

WARRAGUNDI
BEEF CO.

ANNUAL PRODUCTION SALE

MONDAY 15TH JULY 2019

Welcome!

Welcome to our second annual production sale. The year has flown by and here we are again wishing for rain and with a new date for our sale we hope to see you on Monday July 15.

We are proud of the line of bulls on offer this year which have not had an ideal preparation for sale due to the drought. As well as having plenty of eye appeal the Breedplan data of this years bulls is consistent across the board.

All bulls on offer have undergone Poll Gene Testing.

This year we are offering 32 Sires and 12 Stud Heifers. Of the 32 stud sires we are delighted that 70% are Homozygous Polled.

All bulls have undergone Genomic Testing including

- SNP (Single Nucleotide Polymorphism) tested to Genomically enhance breeding prediction values.
- The results of these tests have been included into the 2019 catalogue EBV's.
- Testing for known genetic conditions
- All bulls have been sire identified

This year we have some extremely attractive Yalgoo Jet sons on offer, a range of powerful bulls by Couralie Kinsman and Couralie Kristofferson, both sons of the great Days Calibre , sons of Days Wizard and three outstanding sons of the great Allendale Anzac E114 as well as a full ET Brother to Johnny Reb (Sire of Minnesota) 70% of those sires on offer are twice the breed average for Marbling, whilst 33% of the draft are in the top 10% for EMA and 58% of the draft are in the top 20% for EMA.

The bulls ran on a forage sorghum crop over summer until the dry conditions forced us to move them onto hay and a pellet ration and then onto a light grain ration. Moderate rain in March allowed us to plant oats for the bulls. Unfortunately follow up rain was slow coming and we were only able to put them on crop in late May.

This year was the first year in 8 years that we were not represented at the Sydney Royal Easter show given the difficult dry circumstances we were forced to withdraw our team. We hope to be back in 2020.

PRE SALE INSPECTIONS CAN BE ARRANGED BY CONTACTING DEB OR MATT

PREFACE

This is our second annual production sale to be conducted at "Warragundi West" Currabubula. Inspection of all sale bulls will commence at 9.30am Monday 15th July. Sale commences 1.30pm.

INSPECTION

We encourage buyers to inspect our cattle prior to the sale. This enables us to discuss and share our knowledge of the bulls and genetics we are offering and what may suit your operation. We can arrange for pre-sale inspections at any stage leading up to the sale. Please contact Deb 0429659385, Matt 0498687608

LIABILITY

Most of our poll Hereford sale bulls have been broken in and all have been handled extensively. Under normal conditions on our farm they are very quiet to handle. Being put on display and having strange people enter the pens creates an unusual atmosphere for these bulls. We ask people to exercise caution and common sense in this regard. Attendance at our sale is at your own risk. Children must not enter bull pens under any circumstances. No responsibility will be accepted by the Kelley family or its employees or agents for accidents that occur on our property.

DISCLAIMER

While care is taken to ensure accuracy of information in this catalogue at time of publication no responsibility will be accepted by us for any errors or omissions. Buyers rely solely on their own enquiries when buying our cattle

TERMS AND CONDITIONS FOR SALE

As displayed on sale day

AGENTS REBATE

We offer outside agents 2% when they introduce buyers in writing to Elders or DCCO/Ruralco at least 24 hours prior to the sale and attend on sale day.

TRANSPORT

Delivery can be given at the completion of the sale. We can arrange delivery within NSW and Southern Queensland. All care, but no responsibility, will be taken in delivery.

SUPPLEMENTARY DETAILS AND GENE TESTING

All sale bulls were EMA, Fat scanned and scrotal circumference measured in January 2018 by Paul Kenney. All results were submitted to Breedplan. An updated supplementary sheet including Average Daily weight gain and actual weights will be provided the week prior to sale day.

All sale bulls have been semen tested.

VETERINARY

- All bulls have been tail hair tested for Pesti virus and all bulls offered have tested negative
- All sale bulls have been Pesti Virus vaccinated twice. All stud males and females are pesti vaccinated on an annual basis with regular testing undertaken
- All bulls have been treated three times with 7 in 1.
- All bulls have been vaccinated with Vibromax twice
- Warragundi is a J-Bas 7 accredited herd and have undertaken testing on 50 of our oldest animals prior to June 30 to comply with this requirement.

ACCOMMODATION AND TRANSPORT

There is excellent accommodation at the Currabubula Hotel and the nearby Tamworth Powerhouse Hotel. Warragundi have negotiated preferential rates. We can book for you or you can book but be sure to say that you are attending the Warragundi Bull sale. Transport from Tamworth and Tamworth airport can be arranged.

