Breeders Choice Alpaca Auction

Since 2013

Welcome to the 7th annual **Breeders Choice Alpaca Auction**— an annual event not to be missed on the Australian Alpaca Calendar. **This year is the most exciting to date** as we have **more Vendors and more Alpaca Lots, meaning more Selections & more Genetics on offer than ever before.** This allows you as a buyer to have unique access to a diversified range of Alpacas all in one convenient location like never before! Think of the variety in genetics, the range of fleeces & styles, and the different coloured selections which will make complementary additions to your herd. Perfect options for the new or experienced breeder.

We believe there is something for everyone on offer at this auction.

We welcome Vendors from WA, SA, Vic & NSW, at this National Event. 26 Breeders Australia wide have especially selected & made available at auction a total of 77 Lots.

“Be assured these alpacas are presented to sell at this auction.”

These Breeders, all active participants in the Australian Alpaca Industry, represent a community of people who are passionate about what they do and wish to share this passion and support others in the industry, new or old breeders. **BCAA offers everyone an ideal opportunity to purchase sort after genetics at reasonable prices,** plus this a great opportunity to network and gain invaluable knowledge from experts in the field. Make sure you don't miss an important opportunity such as this!

Many lots are unreserved and others with very sensible reserves, are presented for your consideration. You will find everything from diversified genetics with quality fleece production, White to Black and some with spots, beautiful temperaments, stud sires & potential stud sires, 3-in-1 packages, established breeding females and everything in between.

‘Come, join the vendors & breeders on sale day, inspect the alpacas, meet someone new, chat with old friends, learn something new and make some exciting alpaca purchases.’

Since 1994, producers of huacaya & suri, predominantly specialising in whites, but have not overlooked our coloured Alpaca herd. Many of our bloodlines have been obtained via our trips to South America, thus adding elite advancement to our herd. Producing Alpacas with solid, correct frames, uniform crimp exhibited on highly aligned long staples, extremely bright fleeces of high fibre weight, but maintaining fineness with minimal primary fibre. Over many years our breeding has produced & gained us high level results for both our animals & fleeces. Known throughout the world for our breeding, we are honoured to once again be a part of this auction.

Lot 1. Marchmont Park Amelia

SLBr Female

IAR: 236713 DOB: 09/03/18

Plantel Illawarra Alpha Centauri SMF
Sire: Marchmont Park Bolero SDF **Dam:** Earthwise Gwendolyn SLB
 Pacofino Salsa SLB Earthwise Coco Ciarra SDB

Mated: Maiden

Fleece: 2018—M: 17.9 SD: 4.0 CF: 99.4%

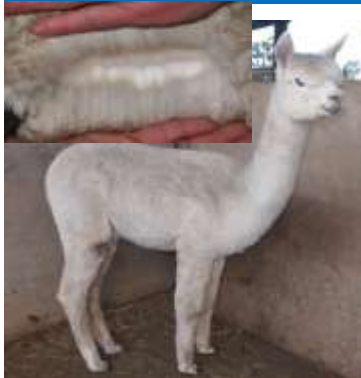

A pretty young female with excellent conformation. Displays a fine, crimped, soft handling fleece with even colour throughout. Placed 2nd in Junior Brown Female class at Canberra Royal 2019. Halter trained.

a/c. Marchmont Park - **Reserved**

Lot 2. EP Cambridge Enlightened

SW Female

IAR: 235446 DOB: 02/05/17

Jolimont Warrior SW
Sire: Windsong Valley Firedragon LF **Dam:** EP Cambridge Wise Lady SW
 Windsong Valley Star Bright SW EPC Commish Lass SW

Mated: Snow Diamond Cadillac Jack SW (USA imp) 01/05/19

Fleece: Results pending, see EP Cambridge Facebook for updates

An exceptional young Firedragon female with exquisite handle. She carries a dense, fine and even fleece from head to toe. Mated to our newly imported USA male Snow Diamond Cadillac Jack. Matthew and Cathy were so impressed by this male they returned a year later to purchase his super sire, Snowmass Defiance.

