# VENDOR INFORMATION

## ALPHA CENTAURI ALPACAS

### Alpha Centauri Alpacos is a multi-award winning stud established in 2002

After almost 30 years combined service in the Australian Army, Andrew and Bronwyn established Alpha Centauri Alpacos in 2002. Andrew has held positions of committee member and President at AAA Regional level and was a member and Chair of the AAA Fibre Market Development Reference Panel.

Andrew is one of only a handful of qualified Professional Alpaca Wool Classers and he is very actively involved in the collection and classing of alpaca fibre for both Australian and international clients. Andrew is lucky enough to have his hands on over 100,000kg of both Huacaya and Suri fibre annually

Andrew and Bronwyn have managed their alpacas on properties in NSW and currently reside on their 175 acre farm at Warrenbayne in Victoria. We currently manage a breeding herd of over 300 alpacas consisting of both Huacaya and Suri. Our stud is consistently rewarded for our efforts at both regional, Royal and National Shows for animals and fleeces

Employed full-time off farm, we spend the rest of our time with the alpacas which is challenging and very rewarding. For us, alpacas are not just a business but a way of life and we enjoy the enormous amount of pleasure and reward that comes with owning, managing and breeding these beautiful and intelligent animals.

Andrew and Bronwyn are both AAA accredited judges and between them have been fortunate to have judged many of our top shows in every state in Australia. We feel extremely privileged every time we have the opportunity to judge both animals and fleeces and we are excited by the continued advancements in the quality of both.

Many of our alpacas in this catalogue are show stock or show quality stock from some of our best bloodlines. We hope you find something within the following pages of interest to add to your own herd and breeding programme.

Alpha Centauri Alpacos is a QAlpaca Herd 08/0281 PIC 3BEFK059

### Our Breeding Philosophy

By careful selection of alpacas with exceptional genetic backgrounds we produce quality alpacas with breeding predictability and sound conformation, growing a distinctive fleece which is highly sought after in both the breed and commercial fleece industries.

# ALPHA CENTAURI REFERENCE SIRES

## ELYSION JUPITER

Solid White Male

IAR 94339

DOB 17/03/2006

Sire: Benleigh Lorimer

Dam: Benleigh Jubilation

- 11 x Halter **SUPREME** CHAMPION
- 20 x Halter CHAMPION
- 2 x Fleece CHAMPION
- 5 x Halter Reserve CHAMPION

Jupiter's 8th fleece

Jupiter joined Alpha Centauri Alpacas in 2011 after catching our attention with the exceptional brightness, density and structure of his fleece which is all packed on a great sturdy frame. This elite stud sire has an impressive show career and is an 11 time Supreme Champion. His ability to pass on his fleece characteristics and frame to his progeny has been proven in the show ring with his progeny being awarded **over 20** Supreme Championships. Jupiter has also sired over 100 Champion and Reserve Champion ribbons. Jupiter has been awarded 50 places in Sires Progeny. He was 1st and 3rd place for Sires Progeny at 2014 National and 3 out of the last 4 years at Sydney Royal. Jupiter took over the reigns from our foundation stud males - Shanbrooke Society Class Act and Woodland Chase Milagro. This high impact male is exceptionally well regarded and is deserving of his reputation as a stud sire of choice in the Australian Alpaca industry. Jupiter's ability to replicated himself time and time again is amazing. **Available for outside Stud**

## ALPHA CENTAURI KOMMISSAR

Solid White Male

IAR 173043

DOB 04/02/2011

Sire: ElySION Jupiter

Dam: Alpha Centauri Keoney

- **SUPREME** CHAMPION - Bathurst Royal 2014
- 4 x Halter CHAMPION
- 5 x Halter Reserve CHAMPION

Kommissar was an outstanding example of the cream of our breeding program. The culmination of great genetics such as Benleigh Lorimer, Benleigh Bellissimo and Jolimont Conquistador. A near carbon copy of his elite sire ElySION Jupiter and carries all his fantastic qualities. He was highly awarded at all levels of showing including National (Champion Senior Male 2014) Royal and Regional level. He was awarded Supreme Champion at the 2014 Royal Bathurst Show. Since a cria he has been affectionately known as 'The Little Lamb' due to his dense greasy fleece, chunky frame, skin rolls galore and the soft, silky rolls of skin across his nose. Kommissar had an extremely dense fleece which opened like a book and was bright white with an even highly aligned crimp structure. We have used Kommissar extensively in our breeding program. All of his offspring are showing the traits for which Kommissar is known. Brilliant brightness, density, high frequency crimp with a high degree of curvature. Sold to The Netherlands in 2014 he was unfortunately stolen off farm in 2016.

