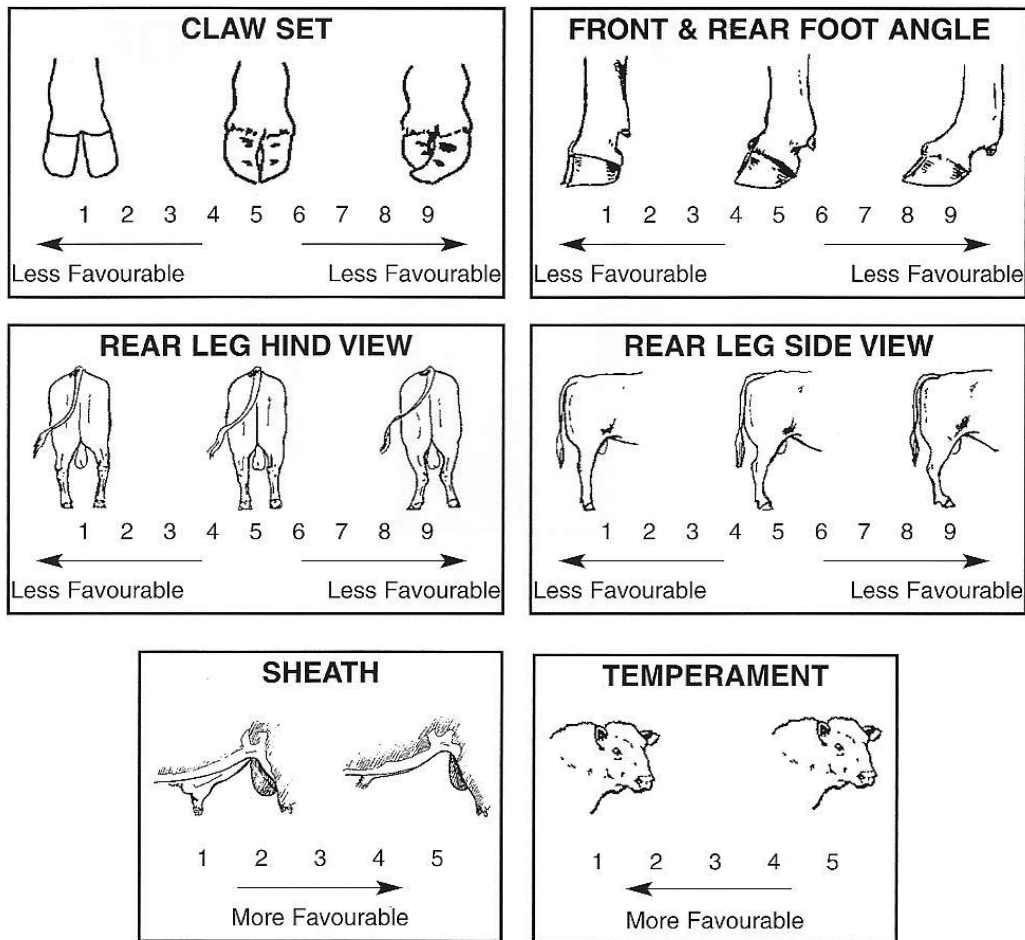

The 2019 Ardrossan Sale Bulls have been independently structurally assessed to maximise the quality of stock on offer. Any animals deemed inadequate have been removed from the sale draft. The Ardrossan sale bulls were assessed by Liam Cardile of BEEFXCEL.

Ardrossan Honour H255, his sire E11 and dams sire A241 all rank in the top 1% of breed for FFCS and all high accuracy sires with a total combined progeny recording of over 14,000 registrations in Breedplan. No other bull in the Australian Data Base has as much data recorded with all three sires sitting in the top 1% on FFCS. Honour daughters have cleaner udders than his sire E11, with even fine teats and better attachment front and rear on udder. The A241 influence on his dams side has cleaned up the Edmond E11 Udder. Any Sire is only as good as his daughters. I encourage any breeder to come and inspect large lines of Honour's daughters in our registered and commercial herd. Honour video can be viewed on You Tube.