**This is the first genetic release of any of our new imports.
 An opportunity not to be missed!**

a/c. EP Cambridge – **Reserved**

Lot 3. Goldleaf Primevere

SW Female

IAR: 227633 DOB: 29/3/18

Faversham Armani
Sire: Goldleaf Nobility ET **Dam:** Warralinga Gorge Star Graduate ET
 Qualup Elly Rosetta Athena

Fleece: TBA

Beautiful young female. Very even micron with uniform crimp style across the saddle and into the extremities. Well bred with National Champion sire and the ever consistent Star of Tulangi female lines. Proud to offer this quality female for sale. Offered with fertility guarantee. WA bred, JD Free Status.

a/c. Goldleaf – **Reserved**

Lot 4. Goldleaf Shoot Me Down

L Grey Male

IAR: 227637 DOB: 4/5/18

Sire: Levanda Grove Danaus
Goldleaf Dynamic (RG)
Goldleaf Angel Face

Dam: Levanda Grove Danaus
Goldleaf Desert Chimera (RG)
Echo Valley Farm Desert Magic

Fleece: TBA

Extremely even coloured young grey male. High crimp frequency, good softness, and worthy of future stud duties. Offered with certification guarantee.

Sired by top grey male Goldleaf Dynamic, this boy offers some unique genetics for the grey or black breeder. WA bred, JD Free Status.

a/c. Goldleaf – **Unreserved**

Lot 5. Green Gully Viola

SW Female

IAR: 221312 DOB: 21/11/16

Sire: Jolimont Warrior SW
Barrabinda Lord Dijon SW
Barrabinda Mystical Gold SW

Dam: Kia Ora View Temptation MF
Green Gully Lilly SW
Jolimont Venessa W

Mated: Pregnant to Forestglen Saxon SW LMD 23/3/19
Fleece: Oct 2018—M: 18.9 SD: 3.16 CV: 16.7 CF: 99.6%

Viola is an excellent choice if you are looking to add long term fineness to your breeding program. She comes from our most highly regarded female line and we are retaining two full sisters in our herd. Her mating to Forestglen Saxon will not disappoint as his progeny so far have all been ultrafine with outstanding consistency of style.

a/c. Green Gully – **Reserved**

Lot 6. Green Gully Havana & M/Cria

M Grey Female

IAR: 221337 DOB: 08/03/17

Sire: Jolimont Tiberio MG
Jolimont Essien TB
Jolimont Greta II MF

Dam: LVP Brigalow STB
Green Gully Harriet MG
Warralinga Isadora 1 DG

Mated: Open
Fleece: Oct 2018— M: 21.3 SD: 4.6 CV: 21.6 CF: 96.1%

This lovely female comes with a very cute and friendly male cria at foot (GG Willesee). Her fleece displays good fineness for age and above average density with minimal spotting across her saddle. Havana offers a genetic line (Jolimont Essien) that has been successful in the show ring for both grey and black breeders. She is ready to mate to a male of your choice.

a/c. Green Gully – **Unreserved**

Lot 7. Faversham Lacey**SW Female****IAR: 227733 DOB: 16/2/18**

Faversham Armani
Sire: Faversham Broadway
 Faversham Charlotte

Swan Valley Accoyo Sila
Dam: Banksia Park Satin N Lace
 Banksia Park Ivory Silk ET

Fleece: TBA

Well grown young female, with the genetic backing to breed the next generation of your show team. Her sire Broadway is a National Championship winner, as was his sire Faversham Armani.

Offered with fertility guarantee. WA bred, JD Free Status.

a/c. Faversham Alpacas – **Unreserved****Lot 8. Alcatraz Lookout****SLF Female****IAR: 225939 DOB: 22/2/18**

Suncloud Talahasi SW
Dam: Belbourie Taboo SW
 Belbourie Rhapsody SW

Mated: Bumble Hill Moonraker scanned positive, due end April 2019
Fleece: Sep 18 (4th) - M: 20.7 SD: 4.9 Skirted Saddle Weight: 1.6kg