# ALPHA CENTAURI REFERENCE SIRES

## BLACKGATE LODGE SUNSEEKER

Light Fawn

IAR 164394

DOB 18/11/2010

Sire: Camelot Tor

Dam: Blackgate Lodge Sonnette

- 5 x SUPREME CHAMPION Fleece
- 2 x BEST LIGHT FAWN Fleece
- 4 X CHAMPION Fleece
- 1 x RESERVE CHAMPION Fleece

Sunseeker is a 2 x **National Supreme Champion** for fleece. It doesn't get much better than that. He caught our eye back in 2015 and was on our radar since that time. Given the opportunity to purchase Sunseeker at the 2018 Rainbows End auction we weren't going to miss out. With an enviable pedigree including names like Camelot Tor, Shanbrooke Accoyo Tulaco, Jolimont Sculptor, ILR PPPeruvian Auzengate and Windsong Valley Royal Inca he was always going to rise to the top. We always felt that Sunseeker's high frequency, deep amplitude, super dense fleece with great handle was the next step for us and that it would compliment the styles of fleece being produce by Jupiter, Comanche, Vyper and Addixion. His first cria are due in Sept. He is **NOT Available for outside Stud Services**, so here is your chance to purchase quality females mated to a 2 x National Supreme Champion. \*Sunseeker is co-owned with Eulinya, Malakai and Whispering Gums Alpacas

## ALPHA CENTAURI KOLORADO

Solid White

IAR 184083

DOB 08/12/2013

Sire: ElySION Jupiter

Dam: Elitealpaca Kalyani

- Supreme Champion, Best White, Champion Senior Male, Moss Vale 2017
- 5 x Champion
- 4 x Reserve Champion
- 1st Mature White Male 2018 Sydney Royal
- Highly Commended 2016 National Show

Kolorado is the spitting image of his sire ElySION Jupiter. He was born with an extremely greasy fleece very similar to that expect in the merino sheep industry. His conformation is unquestionable and he is extremely potent. Kolorado is now taking over a fair percentage of his sire's workload as Jupiter is now 13 years of age. Kolorado has progeny on the ground and there a some in this auction. He has an extremely dense fleece with excellent uniformity of micron and character and style. This extends well into the extremities. **Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIREs

## ALPHA CENTAURI KOMANDO

Light Fawn Male

IAR 218665

DOB 19/12/2015

Sire: ElySION Jupiter

Dam: Elitealpaca Kalyani

- 4 x Halter SUPREME CHAMPION
- 9 x Halter CHAMPION
- 4 x Best of Colour

Kamando is an amazing example of our Jupiter progeny. He has been awarded Supreme Champion 4 times including the 2017 Sydney Royal. Kamando has a super dense fleece with a very deep amplitude fleece style. His first progeny are now starting to be born at Alpha Centauri and we could not be happier with the results. Kamando has the most placid nature and is always the first to greet you in the paddock. He is passing this onto his progeny with them being extremely curious and easy to handle. We are now using Kamando extensively in our breeding program and along with his full brother Kolorado they are now taking over the reigns from their elite sire ElySION Jupiter.

**Available for outside Stud Services**

## ALPHA CENTAURI VYPER

White Male

IAR 134876

DOB 09/08/2007

Sire: Shanbrooke Society Class Act

Dam: Molongo Xuanzong

- 2 x Halter CHAMPION
- 2 x Halter Reserve CHAMPION

Vyper is a compact male with a dense, crimped fleece. He was awarded Champion Junior Male at the Sydney Royal and Hawkesbury Shows in 2008. Vyper is the best of our Class Act breeding and has taken over from his exceptional stud sire in our breeding programme.

