

Dear Beef Producer,

On Thursday 25th November, the Burnett Family at *Bendemeer* will be hosting their 12th on-property bull sale.

Again, with invited vendors Winvic Pastoral, 66 commercially relevant beef bulls will be on offer. Each year more and more commercial producers are buying Bendemeer Sale Bulls as they have been proven to perform and excel in tough commercial conditions.

The 2021 sale team consists of 43 herd bulls, along with 23 bulls registered with the Australian Tropical Composites register. On offer for the Helmsman auction will be:

- **28 Hereford based (Braford) composites**
- **19 South Devon Composites**
- **19 Brahman Composites**

There are 63 two-year-old bulls and 3 three-year-old bulls in the sale.

All of the bulls have been paddock raised and have spent the last few months grazing some winter forage. They are NOT overfed, and ARE ready to go straight out in the paddock and get to work!

In addition to providing structurally sound, growthy young bulls for your consideration, all bulls have been:

- **Performance recorded** since weaning (weighed regularly, weight gains measured and culled heavily!)
- **Fully vaccinated** (Including booster shots where required) for **3-day, 7-in-1, Vibrio, Botulism** and **3-germ blood**.
- BBSE assessed by a Vet, including full **semen morphology** evaluation.

Additionally:

- All registered bulls have been DNA **genomic profiled**.
- All bulls will be **pre-treated for cattle ticks** to make transferring to clean areas easier.
- All bulls will be **delivered free of charge** to selected major centres or onto property if possible.

The **Bendemeer Bull Sale** is not just another ordinary bull sale. We actively try to do things a bit differently! Like most beef producers, we have unfortunately suffered our share of disappointments with bull purchases. Our intention is to approach the selling of genetics differently, to remain focused on commercially relevant breeding and measurement and, hopefully, take the “guesswork and luck” out of a bull sale transaction!

Bull inspections start from 8am on sale day, or at any time prior, by appointment. Our guest speakers this year are Paul Stapleton from PLF Australia, and Dr Diogo Costa from the Future Farming Systems team at CQ University. They will be presenting on some of the latest developments in Ag Technology.

The Helmsman Auction will start at midday, and bidding is also available through Auctions Plus. Smoko and BBQ lunch will be available for everyone in attendance.

For Bull Sale videos, photos and a downloadable catalogue please visit the [AuctionsPlus sale page](#).

Or follow the sale pages on [Facebook](#) or [Instagram](#)

Even if you don't need any bulls this year, please feel welcome to come for a look.

If you require any additional information, please see contact details below:

The banner features three main sections. On the left is the Burnett Group logo, a stylized 'B' and 'G' monogram, with the text 'burnett group' below it, and contact details for Doug Burnett: 'Doug Burnett 0427 030 883 burnettgroup.com.au'. The center section is the largest, with 'BENDEMEER BULL SALE' in large, bold, serif font, followed by 'THURSDAY 25 NOVEMBER 2021 • CLERMONT' in a smaller font, and '66 TROPICAL COMPOSITE BULLS' in a large, bold, sans-serif font at the bottom. On the right is the Winvic Pastoral logo, featuring 'EST. 1957' above 'WINVIC PASTORAL' in a serif font, with 'CLERMONT' below it, and contact details for Alice Marks: 'Alice Marks 0427 835 078 winvicpastoral.com.au'.