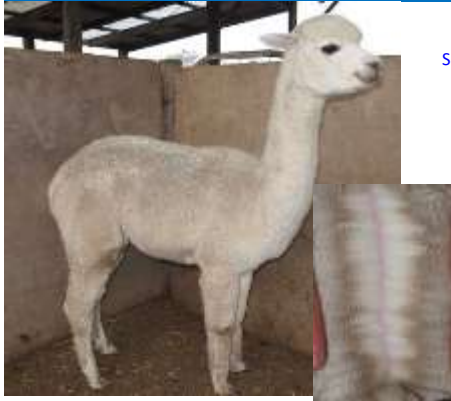

An Avalanche daughter with a bright, soft, mid-density fleece. Tabitha is holding her softness at 20 micron on her 4th fleece and still producing a lovely weight of fleece. Unique genetics with Adori Accoyo Altaz, Prestige Valentino and Suncloud Talahasi in the background. Mated to Bumble Hill Moonraker, should produce an exciting cria.

a/c. Walkley Fields - **Reserved**

Lot 10. EP Cambridge Ashlynn

SW Female

IAR: 234947 DOB: 04/01/16

Windsong Valley Firedragon LF
Sire: EP Cambridge Trail Blazer SW
 EP Cambridge Peruvian Savanna SW
Dam: Jolimont Encantador SW
 EP Cambridge Isa SW
 Jolimont Fortunata SW

Mated: EP Cambridge Crixas SW 5/4/19

Fleece: Results pending, see EP Cambridge Facebook for updates

Bundles of bright, well-aligned staples packed onto a stylish frame— this is a beautiful female. Sired by Trail Blazer who has since been exported to the UK. Mated to Crixas, a super bright Spartacus son who is consistently producing members of our National show team.... this cria will be one to watch.

a/c. EP Cambridge - **Unreserved**

Lot 11. Coolaroo Lady Catherine De Bourgh

LF Female

IAR: 233051 DOB: 10/3/17

Illawarra Yucatan W
Sire: Illawarra Dynasty ET SLF
 The Gorge Protégé SLF
Dam: Regal House Mr Darcy SLF
 Coolaroo Miss L'aria SLF
 Tarmaroo Aria MB

Mated: Coolaroo Magic Ice LF

Fleece: 2018—M: 21.2

Catherine is a well boned and sweet natured young light fawn female. She has a lovely high frequency crimp style that she exhibits well across her excellent frame in well aligned bundles. Catherine is a member of our show team and has been awarded some wonderful results, including Reserve Champion Light Fawn Female at the 2018 Carousel of Colour Alpaca Show & 3rd Place Intermediate Light Fawn Female at the 2018 Australian Spectacular, in Bendigo. Her mating to Magic Ice will further improve density and softness.

a/c. Coolawarra/Storybook - **Reserved**

Lot 12. Storybook The Wicked Witch

SW Suri Female

IAR: 202590 DOB: 27/8/17

Bumble Hill Krishna SLF
Sire: Bumble Hill Chakri SW
 Bumble Hill Pacocha SLF
Dam: Jingana RA MF
 Jingara Snow White SW
 Jingana Demeter SW

Mated: Surilana Pianistic MF

Fleece: 2018—M: 21.22 SD: 4.82 CV: 22.7 CF: 96.1%

Wicked Witch is a well ribboned young Suri female, ready to join a breeding program! She is displaying excellent lustre and length on her re-growth fleece; it was these attributes that awarded her Champion Adult Suri Female at the 2019 Sydney Royal Easter Show. She pumps out a lovely flat lock style that is already evident on her back line since shearing in late November. She carries this highly lustrous and exquisite soft fibre on a sound frame. Her mating to Surilana Pianistic was planned to further improve density and coverage.

