

Leamington Corriedales

YORK PLAINS - TASMANIA

OPEN DAY
FRIDAY 20th NOVEMBER 2020
11.00am - 3.00pm

Our Story

Leamington Corriedales was established in 2011 with the backing of a highly successful commercial flock dating back more than 75 years.

The aim of the stud is to offer producers quality genetics with a view to maximise production, performance and profitability.

Leamington Corriedales strives to showcase the dual-purpose ability of the Corriedale breed with high yielding mid micron wool (flock average 26.3) and turning off export weight lambs.

The stud joined **Lambplan** in 2018 and is now proud to offer clients a select group of 26 2019 drop rams. These rams are a great reflection of our breeding objectives and are 100 percent paddock raised.

TO PRODUCE HIGHLY PRODUCTIVE, PROFITABLE SHEEP THAT OFFER SUPERIOR GENETICS BACKED BY AN INDUSTRY LEADING SELF-REPLACING COMMERCIAL FLOCK.
