## 47<sup>th</sup> Annual Sale

---

MASSIVE  
**2 DAY**  
**SALE**

**Bull Sale  
& Gala  
Dinner**

Monday 23 March

**Ladies  
Day @  
Mawarra**

Tuesday 24 March

---

[www.mawarragenetics.com.au](http://www.mawarragenetics.com.au)

**\$24,000 Mawarra Real Time N038 to Tenaru Poll Herefords**

L-R: Logan, Peter, Taylah, Deanne, Brandon, Brittany and Helen Sykes (seated).

**2019 Sales review: 66 bulls sold at auction to \$40,000, averaging \$7,450.**

Sales include the Mawarra 46<sup>th</sup> Annual Sale and the 54<sup>th</sup> Herefords Australia National Show & Sale (Wodonga).

**Mawarra Rhinestone N108**

\$40,000 Yarram Park Herefords.

**Mawarra Glory N159**

\$14,000 Amos Vale Herefords.

**Volume Buyers for 2019**

**McKoy & Son, Holbrook, NSW.**

2 bulls \$14,000 each

**A Trethowan, Woomargama, NSW.**

3 bulls averaged \$11,000

**G T Farmer, Ensay, Vic.**

2 bulls \$4,000 each

**D & J Ingram, Bonang, Vic.**

2 bulls averaged \$7,500, 1 heifer \$3,000

**Milroy Pastoral, Byaduk, Vic.**

2 bulls \$4,000 each, 1 heifer \$3,000

**M Wiemann, Hill End, Vic.**

3 bulls \$4,000 each

**Tarcoola Herefords, Casterton, Vic.**

2 bulls averaged \$11,000

**G & E Moutray, Codrington, Vic.**

2 bulls averaged \$4,500

**Batty/Valentine, Swifts Creek, Vic.**

2 bulls averaged \$5,000

**Cleveland Pastoral, Ouse, TAS.**

2 bulls averaged \$6,500

**P & C Faithfull, Omeo, Vic.**

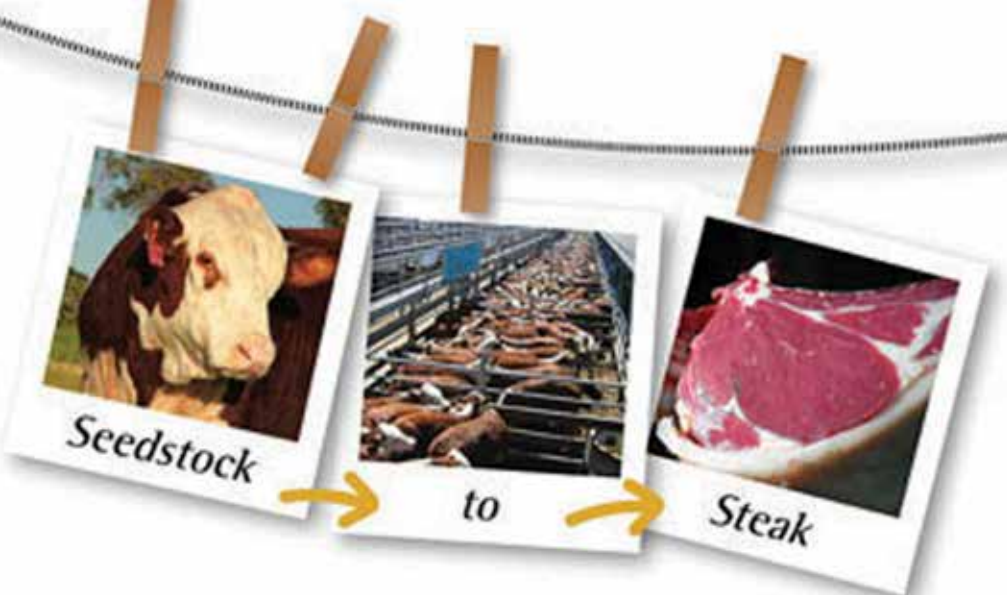

2 bulls averaged \$5,500

**Tablelands Pastoral & Turner Partnership.**

2 bulls each, \$4,000 each

GENETICS

Your investment in #mawarragenetics improves the eating quality of the meat that you produce.

Join us at the conclusion of our 2020 bull Sale for an interactive MSA grading demonstration conducted by Mark Inglis, JBS Australia, with dinner to follow\*

(RSVP Monday, 16 March 2020 - email [deanne@mawarragenetics.com.au](mailto:deanne@mawarragenetics.com.au) or call 0408 018 315).

## Passion Performance Profit

Supporting your success

#mawarragenetics performance is undeniable. We're working to improve your bottom line.

Australian Hereford Group Breedplan January 2019 **#mawarragenetics** achieved\*\*

- **Top 10** highest ranked 2018 born horned bulls for **IMF**
- **Top 6** highest ranked 2018 born horned bulls for **EMA**
- **10** of the top 14 highest ranked 2018 born horned bulls for **Rib**

#mawarragenetics have increased the fats, EMA and IMF in our cattle whilst maintaining the maternal traits and weight-for-age that you have come to expect.

**#mawarragenetics will increase...**

- weight-for-age - profit - more dollars in your pocket
- fats, EMA & IMF - attract repeat buyers - improve eating quality
- maternal strength - replacement females - improve your breeding herd

And #mawarragenetics satisfied customers provide further proof:

*'...Mawarra Genetics are well and truly on the right track. Their cattle are remaining true to type, present well and hold their own when penned up at any of the major selling centres across the southern states...they have a strong focus on IMF which will only continue to improve.'*

Steve Chapman, Southern Livestock Manager, JBS Australia

\*Meat generously supplied by JBS Australia.