a/c. Coolawarra/Storybook - **Reserved**

Lot 13. Helmshore Manor Charisma 157

EP Cambridge The Edge SW

EP Cambridge Spartacus SW

Sire: EP Cambridge Risk Taker ET SW**Dam:** EP Cambridge Starsky Lass ET SW

EP Cambridge Illustrious SW

EP Cambridge Trinity SW

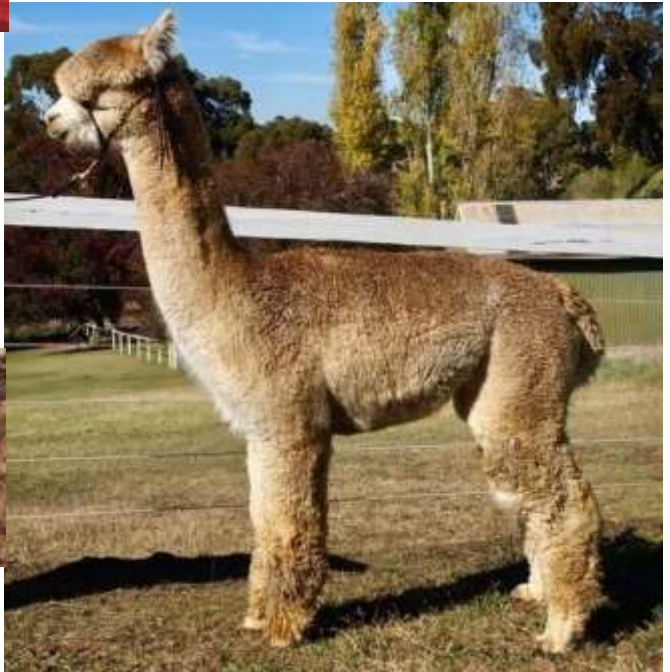

Fleece: Results pending, see EP Cambridge Facebook for updates

The product of embryo transfer parents hailing from 2 of our royal female lines, Voyager was bred to be special. Sired by Risk Taker, the sire of the current National Supreme Champion, his quality is clear....winning his class as a Junior at the 2017 Nationals and then taking out Supreme Med/Dark Fawn Fleece at the 2018 Nationals.

Voyager's full sister Trilogy was sold as a junior as part of our "Supreme Six Pack", a group of elite junior females showcasing the advanced fleeces produced by our stud sires. A re-mate to Risk Taker was the obvious choice and the result was outstanding.

Voyager has been working within our stable of stud sires across the 2019 season and this is rare opportunity to secure a working male straight from the stud sires paddock of EP Cambridge HQ. We reserve the right to retain 10 stud services (the logistics at our expense)

This male is a powerhouse of genetics.... a truly elite stud who has the look, the fleece and the pedigree to be a leading sire in Australia.

Invest in quality genetics

Congratulations to Pat Bova of Bova Alpacas on winning **Grand Champion Female** at the recent Sydney Royal 2019, with Patagonia Celtic Cabaret purchased at last year's Breeders Choice Auction.

2017 Fleece
Celtic Cabaret

Now it's your chance to invest in quality genetics at the 2019 Breeder's Choice Alpaca Auction. This year we are offering two quality females each selectively joined to one of the Snowmass males from our most recent shipment.

Lot 36. Patagonia KH Morning Sun

SMF Female

IAR: 217976 DOB: 3/5/16

Mated: ILR Snowmass Velveteer DF
LMD 21/11/18

Fleece: Nov 18 (3rd) — M: 18.6 SD: 3.4 CV:
18.1 SF: 17.7 CF: 99.6% Cur: 50.2

Sire: Snowmass Conopa's Kahuna LB
ILR Snowmass Royal Kahuna SW
Snowmass Royal Wedding LB

Dam: Jolimont Caesar SW
Patagonia Midnight Sun ET SDB
Patagonia Sunline SDF

Morning Sun has an ultra-fine silky soft fleece with a high frequency crimp from the skin to the tip. Her fleece is at the palest end of medium fawn and exhibits the matchstick bundles of her sire, Snowmass Royal Kahuna. On her third fleece she has very impressive statistics - 18.6 micron, SD of 3.4 and CF of 99.6. This is combined with an excellent frame, correct conformation, striking feminine presence and a very quiet temperament.

Morning Sun is mated to our stunning fawn sire - Snowmass Velveteer who brings density, length and lustre with an ultra-fine micron of 18.7 on his 6th shearing. We are expecting an outstanding result from this second cross of Snowmass genetics, with the cria due in October 2019.

A great opportunity to invest in quality genetics!

2017 Bathurst Royal
1st Place—Junior Female Med/Dark Fawn

Our Star lot for 2019 is KH Morning Sun, from one of the first group of progeny from our Snowmass males & the first to be put to auction.

