

# Hillcroft Farms Semen Sales Policy 5<sup>TH</sup> OF October 2021

In the interests of the fledgling new breed UltraWhites and to protect the value of client purchases of their sheep the Proprietors of Hillcroft Farms reserve all semen sale rights from rams sold at Auction.

It is not the intention of the proprietors to sell semen from any of these rams.

They passionately believe it will be in the best interests of the long-term development and influence in the industry that these measures are put in place early in the life of the breed.

This does not in anyway interfere with the ability of buying syndicates or partnership purchases to operate and share rams in the normal way.
