This catalogue is available on-line at www.angusaustralia.com.au and www.danceangus.com

Please bring this catalogue with you to the sale.

Buyers must register prior to the sale.

Sale will be interfaced with Auctions Plus live video feed - There is good mobile service at the sales complex for telephone bidding.

Disclaimer: Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may have occurred.

Notice to Buyers

All lots will be sold subject to the terms and conditions governing the New South Wales auction sales. Property Identification Code and request for stud transfer of animals must be notified in writing on the buyer instruction slip with agent Colin Say & Co. There is no obligation for commercial buyers to transfer their purchased animals. Our property "Carribber" is EU accredited with an EU National Vendor Declaration available for NLIS transfer.

Junior Discount

A 5% discount will be applied to all junior members if they pre-register by phoning the Colin Say & Co office on (02) 6732 1266 by Monday 23rd March.

Delivery & Transport

No cattle will be transported until Monday the 30th March.

Dance Angus recommends using Jones Transport, Glen Innes. Aaron Jones will be present on sale day co-ordinating deliveries.

Any enquiries regarding freight please don't hesitate to contact Aaron Jones – 0438 307 351. All care will be provided; however, no responsibility is taken during delivery.

Insurance

Buyers are responsible for the insurance of animals against injury and death from the fall of the hammer. Insurance is available on sale day with Colin Say & Co. For insurance information prior to Sale Day, please contact the Colin Say & Co office on (02) 6732 1266.

Herd Health

All females have been vaccinated with Pestiguard and treated with a Multimin injection and Demise pour-on. All calves have been vaccinated with Pilliguard, twice for 7 in 1 and given a Baycox drench. Our herd is classified J-Bas 6 and animals are therefore eligible for transport to all states except for WA.

Warranty

As this sale represents the conclusion of the Dance Angus Female Herd all cattle are being sold in good faith without guarantee or warranty.

Welcome to our Complete Female Dispersal

What a change to the start of the year! Hopefully there has been good soaking rain in your area to kick start your recovery from a terrible dry spell. We have been breeding stud cattle since 1963 and Angus cattle since 1995 and we think the time is right to move on to a new venture. We will be completely dispersing our female Angus herd in what we believe to be a genuine opportunity for breeders to secure some wonderful bloodlines that have served us well for many years. This Dance Angus herd of cows have proven their worth by excelling under recent difficult conditions and it is our pleasure to present them in their current condition after a tremendous break to the season.

The Federation line of females have been included as feature lots in the sale (Lots 15 – 34) and have become the cornerstone of our herd. We have come to respect the foundation female, Z13, so much that, contrary to protocol, we have gone back through our records and renamed all the females in her line. The Emperor flush daughters out of Z13 have bred extremely well and are equally impressive in the flesh. There are also a number of tremendous Federation females from the Autumn herd none more so than J101 (Lot 27) and her daughter N22 (Lot 28).

The calves on the Spring cows will be 6 – 7 months of age at sale time and are really starting to bloom. Spring calves are by Sires including GAR Drive, JMB Traction, Dance Emperor J198, Carabar Docklands L33, Connealy Comrade, and Trowbridge Powertool.

The Spring calving cows and calves are extremely productive, three in one units with preg test data to be made available on sale day. AI sires used in the Spring program include Dance Kingdom N42, Trowbridge Powertool and Dance Emperor J198. Likewise, the Spring 'P' heifers will be preg tested in February and were joined to Dance Consensus N123, an outstanding Consensus J204 son from the illustrious Federation female line. These heifers, along with the Autumn unjoined heifers, represent a golden opportunity for young breeders wanting to get into the stud industry.

The cows and 'P' heifers from the Autumn calving herd look tremendous at present, and have just started calving (18th February). Sires of the calves include GAR Drive, Carabar Docklands L33, Trowbridge Powertool and Dance Comrade L4.

