1. **Special Stud Sires** – Top 5% of the drop
2. **Specially Selected Sires** – Next 10% of the drop, top ram breeding sires
3. **Selected Rams** – From top 50% of the drop

**Semen Rights:** SheepMaster retains 100% semen rights of all rams sold

**NSSBs back the quality of any ram sold.** Any genuine dissatisfaction with ram – replacement next sale.

**Shedding** – All sale rams are selected for total shedding. Young rams are slower to shed in the first year. The prolonged cold, wet season has delayed normal shedding this year. *We do not inject or shear to remove shedding winter coats*

SheepMaster™ uses an **internal scoring system** which focuses on feet, walkability, constitution and skin (shedding) quality. All stud ewes and sires shed totally, every year.
