2020 Annual On Farm Production Sale Supplementary Information

1. On 17th August all bulls were scanned by Roger Evans. Weight, Scrotal Circumference, P8 Fat, Rib Fat, EMA, IMF and Hip Height were all measured. Results are tabulated below
2. On 18th August all bulls underwent a thorough Veterinary examination including soundness evaluation and semen testing. This was undertaken by our Vets Piper Street Veterinary Clinic (Rhys Duncan). Individual reports have been processed for all bulls
