Thursday May 28th 2020

VALA
HOLSTEINS

Unique pedigree
animals genomically
tested

Featuring Polled,
A2A2 Heifers

In calf Heifers joined
to A2A2 sexed semen

Working Age Bulls

Sale On Farm - 1350 River Road, Toolamba 3614

Foreword

Again we are proud to invite you to take part in the Vala Autumn Feature Sale.

Working with COVID-19 policy we will stage the open auction on farm and will practice social distancing OR folk can take part from home via the Auctions Plus platform. See below advert.

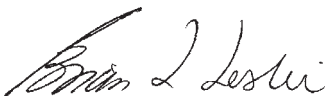

Videos and photos of many lots will be available or you may wish to inspect prior to sale day: WEDNESDAY 27th May, either 10-12 am or 1.30-3.30 pm. Appointments to be made with the vendors so that COVID19 requirements can be safely and effectively managed.

You have an amazing catalogue to select from. Many are A2A2, several are Polled. There are daughters of cows classified to EX, to 48 SBC. Production to 18,453 litres, 645 kgs protein and an amazing 913 kgs fat! All have been genomic tested and sell with BPI to +322, TPI to +2614. A full sister to the #2 gBPI sire standing in Australia sells!! To top all this off nearly every lot sells PTIC to A2/A2 sexed semen – so yes 2 for 1.

Please take the time to study this catalogue where you will find many of the World's most famous maternal lines represented!

Feel free to contact any of the DLS or Vala team should you have any questions.

Yours sincerely

Brian Leslie