Resources offers an outcross pedigree with good structure, docility, udder quality and massive body capacity in a moderate frame. We used Resource to "make cows". The first of his daughters will calve in our herd early August. Resource dam 4136 is one of the most highly regarded Angus cows in US. Outcross bloodlines are very hard to identify particularly when we add structural parameters. All Resource daughters I inspected in US in June displayed good structure and docility. Resource video can be viewed on You Tube.

Progeny analysed: HERDS 47, PROGENY 565

The Bull to Breed Cows! Initiative was purchased by Brent Thiel and Koupals Angus herds. Daughters are some of the soundest and best uddered cows in US. We still have "C Drop" cows in our herd. They are really good cows. That's why we have gone back to Initiative. Also Initiative was one of the best performing bulls in Circle A Sire Alliance Trial. Doug Collins & Bruce Traelor use Initiative extensively in S.A. Initiative is "The Bull to Breed Good Females".

THE MOST INFLUENTIAL FOOT IMPROVER BULLS USED IN THE ARDROSSAN REGISTERED HERD - JULY 2019 BREEDPLAN REPORT

View videos on You tube.		Total Progeny Breedplan	Breedplan Progeny in the Ardrossan Herd	Front Foot Claw Set (FFCS)	Highlights
	Ardrossan Equator A241	7636 304 Herds	341	+24 EBV	Produces outstanding cows, daughters have exceptional udders. One of Australia's most highly regarded Angus bulls. Will be used in Ardrossan herd for next 10 years. Top 1% for FFCS & Rear Foot angle & Carcass Weight.
	Ardrossan Honour H255	1368 60 Herds	228	+24 EBV	FFCS and udder improver. Progeny have strong spines and excellent length. Top 1% for FFCS and Rear Leg Hind View.
	Ardrossan Admiral A2	4874 262 Herds	332	+26 EBV	Trait leader Docility +40, FFCS, F Feet Angle & CW. Has added real good foot structure and docility to our cow herd.
	Ardrossan Connection X15	5288 245 Herds	257	+21 EBV	High accuracy structure improver. Pedigree stacked with trait leaders in structure. Ranks Top 3% FFCS. Ranks Top 6% FFA.
	Rennylea Edmund E11	4962 175 Herds	720	+24 EBV	Top 1% FFCS, RLHV, CED, DC, Rib Fat & IMF. Edmund ranks highly for Gestation, BW & All Indexes. Edmund has worked very well in our herd and has not left the baggage that so many other high profile, poor structured bulls have left behind.

July Breedplan 2019 Total Progeny = 24,128

C0413

This form cannot be used where eligibility for the EU market is required.

Part A To be completed by the owner or person who is responsible for the husbandry of the cattle.

Owner of cattle **ARDROSSAN ANGUS** (FULL TRADING NAME)
 Property/place where the journey commenced **"TALMALMO"**
5069 RIVER RD (TOWN/SUBURB) **TALMALMO** **2640** (STATE)
 Property Identification Code (PIC) of this property **NC320587**
 This MUST be the PIC of the property that the stock is being moved from

Description of cattle

Number	Description (BREED, SEX, E.G., HERFORD CROSS STEERS)	Brands or Earmarks (IF PRESENT OR REQUIRED)
98	ANGUS BULLS	
98	Total	

Use the Attachment Forms for consignments that require more lines to describe the stock. (See Explanatory Notes)

Consigned to _____ (NAME OF PERSON OR BUSINESS)
 _____ (ADDRESS)
 _____ (TOWN/SUBURB) _____ (STATE)
 Destination (if different) of cattle _____ (LOCATION ADDRESS)
 NLIIS devices used on these cattle Number of ear tags **98** Number of rumen devices _____
 Details of other statutory documents relating to this movement e.g. health statement _____

