HAMILTON RUN POLL MERINO STUD

Nucleus Flock Reduction Sale

Greg and Nicole are very excited to announce the sires listed below are the recognised joining sires of the surplus to requirement dispersal ewes.

HR161000 x HR1055 x Well Gully

Perfectly balanced sire carrying a bold medium wool. First progeny offered in 2019 On Property Sale, 30 rams av \$2500. Sire of HR1212 sold for \$15,000 and RES HR1208.

GLP036 x PB948.

Purchased 2017 Adelaide Ram Sale for \$25,000. The first of his progeny offered through the 2019 On Property Sale averaged \$2400 for 32 rams. Sire of HR63 sold for \$20,000.

HR180321 x HR161000.

2019 Stud Reserve. Very correct ram of sound structure with a stylish high rainfall wool type.

HR170652 x GLP036

Outstanding wool sire with extra staple and density that carries a magnificent white wool.

HR160766 x HR1055 x Well Gully

A very long bodied sire with a beautifully nourished bold medium wool. Producing progeny recording higher fleece weights.

W321 x MP

Purchased at the 2019 Willandra Sale for \$14,000. A paddock sire with exceptional staple length with density. He has outstanding purity and poll with a very bold medium wool.

HR170542 x PB150763 x PB 01 SYN.

This ram as a hogget weighed 90kg out of the paddock with a 48.2 EMD at 12 months of age. A very meaty sheep with a bold medium wool

MP48 x NE70

Moorundie Park sire purchased at their 2019 on property sale for \$7000. A standout in the catalogue, structurally very correct, with height. Carrying a quality wool that should handle any environment.
