Semen Quality and Penile Visual Analysis

Date: 4-09-2019
Stud: Lisheen Wagyu
Owner: G. Neal

Bull ID: **P6**

The semen from the above bull was evaluated microscopically and has found to meet the required standards for progressive motility, concentration, morphology and percentage of live sperm. The bull achieved normal erection with no evidence of injury.

Note to purchaser:

- Confirm correct **technique and thrust** when bull is first in service
- Manage risk through **bull rotation** where possible

Technician: Rob Aldridge