\*\*Animals included either have a Mawarra prefix or are sired by a bull with a Mawarra prefix.

# Mawarra Genetics 47<sup>th</sup> Annual Sale & 2<sup>nd</sup> Ladies Day Sale

Monday, March 23, 2020 at 1 p.m.  
82 Whiteface bulls & 13 Angus bulls  
Tuesday, 24 March, 2020 at 11 a.m.  
145 Whiteface females

BJS Livestock video sale will be interfaced with AuctionsPlus

## Directions:

'Tanjil' is approximately 12 minutes' drive from Sale. If travelling from Bairnsdale direction, take the South Gippsland Highway to Yarram, at Sale, and turn right at Longford towards Rosedale on the Longford-Rosedale Road. Kellys Road is approximately 8 kms on the right and leads directly into our property. From Melbourne, via Princes Highway, turn right at the roundabout in Rosedale and take the first left towards Longford. Kellys Rd is approximately 19kms on the left.

## Accommodation:

Accommodation and transport can be arranged by contacting selling agents or vendors. Local accommodation is featured on the previous page.

## Inspection:

All cattle can be inspected, by appointment, prior to the sale at Mawarra, Longford, and also from 9 a.m. sale day.

## Delivery:

Joe Wilton will be in attendance to co-ordinate deliveries. Stock awaiting delivery will be held free of charge for a period not exceeding one week or, in the case of interstate destinations, until regulation tests have been completed. Every care will be taken, but no responsibility accepted. Sale will be cancelled on any animal failing health tests.

## Herd Health:

All bulls have veterinary certificates for breeding soundness and have been treated with Vetmec and Ultravac 7in1. Pestiguard has been administered according to Zeotis guidelines. J-BAS score 7.

## Airstrip:

Available at Sale airport. Planes will be met on request by agents or vendors.

## No Verbal Instructions:

Please fill out the Buyers Instruction Form available on our website prior to the sale, or from the office on Sale Day. Only agents introducing 24 hrs prior to the sale or attending on the day will receive a rebate.

## Refreshments:

Light lunch, morning and afternoon tea will be available from 9.30 a.m. on Sale Day thanks to the Longford Primary School Parents' Club and the Longford Kindergarten Parents.

## Agents Rebate

3% payable only to those agents who accompany their clients on Sale Day and co-sign the Buyers Instruction Form. 1% Rebate is available to those agents who introduce their clients in writing by fax or email at least 24hrs prior to the sale.

## Description of EBVs

**Calving Ease EBVs (%)** are based on calving difficulty scores, birth weights and gestation length information. More positive EBVs are more favourable and indicate easier calving.

**Gestation Length EBV (days)** is an estimate of the time from conception to the birth of the calf and is based on AI and hand mating records. Lower (negative) GL EBVs indicate shorter gestation length and therefore easier calving and increased growth after birth.

**Birth Weight EBV (kg)** is based on the measured birth weight of progeny, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

**200 Day Growth EBV (kg)** is calculated from the weight of progeny taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

**400 Day Weight EBV (kg)** is calculated from the weight of progeny taken between 301 and 500 days of age, adjusted to 400 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

**600 Day Weight EBV (kg)** is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

**Mature Cow Weight EBV (kg)** is based on the cow weight when the calf is weighed for weaning, adjusted to 5 years of age. This EBV is an estimate of the genetic difference in cow weight at 5 years of age and is an indicator of growth at later ages and potential feed maintenance requirements of the females in the breeding herd. Steer breeders wishing to grow animals out to a larger weight may also use the mature Cow Weight EBV.

**Milk EBV** gives an estimation of the animals milking ability. For sires this EBV indicates the effect of their daughter's milking ability, inherited from the sire, on the 200 day weight of her calves. For dams, it indicates her milking ability.

**Scrotal Size EBV (cm)** is calculated from the circumference of the scrotum taken between 300 and 700 days of age and adjusted to 400 days of age. This EBV is an estimate of an animal's genetic merit for scrotal size. There is also a small negative correlation with age of puberty in female progeny and therefore selection for increased scrotal size will result in reduced age at calving of female progeny.

**Days to Calving EBV (days)** indicates the fertility of the daughters of the sire. It is the time interval between the day when the female is first exposed to a bull in a paddock mating to the day when she subsequently calves. A negative EBV for days to calving indicates a shorter interval from bull-in date to calving and therefore higher fertility.

**Carcase Weight EBV (kg)** is based on abattoir carcass records and is an indicator of the genetic differences in carcass weight at the standard age of 650 days.

**Eye Muscle Area EBV (sq cm)** is calculated from measurements from live animal ultrasound scans and from abattoir carcass data, adjusted to a standard 300kg carcass. This EBV estimates genetic differences in eye muscle area at the 12/13th rib site of a 300kg dressed carcass. More positive EBVs indicate better muscling on animals. Sires with relatively higher EMA EBVs are expected to produce better-muscled and higher percentage yielding progeny at the same carcass weight than will sires with lower EMA EBVs.

**Rib Fat and Rump Fat EBVs (mm)** are calculated from measurements of subcutaneous fat depth at the 12/13th-rib site and the P8 rump site (from live animal ultrasound scans and from abattoir carcasses) and are adjusted to a standard 300 kg carcass. These EBVs are indicators of the genetic differences in fat distribution on a standard 300 kg carcass. Sires with low, or negative, fat EBVs are expected to produce leaner progeny at any particular carcass weight than will sires with higher EBVs.

