**Notes:** *Opal 2nd is a heifers first calf, out of the Reserve Junior Champion Female at the RMS 2019. If you liked her dam, you will love this calf; she is the spitting image of her mother, with the added bonus of calving ease and carcass attributes of her sire. Opal 2nd has been taught to tie up as a calf, and is so naturally quiet you can pat her in the paddock. She would make an excellent show prospect or perfect for anyone looking to take a heifer to a youth show. Opal 2nd was born unassisted at 37kg and sells with 5 straws of Ganado Pancho: Supreme Exhibit from RMS 2019.*

**Notes:** Rokocoko R8 is a heifers first calf and was a standout for his thickness and carcass attributes. There is a bit of grunt in this bull, however he's out of an exceptional N drop female who is part of the ever consistent Sevilla line, meaning this bull should produce quality daughters. Never in his life has he been fed grain or pellets so it's either been the grass underneath him or hay - no special favours. SC 39cm. Semen tested. JBAS 6
