SALE INFORMATION

How the Sale will Run

Michael Glasser from GTSM Marketing will be running the Auction via Auctions Plus. It will be a sequential sale where only one lot will be offered for sale at a time.

Delivery

Kurra-Wirra will incur all costs to deliver the bulls to Dubbo and Roma. Any cost to get bulls from Roma or Dubbo will be at the purchasers' expense. Contact James Lilburne for further information if required.

Guarantee

As the sale is being run via Auctions Plus, unfortunately you won't be able to do the structural assessment yourself. In saying that, Kurra-Wirra guarantees the structural soundness and fertility of all bulls sold for 12 months. The guarantee is that if a bull should prove to be infertile or breaks down, for reasons other than injury, misadventure, disease, mismanagement or negligence, the vendor will provide you with a satisfactory replacement, if available, or issue a credit equal to the

purchase price minus the salvage value. The credit may be used to purchase an animal at a future Kurra-Wirra Sale. Contact James Lilburne for further information.

Fertility

Every sale bull has passed a thorough fertility examination. This assessment includes full a semen morphology test, palpation of the reproductive organs which includes inspection of penis for warts and abnormalities. Scrotal circumferences is also measured. These examinations have been taken by Rural Vets and Nationwide AB.

Health of Bulls

All bulls have been vaccinated with Botulism x 2 doses, 7 in 1 x 2 doses, Vibrio x 2 doses, BEF (three day sickness) x 2 doses, Pestiguard x 2 doses, Trivalent Tick Fever (Blooded)
