

**Welcome to our ...
18th Annual on Property Ram Sale**

BUNGULLA MERINOS

The Bungulla Merino Stud was founded in April 1972 by Geoff and Enid Capel at Bungulla, Mudgee, NSW. The Stud was moved to "Calool" Manilla in January 1974. The main emphasis has always been on breeding sheep with good constitution, carrying soft, stylish, well nourished wool that will thrive in all conditions from the high rainfall areas to pastoral areas, as well as recognising carcass traits for heavier early maturing sheep.

Meticulous care has always been taken in the selection of this type of sheep over the years to ensure a sound genetic base that would always breed on.

For the past 20 years the mixed age ewe flock has averaged 7.6 kg of 20 micron wool, while the average percentage for lambs produced from ewes joined has been 97%.

Joint agents Elders Limited & Schute Bell Badgery Lumby will conduct the Sale.

GENERAL INFORMATION

DELIVERY

Should rams have to await transport, or you wish to have transport arranged, please indicate this on your Buyer's Instruction Slip included at the back of this catalogue.

HEALTH

All rams have been multiple vaccinated 6 in 1 and scabby mouth vaccinated at tailing time. Teeth, feet and reproductive systems have all been checked.

Bungulla is Footrot free, Brucellosis accredited and participates in the National Johne's Program MN3.

DATE OF BIRTH