Vyper sires progeny with exceptional density and a distinct lack of visible primary fibre. He has produced outstanding results when joined to Jupiter progeny. He consistently produces colour when joined to coloured dams. We are amazed with Vyper's ability to significantly reduce the micron of primary fibre in his offspring. His progeny have exceptional handle because of this and we use him regularly for this purpose.

**Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIRES

## LONGUEVILLE PARK MADIBA

Solid True Black

IAR 184466

DOB 26/02/2012

Sire: Koorana Park Black Knight

Dam: Tanj Nina

- 6 x SUPREME CHAMPION
- 9 x BEST BLACK
- 9 X CHAMPION
- 5 x RESERVE CHAMPION

We are extremely proud to be the current owners of Madiba. Breed by Liz and Rosemary at Longueville Park alpacas and shown extensively by them he caught our eye way back in 2014. When presented with the opportunity to purchase Maddie and add him to our stable of stud sires we jumped at the chance. Madiba joined us in late 2018 and since that time has covered a number of our females both dark and light coloured. We are extremely confident in Madiba's ability to throw True Black cria with no colour contamination. We have seen many of his cria and they are all VERY BLACK. Madiba has his first cria being born in Sept 2019 and we will be offering a very limited number of these cria for sale.

**Available for outside Stud Services**

## ALPHA CENTAURI ADDIXION

Solid White

IAR 173050

DOB 19/03/2011

Sire: Alpha Centauri Vyper

Dam: Alpha Centauri Adeliah

- CHAMPION 30-48 months Fleece Sydney Royal 2014

Addixion has proven himself time and time again with the standard of the progeny he produces. Whilst he hasn't been shown much due to his poor show ring behaviour, he has the fleece qualities that we want to inject into our breeding program. Since a cria he has had an extremely heavy, greasy fleece with an exceptionally deep and bold crimp along with a long staple length.

Addixion regularly gets the pick of the bunch from our elite females. He has produced numerous Champions. We are extremely pleased with how he has influenced our breeding program and we have found him to be extremely complimentary to our Jupiter and Comanche breed lines.

**Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIREs

## ALPHA CENTAURI COMANCHEE

Light Fawn Male

IAR 162809

DOB 11/03/2010

Sire: Woodland Chase Milagro

Dam: Alpha Centauri Shanoa

- 4 x Halter CHAMPION
- 2 x Halter Reserve CHAMPION
- 3 x Fleece CHAMPION

Comanchee has a knockout pedigree which includes EP Cambridge Peruvian Maximus, Adori Accoyo Altaz, NWA Ltd Ruffo & Jolimont Warrior. His sire Woodland Chase Milagro and dam Alpha Centauri Shanoa have both had extensive show careers and Comanchee has followed in their footsteps. Shanoa is one of our best and consistent breeding females. His fleece was awarded Champion Light Fawn at Sydney Royal 2013 and 2015 and Reserve Champion 30-48 mths White at the AAA National Show 2013. Comanchee is a well grown male with a 'look at me' attitude and great conformation. He has a dense fleece which displays a highly aligned, deep, very high amplitude crimp. We have used Comanchee extensively in our breeding program. He has produced stunning cria which are highly complimentary to our Jupiter and Class Act line of breeding. **Available for outside Stud Services**

## BEDROCK SENTINEL

Light Fawn Male

IAR 155311

DOB 21/04/2009

Sire: Blue Grass Centurion

Dam: Windsong Valley Summer Snow

- **SUPREME CHAMPION LIGHT FAWN - SNSWR**  
Colourbration 2012
- 4 x Halter CHAMPION

Sentinel has an enviable pedigree with Blue Grass Centurion, Jolimont Warrior, Jolimont Conquistador & Purrumbete Ledgers Dream, that's just on his sire's side. On his dam's side is Windsong Valley Summer Snow and Peruvian Sonoma.

