SEMEN FERTILITY CERTIFICATE

This certifies that Bull ROCFP00813 was subject to and passed a semen test where % live, density & motility were assessed on Thursday 27th June 2019. However, as the morphology of the sperm was not extensively examined by an accredited morphology laboratory, this certificate does not relate to the examination of morphological abnormalities.

Yours Sincerely,

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.

Margaret Shedden
Technician
