## Fullerton Merino Stud History

On Friday the 29<sup>th</sup> of January 2021, Fullerton Merino Stud will be holding their 11th annual sale at the grounds of the Laggan Pub. The Australian Wool Network will be conducting the auction under the Helmsman system with A Plus interface.

There will be 40 rams, horn & poll offered for sale. All rams offered will be a selection of Fullerton, One Oak, Adina, Yarrowonga, Cottage Park, Bindaree and Hinesville bloodlines. Characteristically showing heavier fleeces, large frames and maintaining bright, soft, stylish wool.

Grown sheep averaged 7-8kg of 18.5-19.5 mic wool, depending on season.

Since 1996 maiden ewes are fleece weighed, fleece tested and body weighed. This information is used in conjunction with visual classing. All joined ewes are scanned every year. They regularly scan 120-130% in lamb. At lamb marking the previous three years have averaged 101% lambs marked.

Private viewing can be arranged prior to the sale.
