Our History

Bauer Border Leicester Stud was founded in 2004 with the purchase of 10 ewes from the Retallack Stud. Further bloodlines were added from Cadell, Morton and Jackson Studs. In later times, Sires have been purchased from Geraldine, Normanhurst, Bindaree, Ellingerrin & Coolawang Studs. Having increased our numbers to approximately 550 ewes most sires used are Bauer bred with the introduction of outside blood every couple of years.

Wanting to benchmark our stock against the best in the country, we started showing in 2006 at Sydney Royal. The highlight from that year was winning Champion novice exhibit at The Australian Sheep & Wool show. Since this time, we have been very successful in the showing winning Supreme Prime Lamb Dam at Sydney Royal, Supreme Longwool Exhibit and Group at the Australian Sheep & Wool Show and 5 times Supreme Border Leicester at Melbourne Royal.

Whilst we love showing our sheep, our focus has always remained on the commercial traits that our clients demand from us: length of body, muscling, wool, and fertility. All Rams have been muscle scanned by Stockscan and have been micron tested and fleece weighed. Clients have consistently had success with Bauer progeny ranging from weaner wether lambs through to 1.5-year-old Ewes.

The Rams this year will present in exceptional condition due to grazing on cereal crops and most recently canola. The rams have had no supplementary feeding since May. The Rams were shorn on the 1st of July, drenched with Tri-Guard and, back-lined with Viper on the 3rd of July. The rams have also been vaccinated with Eweguard on the 18th September. Muscle scanning was conducted by Stockscan in early September.

Lots 1-10 are specially selected Rams which may be suitable for Stud purposes. Please note a minimum price of \$3000 to Rams that are to be registered.

Brucellosis Accredited Y507, Gudair Vaccinated, eligible for entry to all States.

Complimentary Delivery is available for purchasers (numbers permitting).