Don't overlook the ET heifer calves Lots 32-34, they are little gems out of Dance Federation J200 (a lovely Te Mania Emperor E343 daughter out of Z13) and Dance Admiral G59 (Lot 25), an A2 daughter out of the same super dam Z13. Another donor cow whose progeny have performed well is Dance Equator E373 (Lot 99) a Wilsons Downs Equator daughter out of a High Grade Z440 cow. Twin embryo daughters out of E373 sell at lots 157 and 158.

We have decided to hold on to our bulls at this stage to allow them to grow out to their full potential and will be offered for sale later in the year.

The cattle will be available for inspection from 10am – 4pm on Wednesday the 25th March and early on sale day with bidding to get underway at 10am on Thursday 26th March. If you require an inspection prior to those dates contact David on 0407 889 125. We sincerely hope you have every success with the females you buy.

Regards David, Christine and Fergus.

Traits Observed: GL,BWT,200WT - Lot Notes: Calf died by unknown circumstances. We have been very impressed with the way these Temania Berkley daughters have bred. The Sire of Temania Emperor E343, Berkley has produced some fantastic cattle that are renowned for calving ease and marbling among many other traits. His daughters are very refined up front but have plenty of thickness and depth to them too. J219 has conceived first cycle to AI for all 5 of her calves, one of which was the top priced bull from our 2019 Bull Sale N130 (pictured).

Traits Observed: GL,BWT,200WT - Lot Notes: Heifer calf by Carabar Docklands L33, Q109, born 30/8/19. Lovely, large framed Berkley daughter with the great cow breeder, Henry Z1584, in her pedigree. Her last son by Millah Murrh Kingdom sold in our 2019 Bull Sale and was an extremely thick, robust individual.

Purchaser..... \$.....

Federation Female Line

Double D New Design V1035 Z13 is arguably the best cow we have bred. She had 23 progeny recorded, many of which have topped bull sales time and time again. Her daughters have bred on to continue her legacy and have cemented their place among the elite of our herd. Z13 and her progeny have had such an impact at Dance Angus that she caused us to rethink our naming philosophy, with all her daughters taking the female name of her dam "Federation". The flush to Te Mania Emperor has been our most successful flush ever with 8 beautiful females (5 of which are offered in this sale) and 5 big powerful, robust bulls, 4 of which have been used by stud breeders. Her daughter G59, granddaughter J101 and great granddaughter N22 are also feature lots in this sale.

Double D New Design V1035 Z13 (Federation)

**Note: Due to her exceptional performance, we recently had Z13 tested for genomics under the HD50K program and as a result her growth figures have improved markedly. This may not be evident in the comments section of each lot.*

Son of Z13 "Dance Direction W109 D4"

Traits Observed: GL,BWT,200WT - **Lot Notes:** Bull calf by Trowbridge BBB Powertool L11 at foot, Q179, born 23/10/19. Big framed, highly productive Z13 daughter by growth and carcass powerhouse Ardrossan Admiral A2. G59 continues to breed high performance cattle with 9 progeny recorded to date, including our very best Autumn born cow J101 (Lot 27) as her 1st calf. She also has 3 ET calves recorded from a flush to Millah Murrah Kingdom, one of which sells at Lot 32 (Q185). She is currently nursing a wonderful Powertool calf that was born slightly later in the Spring as a result of fitting in with his dam's ET commitments.

Traits Observed: GL,BWT,200WT - **Lot Notes:** Af'd to GAR Drive 1/6/19 then running with Trowbridge BBB Powertool L11. Hands down the best Autumn cow we have bred, J101 is a truly magnificent female. She has tremendous thickness and depth and typical of the Federation females, holds her condition extremely well in tough times. Her first calf Dance Comrade L4 has been used extensively in our herd with great success due to his ability to sire light calves that grow quickly and are heavily muscled. She is also the dam of M12 (Lot 21) and N22 (Lot 28) and her last two bull calves have been among the top of their groups. Her performance data is equally impressive, placing within the top 10% of the breed for all growth traits and Retail Beef Yield % whilst maintaining moderate birth weight and high calving ease.

