

Premier Murray Grey Sale – Saturday 16th October 2021

Elbern sale notes for Lots 5, 30 and 31

All the above lots were ear notched and tested PI negative including the calf at foot on Lot 5.

On the 5th October 2021 the above lots were pregnancy tested. Lots 5 and 31 were both preg tested in calf and Lot 30 although not detectably pregnant was found to be sound and has been depastured with Ganado Riley R10 since 30/8/2021.

Vet certificate available re PI and preg test results.

All lots have been vaccinated with 7 in 1.

All the above lots are in excellent health, have been grass fed and supplemented with hay and silage only, **absolutely no grain.**

If purchased by mainland buyer, we will organise and cover freight via Hodge Transport to their depot at Ballan in Victoria.

Photos and videos are displayed for each lot.

If you require any further information on any of these lots, please phone **Bernard on 0417 593 158** or email batkins@iinet.net.au
