# Welcome.

## *YOUR DESTINATION FOR INDUSTRY RELEVANT GENETICS.*

Our 14th Bull Sale will once again be held on our Keith property at the “Eight Mile” sale complex. Once again we have identified the sire prospects that display the great muscling, softness, doing ability and gentle dispositions for which Mandayen genetics have become well known.

Our 2018 sale provided beef producers the opportunity to obtain high quality genetics at reasonable prices. 90 bulls sold through the auction ring to a highest price of \$16000 with 40 sires selling in the \$4000 to \$6000 price range, making them affordable to modern day cattle breeders.

In our Limousin bull sale we will offer a draft of sires with the selection emphasis being on the economic traits, structural soundness, muscle, softness & docility.

Sire lines include the first sons of our homo polled, record breaking homebred sire Mandayen King K6, who display impressive growth performance, muscle and butt shape. They will appeal to both stud & commercial producers using Limousin. Other sires include B Bar Cognac & the homebred sires Jackaroo J2355, Kong K8 & Energiser H2076. These sires have again produced commercially orientated bulls with great structure, muscling & temperament.

At the 2018 Adelaide Royal a steer son of Mandayen Energiser H2076 was successful in taking out the hoof grand championship award. Our genetics have been successful in claiming this title for the second consecutive year. The steer was prepared & exhibited by the Spence family at Keith.

We are in a position to offer the market a slightly different Angus due to the investment in Millah Murrah genetics and Damian’s breeding philosophies which are backed by 25 years’ experience in the production of profitable beef sires and fertile functional females.

In the Angus lineup our winter run of bulls are mainly sired by Pathfinder Genesis G357, Millah Murrah Klooney K42, Coonamble Hector H249 & Ascot Hallmark H147, while the spring run includes sons of the Millah Murrah sires Kingdom K35 & Loch Up L133. The bulls are thick bodied, functional, sound cattle with great eye appeal & are backed by solid cow pedigrees. They combine powerful growth & carcass genetics with superb Angus type. The entire sale draft has been parent verified to ensure bloodlines and genomic tested to increase the accuracy of each animal’s EBV’s.

If you would like to see the bulls pre sale our on property SA Beef Field Day will be held on Tuesday 5th of February at 365 Dark Island Well Road at the “Eight Mile” sale complex.

We would like to thank our sale agents (Elders, Spence Dix & Co and Landmark) for their ongoing assistance and support. If you are unable to attend on sale day and wish to purchase, we recommend contacting one of their representatives to place an order, or to organise phone bidding. We also appreciate the continued support of agents from other firms.

Most importantly we would like to thank everybody who has been involved and supported our program over the years. We wish all prospective purchasers the best of luck on sale day and are confident that our cattle will perform for their new owners.

Damian Gommers and family  
Mandayen Limousin & Angus

Notes: A full brother to both Millah Murrah Hector M153 & Nectar N334 who both sold for \$40000 in previous MM bull sales. Maternal brother to the \$54000 MM Lakeside L69. This sire is an outstanding bull with plenty of capacity, muscle & super structural correctness. He will add muscle & yield to his progeny whilst having the maternal lines to breed great replacement females. N433 ranks in the top 1% for feed efficiency NFI-F & 10% for both EMA & RBV. Semen has been retained.