Traits Observed: BWT - **Lot Notes:** Bull calf by JMB Traction at foot, Q108, born 24/8/19. This cow and calf outfit is very appealing, the Traction bull calf on F227 is one of the best in the sale and his mother is a big, powerful, productive Lawsons Tank daughter with plenty of runs on the board. Not to mention her impressive numbers, particularly for growth and carcass. Her daughter N62 by Millah Murrah Loch Up is well worth a look at Lot 56.

Traits Observed: BWT - **Lot Notes:** Bull calf by Dance Federation M101 at foot, Q112, born 4/9/19. Very easy doing cow that has held her condition extremely well in the dry conditions. Her EBVs are undervalued as her sire was unable to be parent verified. Her progeny have continued to impress with her daughter by Waitara Federal, M103 one of the picks of the "M" drop. She sells as Lot 87. Please note pedigree will not be available online as Sire cannot be verified

Traits Observed: GL,BWT,200WT - Lot Notes: Bull calf by Connealy Comrade 1385 at foot, Q76, born 11/8/19. Very similar pedigree to Lot 50, however, with the inclusion of Gridmaker in the bottom of her pedigree. N50 has a tonne of growth without blowing out too much for birth and boasts powerful numbers for carcass yield.

Traits Observed: GL,BWT,200WT,600WT - Lot Notes: Bull calf by GAR Drive at foot, Q130, born 9/9/19. The Connealy Shrek daughters have bred very well for us with many producing sale quality bulls on their first calf. K212 has bred some very good cattle in her short 5 years including N51 pictured 2019 bull sale. Great spread of numbers on this cow, low birth with plenty of growth and solid carcase data. We need to be careful when comparing EBVs on older cows to the average of cattle born in 2018. Many of these cows rank very highly for multiple traits when compared to their respective year groups.

Traits Observed: GL,BWT,200WT - **Lot Notes:** Due to calve on 29/5/2020 to Trowbridge BBB Powertool L11. One of our best Autumn cows to sell with off the charts growth and carcass, particularly for the "G" year. She is a very powerful A2 daughter, that throws progeny with a tonne of growth and muscle. Her son by Powertool, P36, (pictured) was an absolute standout in his Autumn group. Her grandam Lawsons Rockn D Ambush was prized by Lawsons Angus as a prolific donor dam that bred some beautiful females.

Traits Observed: BWT,200WT - **Lot Notes:** Dance Angus was the losing bidder on Carabar Docklands L36 who sold for a QLD price record for an Angus bull in 2017. We bought a half brother at the same sale in Carabar Docklands L33. The L36 progeny are very impressive and his sons are possibly the pick of our 2018 drop of Spring bulls. They are extremely correct, well balanced cattle with plenty of hindquarter depth and thickness.

Traits Observed: BWT,600WT,SC,Scan(EMA,Rib,Rump,IMF),Genomics - **Lot Notes:** A tremendously easy doing individual with one of the straightest top lines we have seen in an Angus Bull. He is smooth through the shoulders and as a big bull, he moves like a cat. His progeny have impressed, with his first bulls to sell in Spring looking the goods. The line of his Spring 'P' daughters in this sale are equally impressive and his exceptional EBVs for growth and fertility, place him in the top 4% of the breed for 600 Day Weight and the top 8% for Scrotal Size. L33 has been used as a back-up Sire for Lots 1-14,16,17,21 & 35-49.

Traits Observed: GL,BWT,200WT,400WT(x2),600WT,SC,Scan(EMA,Rib,Rump,IMF),Genomics - **Lot Notes:** A very impressive bull out of Federation daughter L74 (Lot 26) who is a ball of muscle. He sits in the top 9% of the breed for EMA and the top 2% for Retail Beef Yield. He is a double cross of the Federation foundation female Z13 being by Dance Consensus J204 who won Junior Champion Bull at Beef 2015 in Rockhampton. N123 has been used as a joining sire for the maiden 'P' Spring heifers lots 29,31 & 138-156.
