WELCOME ONE AND ALL TO OUR 17th ANNUAL KANDANGA VALLEY ON PROPERTY BULL SALE

For those of you considering attending the sale for the first time, please take the time to travel to our property, 'Warravale', in the beautiful Mary Valley and soak in the views and atmosphere.

On Saturday July 25th, commencing 11am, we will be offering 106 quality, muscular bulls presented in a fit and healthy condition, ready for work.

We've been in drought across all of our properties for a couple of years now but with a break in the season in early February our country grew a bulk of grass and we are currently in a safe position but we are definitely looking for that next decent rainfall event.

The bulls missed out on their oats last year and we were worried about getting them into sale condition, but they have done tremendously well during their sale preparation and we are more than happy with our 2020 line up. The boys are slightly older on average this year and should stand up even better once they go out to work.

Kandanga Valley bulls are noted for their survivability, structure and deep soft muscling and this year's bulls are no exception. As you read the comments in the catalogue the fertility of our female herd becomes very evident also.

With cattle prices at record levels at the moment and the national herd low in numbers, plus a protein shortage around the world, things look good for the future of Australian beef producers.

Kandanga Valley bulls have proven over 30 years to add weight for age and muscling to Australian herds, improving profitability to those businesses and this year's bulls are definitely as good or better than any we've ever offered.

Roz & I are very pleased with our 2020 bulls and we will be most happy to catch up with old and new friends on July 25th at Kandanga Valley.

About Us & Stud History

Both the Kandanga Valley Charolais and Charbray studs were established in 1988. The first Charolais cattle at Kandanga were purchased by John's parents, Kev & Joan, in 1973 and there has been a Charolais infusion in the Kandanga Valley herd since those early days.

John and Roz purchased Warravale, Kandanga, from John's parents in 1986 and have since owned a Central Queensland property and properties in the Tansey and Gympie district plus agisted properties west of Gympie. Now having sold all of our Tansey grazing country we have secured a very nice property at Moonie on the western downs where most of our Charolais females now run.

We have raised four great children, Wade, Kate, Nick & Brooke and are now proud grandparents to an ever increasing group of fine, good looking offspring.

The first registered Charbray cattle were purchased in 1979 at the Nahrunda Stud dispersal at Gympie. The tremendous growth and easy doing ability of these first Charbrays, with the added benefit of tick resistance, convinced us that Charbray cattle were the most profitable in our environment and probably most other environments as well. Their saleability at fat or store markets is second to none in Queensland.

We now put a heavy emphasis on breeding generation bred (purebred) Charbrays for a much better consistency of progeny to hit the ground. **We have only used registered Charolais, Charbray or Brahman bulls in our herd since 1979 over registered females of the same breeds.**

Early stud Charolais breeders were purchased from numerous high profile studs plus smaller herd dispersals back in the eighties. Since then we have bred heavy muscled, soft fleshed French type cattle with an eye on all the traits required to perform in Queensland conditions. Traits like fertility, milk, growth and muscling rank very highly in our selection criteria. Our herd is run very similar to any commercial herd with poor performers being culled quickly.

Having access to such a large number of stud females, especially over the last ten years, has allowed us to be very selective within our herd and we think the bulls offered during this time reflect this as do their very positive EBV figures.

We are now running in excess of 1200 registered stud cattle, down from a peak of around 1700. We have put a big emphasis on fertility and productivity over the last few years as we have wound our herd back to a more manageable level.

About The Sale Bulls

CHAROLAIS

**60 very well muscled and structurally sound bulls.
27 polled/scurred and 11 red factor
(including 7 red factor AND polled).**

Four sires have a major influence in the sale this year. Kandanga Valley Jericho (Polled) is an impact sire whose progeny are polled or red factor or both. They have top shelf scrotal and growth EBV's, good bone and muscling, and strong sirey heads. He never fails to produce some of our very best, as he has done again.

4 Ways Kinsman (Polled) has worked very nicely in our herd including over our first calvers. His sons are clean coated, long bodied and very tidy, with extra softness. Some of his sons are right up with the best.

Kandanga Valley Jonah and ANC Lingo (full French) both carry full French bloodlines and it shows in their heavy, muscular carcass type progeny. They have plenty of bone and loads of red meat plus Jonah sons are very sleek coated and his daughters very milky.

The boys had a tough start but it is a credit to their genetic history how they have developed for sale day.

CHARBRAY

**40 big growthy boys.
7 polled/scurred.**

Our leading EKKA winning sire, Jesuit, is well represented with 16 sons on offer. If you are looking for big, fleshy bullock breeders standing on loads of bone, then these boys will suit you. Bred and reared on our ticky coastal country these Kandanga Valley, mostly generation bred Charbray bulls will handle all conditions.

We've bred our Charbray bulls to do the job of a Charolais bull but in tougher country. We've maintained the weight and bone plus retained great carcass traits. Our female herd is selected heavily for milk, fertility and tidy udders.

RED ANGUS / CHAROLAIS COMPOSITES

Sired by Rosey's Spyder, who we consider to be an outstanding, big framed, long bodied Red Angus bull, these young fellows are out of first calf heifers and would make ideal heifer bulls. They have excellent structure and strong polled heads, plenty of muscling and big scrotals. They were weaned early during the drought and are just hitting their straps now.

ALL BULLS ARE MUSTERED WITH DOGS, HORSES AND BIKES.

“Value for Money”

**In 2019, 65% of the Kandanga Valley
bulls at our July bull sale
sold for \$4500 or less.**

**Predictable, reliable,
affordable genetics.**

REBATE: 3% REBATE is offered to outside agents introducing buyers, in writing, 24hours prior to sale to Agents, and settling within 7 days. These conditions will be strictly adhered to.