DOCUMENT TYPE _____ NUMBER _____ OFFICE OF ISSUE _____ DATE _____/_____/20____

- Have any of the cattle in this consignment ever in their lives been treated with a hormonal growth promotant (HGP)? (Use a second document for mixed consignments.)
 Yes No
- Have the cattle in this consignment ever in their lives been fed feed containing animal fats?
 Yes No (See Explanatory Notes)
 - A. Less than 2 months B. 2-6 months C. 6-12 months D. more than 12 months
- Has the owner stated above owned these cattle since their birth?
 Yes No If No, how long ago were the cattle obtained or purchased? (If purchased at different times, tick the box corresponding to the time of the most recent purchase.)
 A. Less than 2 months B. 2-6 months C. 6-12 months D. more than 12 months
- In the past 60 days, have any of these cattle been fed by-product stockfeeds?
 Yes No If Yes, attach a list of the by-product stockfeeds, date when last fed and a copy of an analyst's report if available.
 - A. Less than 2 months B. 2-6 months C. 6-12 months D. more than 12 months
- In the past 6 months have any of these animals been on a property listed on the ERP database or placed under any restrictions because of chemical residues?
 Yes No If Yes, give details: _____
 - A. Less than 2 months B. 2-6 months C. 6-12 months D. more than 12 months

6 Are any of the cattle in this consignment still within a Withholding Period (WHP) or Export Slaughter Interval (ESI) as set by APVMA or SAFE MEAT, following treatment with any veterinary drug or chemical?
 Yes No If Yes, give details: (Record additional details in question 9)
 CHEMICAL PRODUCT _____ TREATMENT DATE _____/_____/20____ WHP _____ ESI (IF SET) _____

7 In the past 60 days, have any of the cattle in this consignment consumed any material that was still within a withholding period when harvested, collected or first grazed?
 Yes No If Yes, give details:
 CHEMICAL PRODUCT _____ DATE APPLIED _____/_____/20____ GRASSING WHP _____ DATE FIRST FEED/USED _____/_____/20____ DATE FEEDING/GRASSING COMPLETED _____/_____/20____

8 In the past 42 days, were any of these cattle:
 a) grazed in a spray risk area; or
 b) fed fodder cut from a spray drift risk area? (See Explanatory Notes for definition of spray drift risk area.)
 Yes No If Yes Date sprayed: _____ DAY _____ MONTH _____ YEAR _____

9 Additional information: see requirements in Explanatory Notes for completing this document.

Declaration
 I, **SALLY BULLE**, "NOONAMEENA"
 FULL NAME FULL ADDRESS
786 LOPPABELLA RD, HOLBROOK, 2644
 ADDRESS CONT. 

declare that I am the owner or the person responsible for the husbandry of the cattle and that all the information in part A of this document is true and correct. I also declare that I have read and understood all the questions that I have answered, that I have read and understood the explanatory notes, and that, while under my control, the cattle were not fed restricted animal material (including meat and bone meal) in breach of State or Territory legislation.

Signature*  Date* **28 / 8 / 2019**
 *Only the person whose name appears above may sign this declaration, or make amendments, which must be initialed.
 Tel no. **0458 369203 (Sal)** Fax no. **0407 369203 (Rob)**

TRUCK DRIVERS APPRECIATE THE SAFETY WALKING ON & OFF TRUCK "CATWALK".

From 1848-1860 Talmalmo was held by George Mole as "lease hold". George Mole was one of the very first squatters in this district to grow wheat. George Mole rode from Talmalmo to Albury on a horse to get a doctor to his wife. When he returned to Talmalmo his wife had died in childbirth. Mrs Mole and her twins are buried under an elm tree just beside the shed where we will have our sale. Our selling complex will be named Mrs Mole's Shed in her memory.

Talmalmo

In 1868 Sir Sydney Watson who lived at Walwa kindly helped the Smithwick family as guarantor for Vyner's great grandfather (Robert John Smithwick) when the Smithwick family acquired Talmalmo. This paddock was named in honour of Sydney Watson. Still today the paddock is named "Sydney Watson's".

Ardrossan Angus yards at "Talmalmo". Proudly designed and built entirely by our team at Ardrossan Angus.
