GST

All lots will be sold GST exclusive.

BREEDING GUARANTEE

All bucks sold are fertile and structurally sound to the best of our knowledge. If a buck breaks down due to reasons other than injury or misadventure within 6 months of the sale we will either provide a satisfactory replacement or issue a credit equal to the purchase price minus salvage value. This is not a life insurance policy. Normal care needs to be taken as we cannot replace an animal that is injured or dies for any reason. This guarantee is in addition to normal terms and conditions governing auction sales, and as such the vendor's decision will be final. In some cases buyers may be requested to supply a veterinary report.

ANIMAL HEALTH

Springvale bucks are vaccinated Glanvac 6in1. Macanda bucks are vaccinated Glanvac 3in1. All bucks have been wormed prior to sale.

INSURANCE

Insurance risk of animals sold at auction transfers to the purchaser at the fall of the hammer including animals remaining at the sale complex. Purchasers are advised to insure their animals at the completion of the sale. Stud animals are not covered by commercial livestock insurance at any point.

DELIVERY

The vendors will provide free delivery to select locations for goats purchased at the sale. We will do our utmost best to deliver bucks to a location on route as near as possible to the buck's final destination. Delivery routes will be arranged after the sale, and it may be up to 10 days following the sale before your buck/s arrive. Any bucks that have a delayed delivery will be transported to 'Springvale' and remain there until delivery can be arranged. All care but no responsibility will be taken – we recommend insuring your purchases.