MSA ROYALTY SCHEME

When selecting a sire we are focused on many factors. Eye appeal, correctness of confirmation, muscling, cosmetics, eye set, fat cover and distribution just to name a few things. We then look at the performance data that backs up the bulls phenotype to assist us in making a decision. Our involvement in the Wagyu breed has really sharpened our focus to the assessment of carcasses by our bulls and this is critical in particular for the Wagyu breed due to the sheer cost of having animals on feed for 400 days and the difference between a marble score of 5 and a marble score of 8 can be dramatic to the financial returns for that animal.

As a breed we really need to focus on the assessment of carcasses by our Sires and the Bin Cohort program is a great program for these reasons. Another AI sire we are using this year has been part of the Cohort programme and the carcass results from progeny of this sire support and strengthen his EBV figures and the more importantly the accuracy of those figures. This in our opinion makes him a Super sire whilst also highlighting how crucial it is to our breed to have carcass kill data.

It is on this basis that we again this year would like to offer an MSA Royalty with certain sires that we believe can make a difference in the breed. For bulls noted as MSA Royalty eligible Warragundi will pay a \$5 royalty for each MSA Carcass feedback per progeny of the respective Warragundi Sire. For example if you sell 100 steers into the MSA system by Lot 1 in our sale we will pay \$500 for that MSA Feedback pertaining to lot 1's progeny. Please don't hesitate to contact us to discuss this further.

PROGENY BUYBACK

The Warragundi program goes way beyond simply selling bulls. In 2017 our commercial operation turned over 980 commercial heifers. We are hoping seasons revert to normal to enable us to repeat this. Purchasing back progeny by our bulls is of high interest to our commercial operation. This enables us to performance record these animals through the MSA system or to join and on sell mated heifers. Please do not hesitate to discuss the commercial aspects of our operation with ourselves or Luke Scicluna.

BREEDPLAN

We have been performance recording within our herd on a comprehensive basis since our studs inception. We have a 4 star rating for herd completeness under the breedplan system. We record data across our whole herd on an ongoing basis so you can be assured there is strength in the data we submit to breedplan.. For more information on Breedplan, please see www.breedplan.une.edu.au

Breed Avg. EBV's for 2017 Born calves														
	BW	200	400	600	MCW	MILK	SS	D TO CALV	CW	EMA	RIB	RUMP	RBY	IMF

AFTER SALES SERVICE

We are seeking to build relationships within the beef industry that goes well beyond simply selling a bull. We plan to achieve this commercial interaction through our Progeny buyback scheme and our MSA Royalty program. We are here to assist in any way we can post purchase of your bull.

GST

GST will be added to the purchase price at the fall of the auctioneers hammer. You will be invoiced the purchase price + GST.

SYDNEY ROYAL SHOW

Hereford nabs Urquhart

Kelleys take holy grail of beef show

By **VERON GRAMAM**

THE Kelley family from Carraboola in south-west NSW have won the holy grail of the Sydney Royal beef show, the coveted Urquhart Trophy, with their outstanding young Hereford bull, Warragundi Minnesota. Warragundi Minnesota was crowned champion beef bull of the 2018 Sydney Royal Beef Show after dominating the 2018 show with his Hereford judging and then showcasing the bull and female champions from all the other beef breeds.

Del, Alan and Matt Kelley, Warragundi Beef Company, Carraboola, NSW, with the 2018 Sydney Royal Urquhart Trophy, Warragundi Minnesota, a 1000kg Hereford bull.

Chew Vernon, Matt Hird, named the interested showgoers. Hereford, Myanga Lady Louise, purchased by Scott Myers, Matt Vito, with Samantha Kennedy judging the calf.

They paid no heed with Minnesota as well as selling as much as their offer for sale on property in August.

Mr Kelley said they had a high opinion of Minnesota from the time he was a calf.

"We thought he was pretty special," he said.

Minnesota was sold by a Hereford bull, Warragundi Johnny Bull II, for \$600,000. The champion bull finished the Sydney Royal in 2012.

Mr Kelley said winning the Urquhart was "an incredible honour".

"There were three great judges and three top quality calves like a bull."

At the \$1.2 million price Mr Kelley said he couldn't afford to cover the cost of selling at the show.

"I love doing this job and it's very good for my family."

The 44-year-old who has sold 1000 cattle a year said he had the cow.