**Retail Beef Yield EBV (%)** indicates genetic differences between animals for retail yield percentage in a standard 300 kg carcass. Sires with larger EBVs are expected to produce progeny with higher yielding carcasses.

**Intramuscular Fat EBV (%)** is an estimate of the genetic difference in the percentage of intramuscular fat at the 12/13th rib site in a 300kg carcass. Depending on market targets, larger more positive values are generally more favourable.

### Hereford Pedigree Abbreviations:

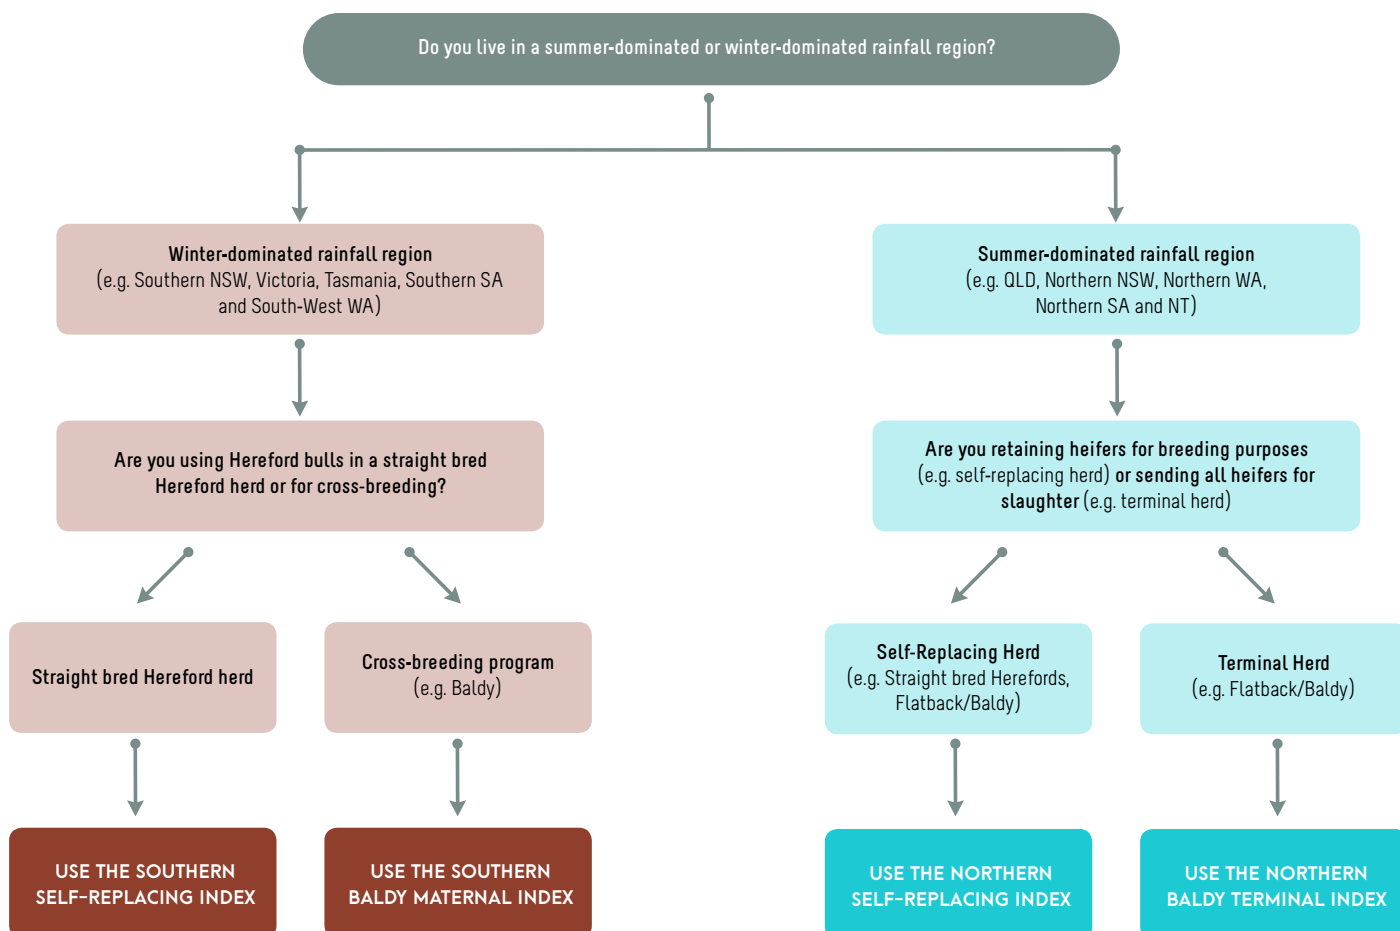

In accordance with Herefords Australia regulations, the following abbreviations appear in the pedigree of animals denoting their horn status.

<b>(H)</b>	=	Horned
<b>(H#)</b>	=	is a horned animal either containing Polled genetics OR is missing a percentage of its four generation horned pedigree
<b>(P)</b>	=	Polled
<b>(PP)</b>	=	Homozygous Polled
<b>(S)</b>	=	Scurred (Note: The scurred gene is independent to the polled gene. It gives no indication of the level of horned or polled progeny that will result from this sire.)

### DISCLAIMER NOTICE

People entering upon this property for any purpose whatsoever, including attendance of cattle auctions, do so at their own risk. We are not liable to you for personal injury or death suffered by you and/or for the theft, loss of or damage to any personal property caused or contributed to by us or by any other person whether caused or contributed to by our or their negligence, deliberate act or unlawful conduct. "We", "Us" or "Our" refer to the owners, their employees, contractors and agents and each of them. Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may have occurred.

