

# *All Colours Alpaca Auction*

*inc. El Prado Grey and Black  
Huacaya Herd Dispersal*

**Sunday 5th April, 2020**

**12 Noon, On Site**

***El Prado Alpacas***

**301 Toms Gully Rd**

**Black Mountain, NSW**

## Information for Buyers

**AUCTION START:** 12.00pm Sunday 5th April

**INSPECTIONS:** From 9.00am on Sale day.

**REGISTRATIONS AND TERMS OF PAYMENT:** All prospective buyers must register at the *Nutrien Livestock Buyer Registration Office* on site prior to auction. Terms of payment are strictly cash/EFT at time of purchase in accordance with the conditions of sale. Bank or approved cheques accepted on prior arrangement. For further information contact Wilson Beer on 0428 505 520.

**TRANSPORT:** Buyers should make their own transport arrangements prior to the auction. Transport will be available through *Tumi Alpacas* (Rohan Dalgleish mob. 0427 602 773).

**DELIVERY:** Will be at the conclusion of the sale. Those animals purchased through phone bidding or through *AuctionsPlus* can remain on farm for up to 2 weeks post auction so that buyers can arrange transport.

**INSURANCE:** Purchasers should organise their own insurance if required.

**HEALTH:** All *El Prado* alpacas offered at this auction are Q Alpaca: 15/0456.

**AAA TRANSFERS:** All animal transfers with the AAA will be at the purchaser's cost.

**STATE HEALTH PROTOCOL:** Purchasers, please ensure that you are aware of the necessary State Health Protocol required at the destination of your purchase.

**TERMS AND CONDITIONS:** All stock is offered under standard terms and conditions. These are available from the auctioneers and are displayed around the Auction sale venue. GST will be charged on top of bid price e.g. \$1500 + \$150 GST.

### **BUYING ORDERS, TELEPHONE BIDDING, ON-LINE VIA AUCTIONSPLUS**

**BIDDING:** There are three ways to bid: *Live* (in Person), Phone, or *Online* via *AuctionsPlus*. Buying orders can be placed with *Nutrien Livestock* personnel who will be in attendance on auction day. Telephone bidding, both national and international, will be available on the day and should be arranged by Thursday 2nd April. Phone Wilson Beer 0428 505 520. To bid online via *AuctionsPlus* you MUST pre-register by Thursday 2nd April at the latest. Follow these instructions:

- Go to [www.auctionsplus.com.au](http://www.auctionsplus.com.au) and click 'signup'
- Enter your info and confirm your email address
- Head to your dashboard to request approval to buy and sell

**CATALOGUES:** All details in this catalogue are provided by the vendors, and whilst all care has been taken in their preparation, *Nutrien Livestock* accepts no responsibility for errors or misdescriptions herein.

**Vendors: Paul & Deanne Thibault**

**Mob: 0414 635 775**

## How to Get to El Prado Alpacas by Road

El Prado Alpacas is located about 7 hours drive north of Sydney. Travel up the M1 Expressway to the Newcastle Interchange. Take the Hunter Expressway to Singleton. Continue along the New England Highway. After taking the Armidale bypass, the highway steadily climbs to Black Mountain. Turn left immediately after the BP Roadhouse on top of the mountain and proceed along Black Mountain Road to the village of Black Mountain (3kms), then across the old railway line to continue along Toms Gully Road.

El Prado Alpacas is located 3km from Black Mountain village, ie 6km west of the New England Highway.

El Prado Alpacas is also about 7 hours drive from Brisbane via the Cunningham and New England Highways.

---

### *El Prado Alpacas was established by*

*Paul and Deanne Thibault in 2002.*

Since that time, we have concentrated on breeding quality suri and huacaya alpacas with an emphasis on conformation and fineness of fleece. Our specific focus has been on suris (mainly white and fawn) and black and grey huacayas. Four years ago, we moved from a 100-acre property in the Hunter Valley to a smaller property of 27 acres in the New England high country of Black Mountain. At 1,350m altitude, we believe it is the highest alpaca farm in Australia. Certainly, the conditions favour alpaca breeding particularly regarding health and wellness of the alpacas.

However, we are feeling the effects of age, and it has come time to make the difficult decision to hold a complete dispersal sale of our entire active herd. This follows the dispersal sale of our elite suri herd last year. This dispersal sale will include our grey huacaya line that we have developed over the past 18 years. There are also many quality black huacaya for sale as well as a few remaining suri that were not sold at last year's auction. A handful of quality white huacaya females are also available. Due to the severe, and prolonged recent drought experienced by virtually every alpaca breeder on the east coast of Australia, we have not performed any matings in the past 12 months,

so all females are presented open ready for mating to the male of your choice.

One of our prime objectives with the grey herd was to produce consistent uniform colour with minimal spots on a correct, classic huacaya conformation. To do this we have generally bred quality greys to the best recessive blacks (true blacks) that we could source. As a result, all the greys have an even colour and buyers can be assured of consistent grey colour being achieved with future breeding, especially if the formula of breeding grey to black and black to grey is adhered to. (50% of these mating will be grey and the other 50% should be solid black). In addition, there is little colour contamination in the blacks for sale and black huacaya breeders will have the opportunity of obtaining some quality black genetics in this auction.

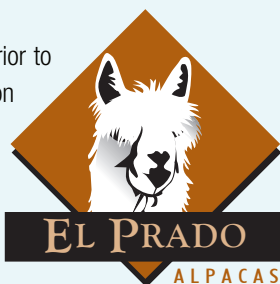

There are 47 alpaca lots available with most being unreserved. There are two lots (certified grey males) which are part-owned with other breeders, and these lots (Lot 37 and Lot 38) have sensible reserves.

The conclusion of the auction will feature the sale of various accessory items and machinery that have been part of our alpaca farm over the past 18 years. Some great bargains should be achieved.

As with last year's sale, this auction will be run in conjunction with *AuctionsPlus* and the normal rules and requirements of *AuctionsPlus* will apply. When assessing the microns and other fleece statistics provided please keep in mind that all animals are in good condition and receive additional feeding supplements as required from time to time. Where available both the fleece stats of the first and most recent fleece are given. In addition, the most recent skirted saddle weight of the huacayas is also listed. Awards achieved by the numerous show alpacas in the auction are given where we have been able to remember them!

If you have any questions or queries prior to the auction feel free to contact Paul on 0414 635 775. We trust that your purchases will complement and lead to improvement in your herds.

*Paul and Deanne Thibault*

## Lot 1 El Prado Sonia

Medium Grey Female

Sire: EL PRADO SPARTICUS (SBK)  
COONAWARRA GLADIATOR (SBB)  
ALPACASPECIALIST CLASSY LADY ET (SBK)