DELIVERY & TRANSPORT: All delivery arrangements are to be made in writing on the Buyers Instruction Form provided in the back of this catalogue. Free transport is being offered to Dalby via Murgon, Toogoolawah saleyards, north to Sarina & Eidsvoll saleyards (via major centres only).

HEALTH: All bulls are vaccinated with 7 in 1 (as calves), 3 germ blood (as weaners) and 3 -day sickness (as yearlings).

ALL BULLS ARE SEMEN TESTED 2 WEEKS PRIOR TO SALE

SUPPLEMENTARY SHEETS will be available on Sale Day containing the following information – Semen test results, Scrotal measurements, Weights, Scan measurements for Eye Muscle Area, rib & rump fat measurements.

ESTIMATED BREEDING VALUES (EBVs): EBVs are displayed on all bulls (where available). To obtain EBV figures, our stud Charolais cattle are weighed at weaning and once or twice before 600 days. We do not weigh our calves at birth due to the impracticality of doing so, over four different properties. However, our mature breeders are calved unassisted. Scanning data from bulls and heifers is now also submitted to improve the accuracy of carcass EBVs.

GUARANTEE: We guarantee all stock sold as sound breeders. Any claims of infertility will be strictly handled as under Section 17 of Agents Terms and Conditions.

TICK LINE CLEARANCE: All bulls treated prior to sale for immediate inspection.

AIRSTRIP: Light planes at Gympie, others to Sunshine Coast or Brisbane

ACCOMMODATION: Motels in Gympie, B&B's at Amamoor, Kandanga, Imbil & Gympie. Please call vendors to arrange accommodation if needed.

PHONES: Please contact your preferred agent to arrange phone hook-up on sale day.

REGISTRATION TRANSFERS: For transfers of REGISTERED Charolais and Charbray bulls, purchasers must be members of the relevant Society. Please indicate TRANSFER REQUIREMENTS on Buyers Instruction Form on sale day.

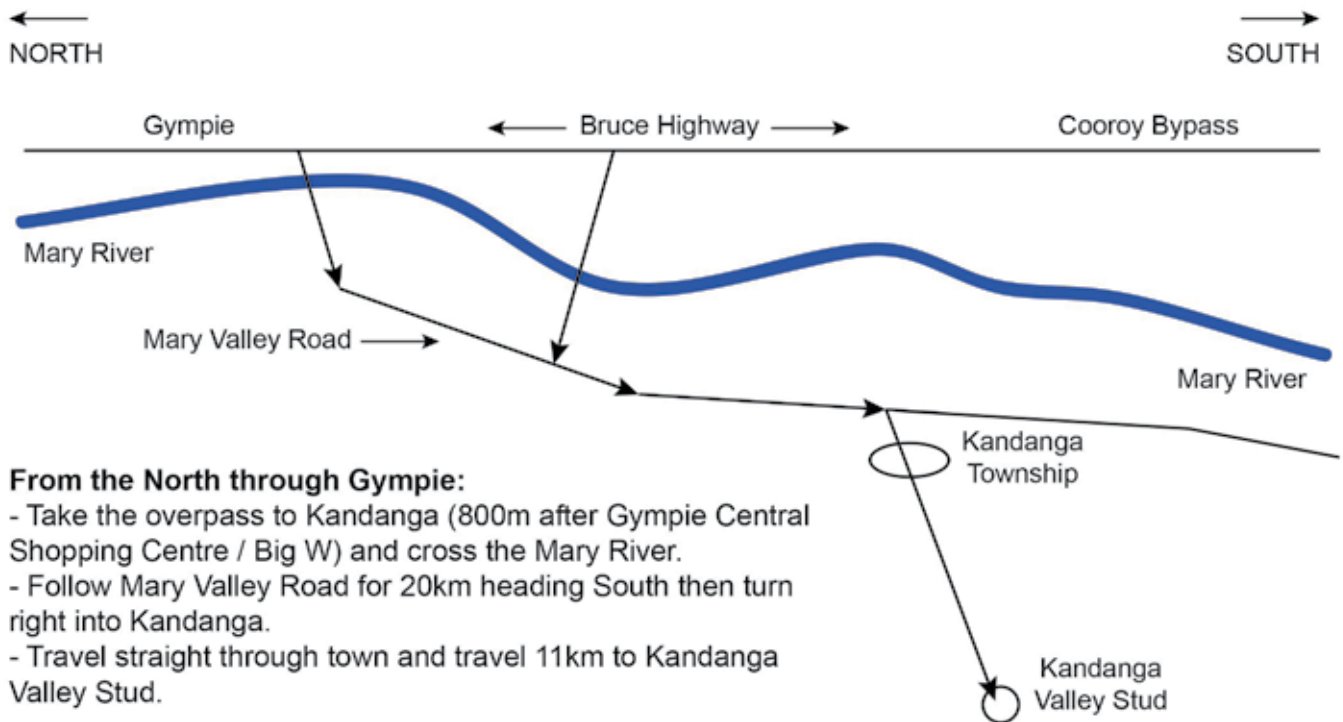

REFRESHMENTS: Lunch and refreshments will be available for purchase on sale day, catered for by the very capable Mary Valley Show Committee.

ALL BULLS ARE HANDLED WITH HORSES, DOGS AND QUADBIKES.

KANDANGA VALLEY JOURNEE (KAV J133E) (P)

COMMENTS: Plymouth is a POLL/SCURR bull (with both parents polled) & he is definitely one of the pick in this catalogue. He's quiet natured, soft, easy doing, clean coated & shows extra fat cover. From a first calf heifer who has now had 2 calves by 3 yrs & 4 mths of age. Great around EBV figures. Don't miss this potential stud sire.