# WHICH INDEX SHOULD I USE?

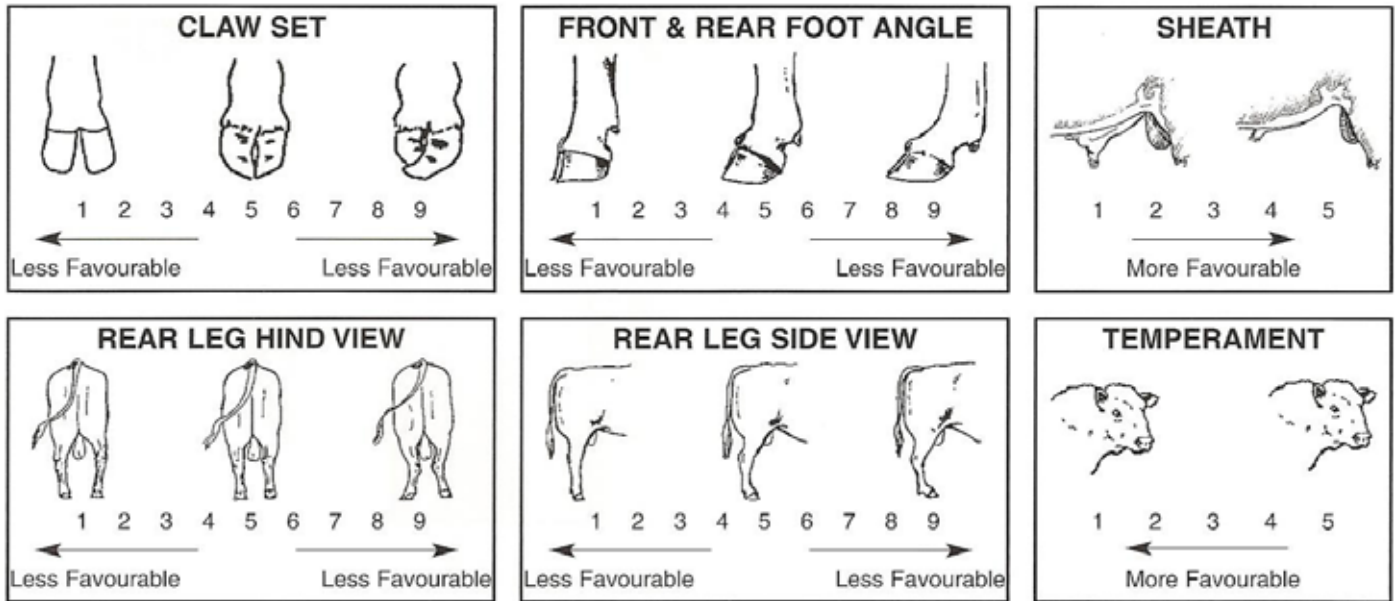

## Conditions of Sale

- 1 The highest bidder shall be the purchaser and, in the event of any dispute arising, it shall be settled by the Auctioneer unless one of the claimants will advance, in which case the lots shall be put up again.
- 2 The purchaser shall deposit 25% or the whole of the amount of the purchase money (if required) at any time during the sale.
- 3 All stock shall be paid in cash immediately on conclusion of the sale, and prior to delivery, but, unless other arrangements are specifically agreed in the event of delivery being made or possession obtained by the purchaser or his representative prior to payment of the purchase money, then until payment in full of the purchase money, or any cheques given on account of same of the purchaser to hold the stock as trustee only for the vendor.
- 4 Each lot shall be at the risk and expense of the purchaser immediately upon the fall of the hammer.
- 5 Lots will not necessarily be offered in numerical order.
- 6 All conditions and warranties which might but for this clause be implied by law are expressly negated and excluded. Lots are sold with all faults (if any) and no fault, error, omission, or misdescription in such particulars or pedigrees shall invalidate the sale or be made the subject of any claim for compensation.
- 7 The auctioneers or vendors shall not be responsible for any errors or omissions in any particulars appearing in the description of pedigree of any lot offered for sale, and no error, omission or misdescription in such particulars or pedigrees shall invalidate the sale or be made the subject of any claim for compensation.
- 8 The purchaser authorises the auctioneer and/or the auctioneers clerk, to sign on his or her behalf the contract of sale.
- 9 Any statement in the catalogue in relation to a particular cow that has been pregnancy tested as being in calf or to the like effect shall not imply any warranty by the vendor that the cow is in fact pregnant and the purchaser is required to take the risk of the pregnancy or tests being wrong.
- 10 If the purchaser shall neglect or fail to comply with any of the above conditions, any stock purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such re-sale, and shall not participate in any profit accruing therefrom.
- 11 GST: All payments to be made under this agreement are exclusive of GST as that term is used and defined in A New Tax System (Good and Services Tax) Act 1999 (as amended). The Purchaser acknowledges that, in addition to all payments payable by the Purchaser for all supplies made under this agreement, the Purchaser must pay all applicable GST on supplies made.

## An explanation of the Beef Class Structural Assessment System

The Beef Class Structural Assessment System uses a 1-9 scoring system for feet and leg structure;

- A score of **5** is ideal
- A score of **4 or 6** shows slight variation from ideal, but this includes most sound animals. An animal scoring 4 or 6 would be acceptable in any breeding program
- A score of **3 or 7** shows greater variation but would be acceptable in most commercial programs. However, seedstock producers should be vigilant and understand that this score indicates greater variation from the ideal.
- A score of **2 or 8** are low scoring animals and should be looked at cautiously and inspected very closely before purchasing
- A score of **1 or 9** should not be catalogued and are considered culls

### Eye Setting

**5** is very well hooded eyes set back in head – perfect eye set.

**1** is very open eyed - undesirable.

### Temperament/Docility

**1** is ideal (docile).

**3** is less ideal (restless).

**5** is aggressive.

Scores or **1** and **2** are preferred.