He has had an extensive show career and has been placed well at National, Royal and Regional level. He was awarded Supreme Champion Light Fawn at the Southern NSW Region Colourbration in June 2012. His fleece has been awarded Champion 18-30 mths White at the Sydney Royal 2012 and a 1st 12-18 mths Light Fawn at the AAA National Show in 2011. He is a good natured male sporting a stocky, strong frame, a very dense fleece with highly aligned, high frequency crimp. **Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIREs

## ALPHA CENTAURI GUNS N ROSES

Solid Medium Brown

IAR 218656

DOB 16/11/2015

Sire: Alpha Centauri Addixon

Dam: Alpha Centauri Myamee

- 4 x BEST BROWN
- 2 x RESERVE CHAMPION

Guns N Roses has faultless conformation, frame and substance of bone. Gunny is an upcoming stud sire of the future and we have just had his first cria which is a top quality male from one of our coloured females. Gunny has amazing density and length of fleece staple. His fleece has an exceptionally soft handle displaying excellent uniformity of micron, character and style right across his frame. A beautiful deep brown coloured fibre of great length for age of growth. He has a fantastic nature and is a gentle, easy to handle male. His stunning attributes have been well recognised in the show ring.

**Available for outside Stud Services**

## YARINGA JUMEAU

Solid True Black

IAR 211423

DOB 27/02/2016

Sire: Classic Darkness Before Dawn

Dam: Yaringa Porcelain Doll

Jumeau was selected by us to add to our coloured breeding program in 2017.

Jumeau currently has his first cria arriving at Alpha Centauri and they are exceptionally black with excellent handle and fleece length. Jumeau will work alongside Madiba in our coloured breeding program and we are confident in Jumeau's ability to produce solid black progeny due to his almost completely black pedigree. Jumeau has an excellent temperament and we are already seeing this being passed on to his progeny.

**Available for outside Stud Services**

Lot 1

# ALPHA CENTAURI EVERLEIGH

## Medium Fawn Huacaya Female

IAR 134963 • DOB 23/10/09

Blue Grass Waterloo Sunset

Wyterrica Sebastion

**Sire: Wyterrica Propaganda**

**Dam: Wyterrica Eloise**

Wyterrica Dark Eyes

Purrumbete Crimson Glory

### Fleece Stats

2010: 16.1 mic, 3.1 SD, 100% CF

2015: 21.9 mic, 4.1 SD, 96.2% CF

2019: 24.9 mic, 4.4 SD, 90.7% CF

Everleigh had a stunning show career winning many broad ribbons against the best whites in NSW at the time. She still maintains a very soft handling fleece. She has tuxedo markings indicative of her grey genetics.

Still displaying excellent fleece stats for a girl of her age.

Up until this mating we have never mated Everleigh to a dark coloured stud sire. We are excited to see what she produces from her current mating to Longueville Park Madiba. Mated 18 Sept 19. Pregnancy confirmed

Covering Sire  
Longueville Park  
Madiba

Lot 2

# ALBLACKA DELPHINIUM

## Solid Bay Black Huacaya Female

IAR 177034 • DOB 1/1/15

Mt Cotton Kruger

Wyona Marbo

**Mated to Blackgate Lodge Sunseeker due early Aug 2020**

Her sire was sold overseas to the Netherlands in 2014 and thus these genetics are no longer available in Australia.

Saffire is another of our females that we would definitely have retained in the herd had we not needed to reduce numbers.

Shanbrooke Accoyo Tulaco

Jolimont Rodrigo 2

**Sire: Patagonia Celtic Triumph**

**Dam: Hunter Princess**

Patagonia Celtic Rose

Hunter Macusani

### Fleece Stats

2019: 29.6 mic, 6.5 SD, 59.8% CF

Countess has only ever been mated to Jupiter. Why, Because it works. She produces quality cria from this pairing and when you are on a good thing you stick to it. Her most recent daughter Crystaluna is also available in this sale.

She is currently unjoined and is available for mating to any male of your choice

Lot 82

# ALPHA CENTAURI VITTORIAH

## Solid White Huacaya Female

IAR 218807 • DOB 19/02/19

Benleigh Lorimer

Pacofino Maximilian

**Sire: ElySION Jupiter**

**Dam: Pacofino Vanilla Ice**

Benleigh Jubilation

Pacofino Vanilla Rose

### Fleece Stats

2019: 19.3 mic, 4.9 SD, 97.3% CF

Anyone who knows our breeding lines will appreciate that this is a very rare offering. We simply don't usually offer Jupiter sired females from this stunning Dam. Vanilla Ice is a prolific producer of top show quality progeny. The joining of these two stud animals is a no brainer for us and we do not mate Vanilla Ice to any other male.

