Certificate of Examination

On the 7th March 2019 I examined a Wagyu bull, TBR N126, for Mr & Mrs J Anderson at "Newstead" Mullaley, NSW.

The bull's dentition was rising two teeth

Structural Soundness – feet, legs, joints and gait were all assessed and found to be within normal limits

The testes were thoroughly palpated and scored for tone and consistency and the scrotal circumference was measured at 29cm

Internal genitalia were palpated with no abnormalities detected

This bull passed a soundness examination

Sincerely,

Christopher Hallett BSc BVSc