**Scanning:** All sale bulls were scanned by **Liam Cardile, Beef Xcel, 09/12/2019.**

**Pigment:** Each animal is assessed for left/right eye pigment and this is stated in the catalogue.

**Scrotal:** Scrotal circumferences of all bulls were measured by **Dr Garth Jackson 04/02/2020**

**Soundness:** All bulls were assessed for structural soundness by **Liam Cardile 09/12/2019**, prior to selection for sale.

**Dr Garth Jackson** inspected the bulls **04/02/2020** for structural and breeding soundness.

Certificates will be available sale day.

**Begin with the basics, build a strong foundation.**

## Structural Assessment Scores

The Mawarra herd has always been subject to our own strict evaluation program to assess structural soundness. In line with our objective to record and report on all traits relative to selection we include for your information an independent structural evaluation. Liam Cardile completed the structural assessment 9<sup>th</sup> December, 2019.

### 2019 Sale Prices

2019 Sale - 57% sold for \$4,000

### EBV averages for Sale bulls sold for \$4,000 in 2019

### The McCormack family win the Champion Pen at Wodonga for the third time in four years.

Albury commission buyer Graeme Ward judged the Herefords Australia champion pen of steers, awarding the sash to Jeanette McCormack, her son David and granddaughter Clare, Bullioh. The pen went on to top the purebred weaner offering. The pen of 22, 10-12 months, Mawarra blood steers averaged 393kg and sold for \$1135 (288c/kg) to JBS Australia. Mr Ward was impressed with the structural correctness, bone, genetics and health care of the steers. He said EU accredited cattle were in "terrific demand" this season, driven by feedlot demand. The McCormack's had topped the 2019 sale with their weaners at \$1150. Excellent animal health and management practises, coupled with well-researched genetic selection, combine to produce cattle that are met with strong competition from repeat buyers.

MAWARRA DOREEN 79 (H)

Daybreak is one of the most complete sires we have bred; outcross genetics, sound structure, balance, softness, weight-for-age, carcass and IMF combine with elite maternal genetics. Note his impressive EBV spread; top 1% EMA, Rib, Rump & IMF, 15% 600 & DC, 20% 200 & 400. 72 calves born at Mawarra have recorded an average birth weight of 41kgs. Doreen 225 has sold eight sons to \$20,000, recording an average of \$12,375, and her daughters have sold to \$5,000. Two ET daughters were in the winning 'Pen of Three' at the 2016 World Hereford Conference, Uruguay. We have four daughters currently in herd, three being full sisters to Daybreak. Purchased by Ironbark Herefords for \$20,000 at the 2016 Herefords Australia National (Wodonga). A son topped their 2019 sale at \$22,000. We have 40 Daybreak daughters retained in herd and we are confident his sons, industry-driven, performance-orientated young sires, will add profitability to your program. His 19 sons sold to date, at Mawarra, have topped at \$14,000 (x3). We offer five sons and three daughters in this catalogue (see Lots 2, 3, 4, 10, 13, 113, 114 & 143), and another four sons in our 2020 Herefords Australia National (Wodonga) team.

MAWARRA MINERVA 554 ET1 (AI) (ET) (H)

Emperor is by outcross sire, Churchill A1. Brandon inspected him whilst in the U.S. and was very impressed with both him and his progeny. A1 is by a proven low-birth-weight, calving-ease sire, Sensation. Widely used in the U.S., he offers the industry-relevant traits of carcass and maternal, a valuable combination. Emperor was accepted into the Herefords Australia Young Sire Program, the BIN Progeny Test - 7th Cohort, & the DPI Southern Multi-breed Project. His dam, Minerva 816, is an outstanding female. She is a full sister to Vice Admiral and her six daughters are retained in herd. Her first son, a full brother to Emperor, sold for \$15,000 at the 2017 Herefords Australia National (Wodonga). Emperor's EBVs rank in the top 1% of the breed for Milk & IMF, 15% 400, 20% 600, EMA & NBT. Six of the 'Top 10' 2018-born horned bulls for IMF are sired by Emperor. The average birth weight of his 62 Mawarra calves is 41kgs. Our first Emperor sons and daughters are offered to you as Lots 6, 8, 39, 43, 134, 135 & 144 in this catalogue. He will also be represented by a son in our 2020 Herefords Australia National (Wodonga) team.

**MAWARRA MINERVA 921 (AI) (H)**

MAWARRA MINERVA 807 (AI) (H)

Flying Start's sire, Diamentina, is breeding with a consistency that impressed us and we were keen to retain a son. Flying Start is a heifer's first calf and scanned the largest raw EMA of his drop. Minerva 921's full brother, Diplomat, sold to Robert & Jill Reid, Howlong, for \$13,000. Flying Start's growth, EMA, IMF and carcass attributes are all traits required to increase the profitability of a beef-producing enterprise. Note his EBV rankings; top 1% 600, 5% 200, 400, Cwt, EMA & SSR, 10% Mwt, RBV & NSR, 20% SBM. Thirty-two Flying Start calves have recorded an average birth weight of 37 kgs.