Yenaminut Lunar Eclipse DF
Yenaminut Lachandra RG

Dam: Jolimont Gianmarco SW
EP Cambridge Gravitare SW
The Hermitage Empress RG

Mated: Maiden

Fleece: Results pending, see EP Cambridge Facebook for updates

We expected Lunar Eclipse to produce beautiful grey animals and he has not disappointed with Silver Moon. This show quality female has a soft handling, dense fleece with great substance of bone. She is ready to start her breeding career. She was awarded 4th Junior Grey Female 2018 National Spectacular.

a/c. EP Cambridge – **Reserved**

MOST SUCCESSFUL NSW BREEDER SYDNEY ROYAL ALPACA SHOW 2018

Walkley Fields Alpacas has been in operation for over ten years, with properties located in the Hawkesbury district at the foothills of the Blue Mountains, and Meadow Flat just west of the Great Dividing Range.

Walkley Field Iridion

Sired by Walkley Field Accolade, advanced fleece style. First fleece at 16.2 micron, SD of 3.4, and an impressive annualised fleece weight of 2.67kg. 2nd Canberra Royal 2019, 3rd Sydney Royal 2019. Also a 1st Sydney Royal 2019 from further progeny.

Walkley Field Kasius

Sired by Bumble Hill Moonraker, a dense, stylish fleece. Second Fleece at 19.7 micron, SD of 4.3, and a fleece weight of just under 2kg. Awarded Champion Intermediate Fleece at Canberra Royal 2019. Kasius is to be auctioned at the Breeders Choice Auction.

Our breeding strategy is to produce a softer and silkier cashmere style of fleece with a typically bolder style of crimp. We are proud that these genetics are not only making a statement in the show ring, but also in fleece competitions. At Canberra Royal 2019, Walkley Fields was awarded Champion Junior and Intermediate Fleeces, as well as Champion Brown and Light Fawn Fleeces.

We are taking a scientific, data-based approach to our breeding program. An animal may exhibit certain traits but is only valuable if it is pre-potent (high probability) for passing those positive traits on to the progeny. As a result, Walkley Fields has a very stable base of elite genetics that are producing beautiful, consistent commercial fleeces.

**WE ARE EXCITED TO BE RELEASING A SELECT NUMBER OF OUR
ELITE HERD FOR THE BREEDERS CHOICE AUCTION**

Lot 54. Walkley Field Cavana

SLF Female

IAR: 227867 DOB: 24/5/17

Sire: Rosedeane Saynora SW
Futura Kittihawk SLF
Windsong Valley Kityama SLF

Dam: Shanbrooke Gold Perfection
Shanbrooke Society Caviar SLF
Shanbrooke Soc Shere Predict

Mated: Currently Mating to Walkley Field Accolade
Fleece: Sep 18 (2nd) —M: 23.5 SD: 6 Skirted Saddle Weight 2.03kg

What a beautiful blend of genetics. A dense and stylish female with Shanbrooke Society Caviar (multiple champion female) on the Dam side and Somerset Accoyo Challenger and WV Iceman on the Sire side. Mated to Walkley Field Accolade to complement with extra softness, lustre, and excellent evenness – an exciting combination.

a/c. Walkley Fields – Reserved

Lot 55. Walkley Field Victorian

SW Female

IAR: 227876 DOB: 17/4/17

Sire: Benleigh Legend SW
Bumble Hill Moonraker SLF
Bumble Hill Moonbeam SW

Dam: Belbourie Moonshine SW
Walkley Field Victory SW
Bonnie Vale Victorianna SW

Mated: Currently Mating to Forestglen Catalyst
Fleece: Sep 18 (2nd)—M: 20.2 SD: 4.9 Skirted Saddle Weight: 1.7kg

A beautiful Moonraker daughter, dense, soft and lustrous. This was our first combination of a Moonshine daughter with Moonraker and what a result. Victorian got the best of both worlds with Moonshine/Victorianna's silkiness and softness and Moonraker's density. One of our first mating's to multi-Supreme winner Forestglen Catalyst, should be an exciting prospect.

a/c. Walkley Fields – Reserved

Lot 56. Walkley Field Kasius

SLF Male

IAR: 227877 DOB: 25/4/17

Sire: Benleigh Legend SW
Bumble Hill Moonraker SLF
Bumble Hill Moonbeam SW

Dam: Riverport Elgin SW
Riverport Kasia ET SLF
Patagonia Celtic Flamingo LF

Fleece: Sep 18 (2nd)— M: 19.7 SD: 4.3 Skirted Saddle Weight: 2kg

Kasius is a soft, dense and stylish, pearl white male. An exciting mix of Moonraker (tested skin density of over 65 fibres/mm) and Kasia ET, so density over density. Benleigh Legend, Softfoot Ceroc, and Celtic Triumph in the background. His Dam, Kasia ET, is a champion female, placing second at the Nationals in her class in 2015. Kasius' fleece won Champion Intermediate Fleece at Canberra Royal 2019.

