Email: info@fairviewpolwarths.com.au

www.fairviewpolwarths.com.au

Fairview Polwarths is located on loamy undulating country 14km south-east of Colac where the average annual rainfall is 900mm.

Greg, Kaye and Sam Potter run 950 Polwarth ewes in a stud and commercial wool/fat lamb operation. Approximately one third of ewes are selected for the stud, based on wool quality and conformation traits. These ewes are mated to stud Polwarth rams, while the remaining ewes are joined to White Suffolk rams.

Ewes lamb in June/July with lambs weaned at 14-16 weeks. The flock is shorn in December and lambs are fattened on a summer crop before being sold in March/April.

The flock is classed in November each year by Ken Arnold of Tasmania.

HISTORY

The stud was registered with the Polwarth Sheep Breeders Association of Australia in 2000 following the purchase of ewes and rams from Sazli, flock number 256. Fairview is registered flock number 700 in the Polwarth Sheep Breeders Association of Australia stud book.

From 2003-2009 rams purchased from the successful Mt Alma (flock number 294, SA) stud injected size and improved the frame of ewes who are now robust and upstanding. Between 2011 and 2016, the use of Homeleigh (flock number 213, Heathcote, VIC) rams increased wool quality and density in the flock. A line of Coree (flock number 165, NSW) ewes purchased in 2013 and Homeleigh ewes purchased in 2016 have added further breadth and depth to the genetics of the flock.

In January 2019, Fairview Polwarths purchased the Rendlesham stud (registered flock number 523) from Tasmania. The stud has continued in its own right as Rendlesham at Fairview (registered flock number 709). A further 300 Rendlesham ewe lambs were purchased in January 2020.

PERFORMANCE RECORDING

To work towards our objectives efficiently, animals are individually recorded on Sapien Technology Kool Collect software where the following information is recorded:

- Electronic identification
- Pedigree
- Health treatments
- Weight gain
- Wool & Carcase Measurements
- Breeding Performance

OUR AIMS

Breeding objectives for the next 7 years are for all ewes to achieve:

- Body weight of 55-65kg
- Micron range of 21-22 micron
- Skirted greasy fleece weight of 4.5-5.5kg
- Increase eye muscle diameter and fat depth by a minimum of 15 per cent

HEALTH INFORMATION

- Non mulesed
- OJD Vaccination since 2010
- Glanvac 6 in 1 (annually)
- Scabigard
- Brucellosis Accredited No. 3421
- Sheep are paddock reared

HIGHLIGHTS FOR FAIRVIEW

2017 AUSTRALIAN SHEEP & WOOL SHOW

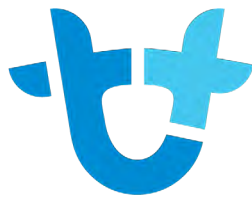

- Supreme Champion Polwarth

2018 AUSTRALIAN SHEEP & WOOL SHOW

- Junior & Reserve Junior Champion Ram
- Senior & Grand Champion Tam
- Reserve Junior Champion Ewe
- Supreme Champion Polwarth
- Most Successful Exhibitor

2019 AUSTRALIAN SHEEP & WOOL SHOW

- Reserve Senior Champion Ram
- Reserve Junior Champion Ram
- Ram with Best Head

AuctionsPlus

How to Register and Bid on AuctionsPlus

1

Go to www.auctionsplus.com.au to register at least 48 hours before the sale.

2

Select “**Sign Up**” in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select “**Dashboard**” and then select “**Request Approval to Buy**”.

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

For more information please contact us on:

Phone: (02) 9262 4222

Email: info@auctionsplus.com.au

SIRE REFERENCE

FAIRVIEW HAMILTON

Hamilton was a solid medium sized ram who was structurally correct. He had a white, bold, stylish staple of medium length and impressive density of fleece that has become a feature of his progeny.

FAIRVIEW WHITE 191

A direct descendant of the Mt Alma stud in South Australia, White 191 was a medium sized ram who was structurally correct. He had very white soft fine wool with good length of staple. These characteristics are evident in his progeny.

FAIRVIEW 16084 - HARRY

Harry won Supreme Champion Polwarth at the Australian Sheep and Wool Show in July 2017 when he was only 13 months old. A medium sized ram of 90kg with an excellent body weight to fleece weight ratio. Harry is a solid sire who stands squarely. He has dense stylish well-nourished white wool. His stockier frame and wool characteristics are clearly visible in his progeny.

FAIRVIEW 16097 - HENRY

Henry won Supreme Champion Polwarth at the Australian Sheep and Wool Show in July 2018. He is a medium sized ram of 95kg whose body weight to fleece weight ratio is impressive. Henry is a long-

bodied ram with good depth of barrel and is well covered from head to toe with excellent belly wool. He has a beautiful, soft, broad muzzle showing great masculinity. Henry's fleece has a long white bold stylish staple.

FAIRVIEW 17134 - MARCUS 3

From the Homeleigh stud at Heathcote in Victoria, our Marcus bloodline consistently throw tall upstanding sheep who are plain bodied and cleaner on the points making them an easy-care animal. Their wool is soft and white, has good character and a high comfort factor.

RENDLESHAM

From Tasmania, the Rendlesham sheep are medium sized, compact framed animals. They either have a dense blocky staple with excellent compression qualities or a long staple of white stylish wool – two different lines which are sought after by woolen mills.

SALE DETAILS

OUTSIDE AGENT REBATE

A 2% rebate will be offered to outside agents if a prospective buyer is introduced to the vendor prior to the sale.
