SEMEN FERTILITY CERTIFICATE

This certifies that Bull ROCFN01221 was subject to and passed a semen test where % live, density & motility were assessed on Thursday 27th June 2019. However, as the morphology of the sperm was not extensively examined by an accredited morphology laboratory, this certificate does not relate to the examination of morphological abnormalities.

Yours Sincerely,

A handwritten signature in black ink, appearing to be 'Margaret Shedden', written in a cursive style.