A rare opportunity to acquire a Moonraker sired Stud male with enormous potential.

a/c. Walkley Fields – Reserved

Lot 57. Jandarra Goldleaf Symmetry

 Fleece: Nov 18—M: 27.9 SD: 5.1 CV: 18.4 CF: 74% Cur: 29.0

3 Generation of True Black genetics wrapped in a very attractive, well built female. Perrin has produced a very typey Solid Black Female Cria to Up The Ante this year – the cria is not for sale & will be retained in the Everlast Herd, so the proof of their pairing is already there.

a/c. Everlast - **Unreserved**

A Note From The Breeders...

Aymara Alpacas— Established 1991, with purchasing the top priced lot at the 1st Alpaca auction in Australia. The following year sold top priced female at the Alpaca Classic Auction which became The National. Aymara has always used top genetics and breeds quality fawns.

Cedar House Alpacas— Cedar house has been establishing since 1989. This years offering represent quality genetics from top class Sires & Dams, representative of lower primary fibre production and lower micron. We look forward to assisting you in your future with these animals.

Note: Fibre Tests—Trim 'Off' testing is a true test of all sampled fibres, and does not eliminate the course edge as Trim 'On' does. It measures the total sample rather than the trimmed back sample. A reading of SD under 5.00 in trim 'off' is considered to be heading well down in guard hair diameter. The SD is considerably higher due to the full micron range of the test sample.

Coolawarra / Storybook Alpacas— Committed to the entirety of the Alpaca, the sustainability of Australian Agriculture, and passionate about the development of genetically bred champions. We are excited to be part of this wonderful industry now and 'happily ever after!!!'.

Eaglewood Alpacas—Located at Murrumbateman and established since 2005. We aim to breed fine, well-grown alpacas that produce beautiful wool. Focus on whites & colours, especially greys. Eaglewood has enjoyed considerable success in the showring over the years. Recently added Sire 'Vista Del Nunca' to our herd —Supreme Champion Roan, 2017 Nationals.

Elsendale Alpacas— Small boutique stud established nearly 20 years ago which specialises in breeding quality coloured alpacas.

EP Cambridge Alpaca Stud— Est. 1993. Grown to become Australia's largest pedigree herd and a true international stud with operations in Europe and USA. Dedicated to the breeding of elite alpacas with next level fleece characteristics. We have recently imported some of the most renowned and pre-potent males available from America— worthy additions to our stable of industry sires. We offer advanced fleeced animals with generations of predictable, proven genetics in every colour.

Everlast Alpacas— Boutique Stud based in Bowning NSW, where a combination of great genetics allows us to produce high quality and well framed animals. We focus on providing a range of colours that carry well established genetics.

Faversham—Long term successful breeders of National Champion winning stock. They have always focused on their genetic lines that have the longevity of well nourished superfine fibre. Highlighted genetics within their herd that have made a significant impact include Faversham Armani and his son Faversham Broadway.

Forestglen Alpacas— Established for over 20 years, located near picturesque Millthorpe in the high county of the NSW Central Tablelands, and run by 3 generations of the Carey/Staples family. We focus on white and fawn fleece production and have won Sydney Royal Supreme Fleece 8 times (most recently in 2017). We have twice sold elite medium fawn huacaya in the AAA National Auction. Stock offered in the BCAA represent an ideal opportunity to obtain our unique bloodlines.

Goldleaf Alpacas—Grey, White, Quality. Goldleaf is focused on breeding quality grey or white huacaya alpaca. Although the stud's genetics are consistently awarded at a national level, Goldleaf continues to strive for further improvement with commercial fibre attributes at the heart of breeding decisions.

A Note From The Breeders...

Green Gully Alpacas—We started in 2005 and our love and fascination with these unique animals continues to grow. Our herd of 100 Huacayas thrives in the New England climate and we are proud of the quality of alpacas that we are producing and offering for sale. The ongoing health and wellbeing of our alpacas is most important to us, so we are very happy to provide ongoing advice and support.

