Simultaneous Auction

SBB Rocky/ GDL Are the Selling Agents

COVID-19 Impacts

Due to the uncertainty surrounding COVID-19 NT Senepols has this year made the tough decision to run the sale **online only**. How will it work?

The sale will be run on **Auctions Plus**, with all lots being offered simultaneously as per their usual weekly commercial sales.

In a simultaneous Auction all lots are able to be bid on at once. After the first hour of the sale a timer will start at 60 seconds, the timer resets when there is bidding activity on any lot in the sale. Every time someone places a bid on any lot, the timer resets to 60 seconds. The amount of time the timer resets to gradually decreases until bidding activity stops for long enough for it to count down to zero. At this point all lots in the sale are closed. If you were the winning bidder on any lot in the sale and it hadn't met reserve you have one hour of priority negotiation time where the vendor cannot sell the lot to anyone else. After this time the vendor is free to sell the lot to whoever they please.

If you are not confident with the Auctions Plus system talk to your agent or our agents and they will be more than happy to facilitate your bidding for you.

Due to not bringing the bulls to Rockhampton this year we are offering the following:

Free Delivery to Rockhampton – CQLX Gracemere

Free Delivery to Emerald – Emerald Saleyards

Free Delivery within 200 KM of Casino, NSW

Depending on where bulls sell, and the final route taken, there may be opportunities to drop some bulls off at locations along the way. Talk to us or our agents after the sale if you would like assistance with delivery.

The Bulls

There are 37 Bulls Catalogued.

35 NT Senepols bulls comprised of: 33 x Purebred Senepol - Senepol Australia Registered Bulls

1 x 75% Senepol 25% Angus - Senepol Australia Registered Black Bull

1 x 75% Senepol 25% Angus - Senepol Australia Registered Red Bull

2 Silverleigh Senepols bulls: 2 x Purebred Senepol – Senepol Australia Registered Bulls

The bulls will be aged between 15 & 28 months on sale day.

Preparation

The NT Senepols bulls have been prepared in a rocky hill paddock where they have had ad lib access to Rhodes Grass dominated pasture, Riverina 14% Stud Cattle Pellets, and Wheaten Header Tailings for approx. 90 days pre sale. Prior to this they were on and off drought rations from weaning with an 8 week period on grass prior to going on full sale preparation. This isn't usually the way we like to raise our bulls, but as you all know the seasons didn't give us much choice.

Data

The bulls will be scanned by Paul Kenny a week prior to the sale. A supplementary sheet will be generated and circularised as soon as it is available via email and online. It will feature:

weights, P8 and Rib Fat Scans, EMA, Semen Motility and Scrotal Circumference. Yearling Scrotals for most lots are printed in the catalogue.

Health

The bulls have all been treated with:

- Pestiguard Vaccine
- Longrange Botulinum Vaccine
- 7 in 1 Vaccine
- Vibrovax Vaccine
- 3 Germ Vaccine (Tick Fever)
- Bovine Ephemeral Fever (3 Day) Vaccine

They are all tick free and ready to Travel - subject to ringworm recovery.

We are JBAS 7, currently upgrading to JBAS 8, however the bulls aren't WA eligible yet.

The Agents

We are continuing with our relationship with SBB Rockhampton who are now part of the GDL network. They will be presiding over the sale. Contact them if you need any info about the bulls or Auctions Plus and they will be more than happy to help.

Josh Heck 0409 732 676

Bill Beck 0417 762 438

Georgie Connor 0428 347 550

We are still offering the **5%** introducing agents rebate to encourage agents from outside the GDL network to assist our buyers. Make sure to mention this to your agents if you need their assistance.

NT Senepols Guarantee

Every bull in the sale is guaranteed to be sound and fertile at the time of sale.

If a bull becomes infertile or breaks down due to reasons other than injury, misadventure or locally acquired disease, at any time in the next 12 months, we will:

provide you with a satisfactory replacement if available, or issue you with a credit equal to purchase price to be used at a future NT Senepols sale.

We recommend you insure animals against injury: The agents will be able to direct you to a contact to insure your purchases.

This guarantee is in addition to the normal terms and conditions governing auction sales, and as such the vendor's decision will be final. Buyers may be requested to supply a veterinary report.

Grades

We're happy to keep bulls for up to 2 months free of charge, for any reason, however to take advantage of free delivery, buyers will need to accept delivery when transport can be arranged.
