Email: andawirra1@bigpond.com.au

Welcome to Aylesbury Farms complete Suffolk dispersal and White Suffolk mated ewe sale. We have made the decision to disperse our Suffolks to simplify our lives and concentrate on breeding white suffolks and other business interests.

Since its registration in 2002 we have put a lot of effort into putting together a great genetic line up, which we are now offering for sale.

We have selected genetics from the Noble Lee ram and the Allendale ram which believe will enhance the breed and be beneficial to the Purchaser in moving forward with correct, easy care, well-muscled Suffolk breeding stock.

Aylesbury Farm also has included a terrific line up of White Suffolk ewes. These ewes are great for white suffolk type and mated to sires that will move the breed forward in genetic potential.

A video clip of each individual animal can be viewed on AuctionsPlus. An inspection day has been set for Sunday 17th May from 10 am until 12 pm. Due to Covid19 restrictions bookings are required. This can be done by phoning Nutrien Ag Solutions agent James McInally on 0437337994.

Catalogue can be viewed on both our website and video footage on AuctionsPlus.

We have enjoyed the friendships and relationships we have made through the Suffolk breed and look forward to continuing those at future shows when we are exhibiting White Suffolks.

Delivery can be arranged to specified drop off locations after the sale, once we know stock destinations. Freight and insurance will be the responsibility of the purchaser at fall of hammer.

Livestock can be held on property for a limited time, by arrangement, which becomes the purchaser's risk.

Thank you for your interest and good luck with your bidding process on sale day, Tuesday 26th May 2020 at 12pm CST.

Flock Health

Ovine Johnes Disease MN3V Status (No 19)

Ovine Brucellosis Accredited Free (No 850)
