# TRAITS THAT DEFINE THE VALUE OF TERMINAL SIRE

The skills in selecting terminal sires for lamb production is to identify those sires that have desirable genes that produce lambs with high growth rate, low fat (lean) and better carcass conformation. At present, we cannot directly measure the genes of an animal. LAMBPLAN can however provide an estimate of the value of a sire's genes by looking at his own performance for certain traits and that of his relatives. This estimate is called an Estimate Breeding Value (EBV). For terminal sires there are three main traits to concentrate on these being:

1. Post weaning weight (PWWT) – describe the animal's genetic merit growth rate. A positive EBV means the animal's progeny will be genetically faster growing. That is they reach market weight at an earlier age.
2. Post weaning fat (PFAT) – describe the value of each animal's genes for fat depth at constant weight – a negative EBV means that an animal's progeny will be genetically leaner animal.
3. Post weaning eye muscle depth (PEMD) – describe the value of each animal's genes for eye muscle depth at constant weight – a positive EBV means a genetically thicker-muscled animal, and one that will have slightly more of its lean tissue in higher-priced cuts.

# HISTORY

- Banquet White Suffolk Stud was founded in 2001. Bloodlines from Allendale, Depta Grove, Days Whiteface and Penrise have had a great influence. Current top sires are Depta Grove 170267 purchased 2018 for \$16,000 and Mertex 180346, purchased from Bendigo Elite Show and Sale.
- Banquet Suffolk Stud was founded in 2011. Foundation stock from Sasimwa, Allendale, Broughton Lodge and Tyresta. Sires of rams on offer are Bendigo Elite Supreme Suffolk exhibit and top price Suffolk ram Sayla Park 180192 and Banquet Blacks 190501, son of Sayla Park 'Everest' 170018.
- The Banquet Southdown/White Suffolk Flock was founded in 2016. With the purchase of Chandpara's top price ram 150167, and Fairbank 160882 in 2017, which have then be used over stud White Suffolk ewes, offering the thickness and hindquarter of the Southdown, and the length, growth and clean points of the White Suffolk.
- Banquet Southdown Stud was founded in 2020, after purchasing the Hendon Park Stud ewes and Stud Sire Fairbank 180939.