Grey Gum Alpacas— Grey Gum Alpacas was established 20 years ago and has based its genetics on EP Cambridge Bloodlines. Our alpacas have great depth in their family tree.

Helmshore Manor Alpacas—Helmshore Manor has been breeding alpacas since 2002 and focus on breeding coloured alpacas that carry fineness, dense, crimped fleece exhibiting the 'whole package' using the highest quality genetics.

Jandarra Alpacas— A boutique award winning stud located at Pambula, south coast of NSW. Jandarra's show successes at the highest level come from a small herd of elite breeding females entwining Australia's best bloodlines.

Lillyfield Alpacas—Breeding Generations of Champions with long term fineness, commercial fibre length, great capacity & substance of bone. Focusing on fawns but excelling in breeding exceptional whites.

Mapa Alpacas— Established in 2016 and young to the industry. We run a Q alpaca herd in NSW using well known genetics from Australia wide. All Contacts regarding this auction are to be made to Brett @ Goldleaf Alpacas.

Marchmont Park— Marchmont Park has been breeding Huacayas for 13 years, both whites & colours. We have had success in the showing & endeavour to breed for quality fleece, correct conformation & sound temperament.

Monga Alpacas— Most successful fleece exhibitor Canberra, 3 years running. Now offering stock from our elite fleece genetics.

Patagonia Alpacas—Since 1996, our quest at Patagonia has been to breed to ultimate elite Australian alpaca. With alpaca fleece positioned as a luxury natural fibre, we realise the importance of focusing on the key attributes that reinforce this positioning—high lustre, softness and silky soft handle. In our breeding program we select for high fleece weights, strong crimp definition, ultra-soft handle, long fibre length and lustre. To further our path towards breeding elite Australian seedstock alpacas, we have invested significantly over the past few years in importing unique genetics from Snowmass Alpacas—arguably one of the best breeders in the United States. We now have progeny from both our 2015 and 2017 shipments and are very excited about the results we are getting from using our range of Snowmass males over our Celtic Triumph females.

Poet's Corner Alpacas— Established in 1994 in the heart of wine country - on the very old & well known Poet's Corner Vineyard, Mudgee. Glen & Tania's passion for producing excellent grapes for the wine industry, along with their farming background & knowledge within the fine wool industry, have led to a great passion and expertise in alpaca breeding. Using selective genetics and breeding elite, advanced alpacas.

A Note From The Breeders...

Rugosa Park— Established in 2006, we had the advantage of starting with already advanced breeding stock. We continue to carefully select for fine, dense, long stapled & robust alpacas suitable for commercial quality fleece production.

Signature Alpacas— 17 years of breeding predominantly white lines focused on low SD, length, uniformity defined crimp and fineness. These clean genetics on a correct frame remain for the life of the alpaca and are passed onto the next generation.

Towarri Alpacas—Established in 2004 in the Upper Hunter. Our aim through the SRS breeding program is to increase density, fibre length, and crimp definition which leads to low micron and higher fleece weights. We have achieved this by using sires such as Towarri Artic Star and Forestglen Battle Hymn, and have now purchased Glenhope Hugo who has a follicle density of 68. Our main lines are whites and light fawns but we also have an interest in breeding a small number of quality coloured animals.

Walkley Fields— Specialising in White & Fawn alpacas. In operation for almost a decade, Walkley Fields has carefully selected unique genetics to establish the core of our elite breeding herd. Our strategy is focused on the collection of scientific data, shearing results & establishing the pre-potency of traits for each individual animal. Situated at properties located at the foothills of the Blue Mountains & Meadow Flat, just west of the Great Dividing Range.

Windella Alpacas — Windella Alpacas, in collaboration with Goldleaf Alpacas, have a focus on fibre production of increasing quality whilst not losing purity of colour. This has assisted the development of the herd to produce quality coloured fleece for the commercial and artisan industry. Windella's breeding aim is one of quality alpaca producing high quality coloured fleece with an emphasis on the production of true-black.

Wyndarra Alpacas— Wyndarra Alpacas have been breeding for over 20 years; concentrating on white genetics & using SRS principals under the guidance of Jim Watts.
