When you add length of body and refinement of shoulder to cattle their ability to walk is also improved. Appreciate just how smooth a mover P144 is. We also love the "polish" P144 has on his coat. A half brother to P144, N107, sold in 2019 to the Bouchier family for \$16,000. Please be aware that P144 is a RED GENE CARRIER.

Another K233 son. Again, a massive head with extra muscularity. H688, dam of P023, is a very good cow. She combines type, structure and productivity. Her only other son sold in 2016 sale for \$6,000.