 YARRAM FLOSSIE R065 (AI) (H)

We were fortunate to purchase proven sire, Yarram Unique F181, from Truro Herefords in 2017. His sire line is one we know well, and trust to continue breeding commercially-elite cattle that fit the demands of modern industry. The necessary traits to achieve this are highlighted by F181's excellent EBVs and (\$)Indexes. He is a trait leader for EMA & IMF, indicative to recording the highest scan data for EMA in his drop at Yarram Park. He ranks in the top 10% of the breed for DC, Rump and all Indexes, 15% Cwt & RBV, 20% Milk, SS & Rib. Used extensively across Australia, and also internationally, we are delighted to have him residing with us now at Mawarra. We have weighed 54 of his progeny at birth to record an average weight of 37kgs. Currently, 34 young daughters are retained in herd, and we offer you his first Mawarra sons as Lots 40, 48, 49, 51, 53 & 54. Another son has been included in our 2020 Herefords Australia National (Wodonga) team. He is represented by three daughters (Lots 96, 97 & 98) in our Ladies Day sale.

 DEBARRY TABITHA T81 (P)

The breeding prowess of both Anzac E114 and DB Tabitha Y177 is well documented. These two elite Poll Herefords have combined pedigree, phenotype and performance resulting in this 'Outstanding' young sire. He was in the Herefords Australia Young Sire Program and his semen has been exported to New Zealand and the United Kingdom. Forty-three Outstanding calves have recorded an average birth weight of 36kgs. His progeny scan consistently well, he is a trait leader for SS and ranks in the top 1% for IMF, 5% Rib, 10% Rump, 20% 200, SBM & NBT. Outstanding's first draft of sons are offered to you in this catalogue as Lots 22,23, 29, 33, 35, 73, 76, 77, 78 & 81. Three of his daughters are included in our Ladies Day sale, see Lots 104, 105 & 139.

Mustang is an impressive sire with hind-quarter, softness, a superb temperament and all the length and carriage his pedigree suggests. DB Tabitha Y177 is our most successful Poll female. Her 14 sons have recorded an average of \$8,720 and a daughter sold for \$10,000. Jovial F77, \$80,000 Grand Champion at the 2012 Herefords Australia National (Dubbo), has bred consistently at Mawarra. Mustang semen has been exported to New Zealand, Norway, Denmark, the United Kingdom & Ireland. He has been a prolific breeder of magnificent females with excellent udders, we have twenty-eight daughters in herd. His 68 calves, at Mawarra, have recorded an average birth weight of 40kg, and his sons have sold to \$8,000. Mustang is a trait leader for 200, 400 & 600, his Mwt ranks top 1%. He will be represented by a son in this catalogue (Lot 74), and by eight daughters at our Ladies Day sale (Lots 154, 159, 160, 197, 210, 214, 224 & 238).

One of the hottest current sires, Techno sons have sold to \$50,000+ in both Australia and New Zealand. His son, Prime Time, was our top-selling bull in 2018 at \$26,000. He was purchased by Newcomen Herefords, Ensay, at the Herefords Australia National Show & Sale (Wodonga). Six sons have sold at Mawarra recording an average of \$14,700. Techno is a trait leader for 200, 400, 600, Milk, SS & IMF, and his Cwt and all (\$)Index values rank in the top 1% of the breed (top 5% Mwt, 10% Rib, 15% DC & 20% EMA). Over sixty Techno calves at Mawarra have recorded an average birth weight of 37kgs. He has produced a very exciting line of young females for us (we currently have 40 retained in herd) who all stood out at scanning for their impressive IMF. We offer you a further opportunity to take advantage of this impressive bloodline with seven sons and four daughters to be offered in our 2020 Sale, see Lots 17, 21, 27, 62, 64, 65, 72, 196, 235, 236 & 241. Another three sons will be offered in our 2020 Herefords Australia National (Wodonga) team.

# 1 MAWARRA HALLMARK P134 (H)

**HRPP134** Born: 11/04/2018 Pigment: 100/100 SC: 42

BOWMONT STORM C093 (H)  
**MAWARRA AFTER SHOCK (AI) (H)**  
 MAWARRA MINERVA 774 (AI) (H)

MAWARRA VICE ADMIRAL (H)  
**MAWARRA MISS TITANIA 448 (H)**  
 MAWARRA MISS TITANIA 289 (H)

It's only fitting to kick off our 2020 sale, and the first that incorporates a Ladies Day event, with a son of our outstanding maternal breeding sire, After Shock. Miss Titania 448 has sold two sons and both her daughters are retained in herd. Top-priced son, Northern Chill, was purchased by Mr. G. Moreng at the 2016 Herefords Australia National (Wodonga) for \$8,000.  
 EBV rankings: Top 1% Mwt, 5% 400 & 600, 15% 200, SS & RBV, 20% Cwt & EMA.

Alistair McKoy, a very good friend of our late father Robert, when asked what he liked most about the Mawarra cattle said, *'...their temperament, in over twenty years I haven't had one of them even look like chasing me! They have quality and doing ability.'*

Dark Horse (pictured right), *'...goes into the cows fat and comes out fat, and he always gets plenty of calves.'* Alistair McKoy, Ohio Herefords, Holbrook, NSW, has been buying Mawarra sires for over twenty years. He has purchased numerous on-property 'sale-topping' bulls.

For the last twenty years it has been both an honour and a privilege to have renowned Woomargama cattleman, Arthur Trethowan, select sires solely from our program. The reputation for producing quality, performance-driven stock that Arthur has earned over his career was evident when his females went under the hammer at Wodonga's Feature Female Sale in January. They received strong competition from some of the country's leading cattle producers. We have enjoyed many herd tours at "Culbara" and wish Arthur well as, in his 94<sup>th</sup> year, he transitions to a new venture trading steers.

