Rangeland Ready breeding, and
performance recorded on LAMBPLAN.***

All sale ram photos are on www.auctionsplus.com.au

**The Mosely Family, Etiwanda Station, Cobar, NSW 2835,
Ph.0268373797**

Dear Fellow Producers,

We warmly welcome you to the 2019 Rangeland Ready Ram Sale, interfaced with AuctionsPlus, and scheduled to start at 10am, February 22nd.

Andrew and I really enjoy breeding quality, functional livestock. 20 years ago, we took on the challenge of creating our own line of Rangeland Ready White Dorpers. Sheep that work in our environment. Sheep that are functional, productive, and profitable. Ewes that are strong and bring lambs in every year, and quality rams that continually improve the next generation.

For the past 2 decades we have been selecting towards the style of animal we see that works in our environment, by watching and observing what physical attributes do and don't work, and by using ASBV's to understand and select the style of sheep that not only looks the part, but also have the performance data to take us ahead.

We will have 106 rams penned for your inspection. Due to the dry season we have fed all the rams this year on pellets and hay. The rams are in great condition, are well grown, and they are displaying plenty of capacity, muscle and development. We are also offering on behalf of a client 40 flock white dorper ewes. These ewes are 100% Etiwanda genetics and have been reared on the Cobar rangelands.

Every ram in our sale is born unassisted, from highly adapted Rangeland Ready ewes. The rams in this year's sale are the result of our 2017 AI program, where we used 7 different sires.

We have used The Maternal Carcase Production (MCP) index to rank our rams. The MCP index ranks animals on their suitability for a self-replacing system with a carcase production focus. This index balances the main economic traits relevant to maternal breeders. This allows higher gains to be made for growth, carcase & reproductive traits. The index also assumes no mating to terminal sires. The index aims to maintain adult weight at current levels. A lot of the rams with higher MCP index figures have excellent reproductive figures & aren't as extreme for muscle. Remember if you push muscle to the extreme reproductive fitness is the first trait to be negatively impacted.

Our sale catalogue and all ram photos are online at AuctionsPlus at www.auctionsplus.com.au

Our flock is a tested Brucellosis free flock – certificate number CW-01/17 – current until October 2019.

Inspections are welcome prior to the sale by appointment, or on sale day from 8am. Come and enjoy a coffee and morning tea and then take a wander through the sale pens. Lunch will be available, catered by the Burthong CWA.

Safe travels to Etiwanda, we look forward to seeing you on the 22nd.

Yours faithfully,

The Mosely Family.

Sale Information.

Sale time

The sale is scheduled to start at 10am EST, February 22nd, 2019. The sale is interfaced with Auctionsplus, so start time must be strictly adhered to.

Inspections are welcome from 8am on sale day or any other day prior, by appointment. We encourage buyers to inspect the rams prior to the sale. This gives us the opportunity to assist in selection of genetics to best fit your flock.

Sale Location: on property at Etiwanda. The “Etiwanda Turn Off” is a point on Google maps, so you can use that to find us. That pin point is our mailbox entrance, the sale entrance is 5km further South.

From Cobar - 92kms South on the Kidman Way (Hillston Rd), 5km past Sandy Creek Bridge turn right. Watch for our sale sign and flags.

From Griffith/Hillston – follow Kidman Way North through Mount Hope, travel approx. 80kms. Turn left. Watch for our sale sign and flags.

Accommodation in Cobar

Town & Country Motor Inn - 02 68 361 244

Central Motor Inn - 02 68 302 000

Phone Bidding

Phone Bidding can be arranged prior to the sale by speaking to the selling agents Landmark Russell Cobar

Luke Scales 0447769588 or the Landmark Cobar Office 02 68 362234

Auctionsplus bidding

Many people bid on Auctionsplus for the Etiwanda sale – this is a straight forward process – for any assistance with this bidding method please contact the selling agents on the above numbers.

Health Status

All rams are tested Brucellosis free Accreditation No CW 01/17. Etiwanda is located within the Western Regional Biosecurity area.

Refreshments

Morning tea, lunch and hot and cold refreshments available on site

Sale Service

Andrew & Megan are always available to discuss any aspect of your flock and can be contacted on 02 68 373797 or andrew@etiwanda.com.au for advice and assistance. Andrew 0419 477983 or Megan 0429 477930.

Buy your rams from someone who breeds them like they ought to!