Vittoriah is very well grown with excellent fleece qualities. She is ready for joining and had she stayed with us we would have joined her to Sunseeker without any doubt.

Alpha Centauri Outlaw

**Sire: Blackgate Lodge Sunseeker**

**Dam: Alpha Centauri Delainey**

Blackgate Lodge Sonnette

Alpha Centauri Alexa

### Fleece Stats

Not Tested

This girl comes from one of our best breeding females who we will retain in the herd at the end of this sale. Delainey has produced top show quality progeny in the past and this girl is no exception. She has an amazing softness of handle indicating extremely low micron.

A fleece that breaks open in small bundles with uniformity of style She is an example of the quality that Sunseeker produces.

This is a female that we would have definitely retained had we not needed to reduce numbers. She will be available to the lucky purchaser once she has been weaned in late July

ElySION Jupiter

Alpha Centauri Vyper

**Sire: Alpha Centauri Kolorado**  
Elitealpaca Kalyani

**Dam: Alpha Centauri Ensueno**  
Alpha Centauri Everleigh

### Fleece Stats

2019: 16.7 mic, 3.9 SD, 100% CF

Excapade was to be the lead young male in our 2020 show team and we had very high expectations for this male.

He has a superior genetic background on both sides. Both Kolorado and Jupiter are multi Supreme Champions. Every animal on the Dam's side listed above have been awarded Age and Colour champions across many age levels.

Excapade has a typically dense Jupiter style of fleece displaying amazing uniformity of style, Micron and low primary micron diameter. This boy has it all going on and would improve any herd.

**Sire: Alpha Centauri Kamando**  
Elitealpaca Kalyani

**Dam: Elitealpaca Sharlena**  
River Ridge Rainstorm

### Fleece Stats

2019: 16.2 mic, 4.3 SD, 100% CF

Another of our planned 2020 show team. Smooth Criminal is from one of our strongest Dam lines. Sharlena has produced quality male progeny time and time again. We will only ever offer the best of our males for sales as either certified males or potential stud sires.

Smooth Criminal is one of these. He carries the SUPER dense fleece of his Sire. Excellent uniformity of micron and character and style.

We highly recommend Smooth Criminal to any breeder looking to specifically advance a white herd of huacaya.

## BEDROCK SENTINEL

### Light Fawn Huacaya Male Certified

IAR 155311 • DOB 21/04/09

Jolimont Warrior

Peruvian Sonoma G200

**Sire: Blue Grass Centurion**

**Dam: Windsong Valley Summer Snow**

Purrumbete Vanilla

Shanbrooke Madonna

#### Fleece Stats

2010: 17.7 mic, 2.9 SD, 99.8% CF

2014: 23.0 mic, 4.2 SD, 94.7% CF

2019: 27.3 mic, 5.5 SD, 75.3% CF

Sentinel had a MASSIVE show career with us which spanned 4 years from 2010 - 2013. He was rewarded time and time again for his uniformity of low micron fleece all packed on a solid frame. He has passed on his genetics to many of our stud stock. We have not utilised Sentinel much in the last few years as we have concentrated on Jupiter genetics and now our Sunseeker line. Thus it would be a shame to see Sentinel go to pasture when he is still very capable of improving many herds.

Sentinel Fleece 2011

### Fleece Stats

2019: 25.6 mic, 5.3 SD, 83.5% CF

Jack has been a successful part of our Show Team and has been placed in all his Shows including many Blue Ribbons and was awarded Best in Colour at Winter Wonderland 2018 and was placed 2<sup>nd</sup> at Melbourne Royal 2019 under Judge Rito Horta.

His fleece has a lovely lustre and soft handle, locking to the skin on a nice strong frame. Jack comes Certified and more than ready to begin work. We feel he will be an asset to new suri breeders wanting colour as his colour has been faithfully carried down from his sire through his half-brother and now Jack himself.