## CLIENT FOCUS

David and Beverley Bresnehan , Greenwood Herefords, run a sheep and cattle enterprise on their 1000 ha property at Triabunna, Tasmania. They have 35 registered cows which are run alongside a 70 head commercial breeding herd which turns off weaners at a target weight of 350kgs.

*'My aim is to breed functional, medium-framed cattle. They must be fertile and have really good milking and weight gain. I've bought several Mawarra females over the past few years. I'm a repeat buyer because the cattle have great length and depth, are easy-doing with excellent feet and udders.'*

David Bresnehan, Greenwood Herefords.

**Left: David Bresnehan checking the stock at his Triabunna property, on the beautiful east coast of Tasmania.**

**Centre: Greenwood Minerva N040. Dam Mawarra Minerva 870.**

**Right: Greenwood Enforcer N028. Dam Mawarra Miss Titania 040.**

The Lewis family's Haven Herefords, The Haven, Herefordshire, England, was established in 1822. It is the oldest family run Hereford stud in the world.

*'The introduction of Mawarra genetics into our breeding programme at "The Haven" has had a great positive effect on our cow herd. The consistency of production of these maternal cows has been first class. The Vice Admiral females crossed with our home bred bull Haven Kingpin has resulted in excellent top end sought after cattle. Examples of these are Haven Northstar Grand Male Champion at National Hereford Show 2017 and Haven Neptune Supreme Champion National Calf Show 2016 both sold into pedigree herds.'*

Edward Lewis, Haven Herefords.

**Left: Haven Possom is sired by Mawarra After Shock. He is retained as sire at Haven Herefords.**

**Centre: Haven North Star is sired by Haven Kingpin (AI sire at Mawarra) out of a Mawarra Vice Admiral daughter.**

 COOTHARABA PAULINE 279 (H)

MAWARRA KAHLUA (AI) (H)  
**MAWARRA MINERVA 554 ET1 (AI) (ET) (H)**  
 MAWARRA MINERVA 357 (H)

Vice Admiral progeny have performed across the globe with sons retained as Stud Sires in Australia, the UK, New Zealand and Canada. He has over 560 progeny recorded across four countries and semen sales have amassed \$95,000. His sons and daughters have won national titles in the UK and at the Australian Hereford National (Wodonga). Vice Admiral's 44 sons, at Mawarra, have sold to \$17,000, recording an average of \$7,170 whilst his daughters have sold to \$8,000. The commercial acceptability of his genetic footprint in Australia has seen our clients return year after year to purchase sons and grandsons. The extra length, carcass and sound structure of his progeny equate to profitability whether marketing weaners or finishing older stock. His daughters are the perfect replacement females with superb consistency, milking and maternal traits. We weighed 160 Vice Admiral calves at birth recording an average of 37kgs. He is one of the most influential sires we have ever used in our herd. We are pleased to give you the opportunity to secure one of his outstanding daughters; see Lots 100, 101, 107, 110, 111, 126, 141 & 145.

**BIG-GULLY GOLD DUST LASSY 217R (H)**  
 BIG-GULLY 5G DUSTER LASSY 217L (H)

517U has bred to type, with all his progeny displaying the exceptional weight-for-age and muscle pattern that we admired in him. This bull increases carcass and yield. He was Canadian 2010 Agribition RBC Supreme Challenge and 150th Anniversary National Hereford Show Champion. The Supreme winner over 42 Champion Bulls of 13 breeds from 10 Shows. After visiting 23 herds in Canada during 2009, we thought 517U's sire, KSU Bounty Hunter 611, had the most promising progeny group. An average birth weight of 37kgs has been recorded for his 72 Mawarra calves. Thirty 517U sons have sold to \$17,000 (twice) to record an average of \$6,350 (Eight have sold at the Herefords Australia National [Wodonga]). We retained his son Class Act and offer you six daughters in this catalogue; see Lots 108, 109, 143, 144, 166 & 168.

 COOTHARABA PAULINE 147 ET5 (ET) (H)

MONREID PRESIDENT (H)  
**COOTHARABA PAULINE 279 (H)**  
 COOTHARABA PAULINE 288 (H)

Magnum has proven that he is one of an elite group of sires, best described as a breed improver. One of his first sons at Mawarra, Vice Admiral, epitomizes what we thought this powerful sire could achieve for us. Magnum sired the Grand Champions at the Herefords Australia National (Wodonga) in 2010 (\$40,000 Virginian) and 2011 (\$20,000 Westlife) & the Reserve Grand Champions in 2011 & 2012. We exhibited 12 sons at the National; 7 of them have brought home 11 broad ribbons. Over 160 calves at Mawarra were weighed at birth averaging 36kgs. 68 Magnum sons, sold at Mawarra, have topped at \$40,000 recording an average of \$9,200. His daughters are equally impressive and they continue to make a valuable contribution to our breeding program. We offer you Magnum cows in this catalogue as Lots 102, 130, 140, 142 & 171.

**MAWARRA MINERVA 774 (AI) (H)**  
 MAWARRA MINERVA 458 (AI) (H)

After Shock is a long, powerful sire with a lovely nature. His daughters, numbering in excess of 50 at Mawarra, display consistent excellence of udder shape and milking ability, combined with depth, volume and softness. The average birth weight of his 118 calves at Mawarra is 39kgs. His dam, Minerva 774, has a perfect udder and her sons have sold to \$36,000. At the conclusion of our 2019 sales season, After Shock's daughters had sold to \$8,000 and his sons to \$15,000. After Shock semen has been exported to New Zealand and the EU semen rights have been purchased by The Haven and Dieuacresse Herefords, England. He is represented by three sons (Lots 1, 7 & 60) and seven daughters (Lots 202, 203, 204, 205, 206, 219 & 220) in our 2020 Sale.

## Allendale Anzac E114 (PP)

Born: 15/07/2009

ALLENDALE PUNTER 3 (AI) (P)  
**ALLENDALE YACKA (AI) (P)**  
 ALLENDALE FLORRIE Z33 (AI) (P)  
  
 ALLENDALE NATIONAL W168 (PP)  
**ALLENDALE DAWN B22 (AI) (ET) (P)**  
 ALLENDALE DAWN T60 (AI) (P)

Anzac ticks all the boxes: performance, phenotype and profitability. He is one of the most widely-used and influential Poll sires of recent time. His sons have sold to an incredible \$110,000. Anzac is a trait leader for 200, 400, 600, SS, EMA & IMF. He ranks in the top 1% of the breed for Cwt, 5% MCwt, 15% SSR, NSR, SBM & NBT, 20% Rib & Rump. 110 progeny have been born at Mawarra recording an average birth weight of 37kgs. Combining length and thickness with a real sire's outlook, Anzac delivers a phenotype in the same elite range as his EBVs. We have retained two sons, Outstanding and Rawhide. His 32 sons have sold to \$40,000 (Rhinstone, 2019 Herefords Australia National [Wodonga] to Yarram Park Herefords), at Mawarra, recording an average of \$9,720. His Mawarra daughters have sold for \$6,000 (twice). We have over 40 daughters retained in herd and we are pleased to offer you four of them in this catalogue; see Lots 151, 153, 157 & 216.

## Mountain Valley Gambler G14 (P)

Born: 14/06/2011

CANNAWIGRA S5 BATMAN X08 (AI) (ET) (S)  
**CANNAWIGRA COMMANDER Z51 (S)**  
 CANNAWIGRA ANABEL V108 (P)  
  
 MOUNTAIN VALLEY OOZY Y45 (P)  
**MOUNTAIN VALLEY B44 (P)**  
 MOUNTAIN VALLEY GLITTER Y79 (AI) (P)

Owned in partnership with Mountain Valley and Tenaru, Gambler is a soft, easy-doing sire, who is still sound and mobile at eight years of age. His progeny have performed well across the three herds with sons selling to \$22,000 at Mountain Valley, to \$20,000 at Tenaru and to \$15,000 at Mawarra. Gamblers EBVs rank in the top 10% for EMA, 15% Rump & 20% RBV. Gambler's 74 Mawarra calves have recorded an average birth weight of 35kgs. He is represented in this catalogue by six daughters; see Lots 122, 124, 155, 193, 198 & 218.

**MINLACOWIE NIKKI C77 (AI) (P)**  
 MINLACOWIE NIKKI A08 (AI) (P)

Jubilant J123 was crowned Champion Interbreed Bull at the 2016 Royal Sydney Show. Later the same year he was purchased by Devon Court Herefords for the record-breaking price of \$95,000 at the Herefords Australia National (Wodonga). His Milk EBV is ranked in the top 1% of the breed, 10% CEDir, NBT, 20% SBM. Twenty-six Jubilant calves have been weighed at Mawarra, recording an average birth weight of 38kgs. His sons at Mawarra have sold to \$14,000 and we have fourteen young daughters in herd. He is represented in this catalogue by a son, Lot 63, and three daughters, Lots 194, 215 & 239.

## Glentrevor Wallace H427 (AI) (PP) Born: 08/08/2012

SOUTH BUKALONG WALKER 6 (AI) (P)  
**SOUTH BUKALONG WALLACE 2 (P)**  
 SOUTH BUKALONG VICTORIA 152 (P)

GLENTREVOR ROCKET D016 (AI) (P)  
**GLENTREVOR MARITANA F240 (P)**  
 GLENTREVOR MARITANA C925 (AI) (P)

Wallace H427 has been widely used throughout Australia and we are delighted to have him now residing at Mawarra. He is a trait leader for GL, BW, SS & IMF and he ranks in the top value for both CEDir & CEDtrs, top 1% for all (\$)Indexes, 5% Rib, Rump, 15% Cwt. He is the natural joining sire for many of the Poll females in this catalogue. Over 20 Wallace H427 calves at Mawarra have averaged 35kgs at birth. His five Mawarra sons have sold to \$12,000 and he is represented by another in this catalogue; see Lot 67.

DEBARRY ELLIOTT (P)  
**MAWARRA GRENADINE 002 (P)**  
 CHRANOCK GRENADINE D453 (P)

We regard Rawhide as the best Anzac E114 son we have bred to date and in light of this, have retained him as sire. The Grenadine family has bred to a consistently high standard in our herd. A Grenadine D453 son, by Anzac E114, was purchased for \$16,000 by Mr J Baulch, Illoa, Victoria, at the 2017 Herefords Australia National (Wodonga). Rawhide's EBVs rank in the top 1% for 200, 400, 600 & Mwt, 5% Cwt, 10% SS 15% EMA & IMF. Used as a joining sire over our sale cows, the thirteen Rawhide calves have recorded an average birth weight of 41kgs.

Miss Titania 043's five daughters are retained in herd and her only son, Precision, sold for \$9,000. Miss Titania 010 is the dam of retained sire, Sensation (see joining sires), and five daughters currently in herd. Miss Titania 010 is a donor dam, as are two of her daughters. Miss Titania 043 is certainly a potential donor as well. Her Storm 140077 daughter, recently weaned, is one of the best heifers of the drop.
