Buy and Sell stock nationally

DELIVERY OF STUD LOTS

Local delivery of stud lots will be organised by Monterey. All other stud lots sold at auction will be delivered free of charge to nominated regional centres (Albany, Mt. Barker, Kojonup, Esperance, Manjimup, Boyanup, Brunswick, Waroona, Midland, Geraldton).

Generous assistance is available to interstate purchasers - Contact us for more details.

Gary 0419 958 579 Julie 0408 958 531

Welcome to our 29th Annual Monterey Sale.

What a difference 12 months can make! Most parts of the country have had much improved seasonal conditions and the cattle market is at levels never seen before. Throw in Covid -19, borders closing then opening and closing again – it's certainly been action packed!

We've been fortunate to have enjoyed good grass growth throughout our season (April -Dec) and that is currently reflected in the bulls. Their weight for age and actual data is outstanding.

Market hype for Angus has never been stronger, but it's worth noting the fat cattle prices for Greys have been just as strong, and in many cases even stronger, reflecting their superior yield. Coat colour appears set to become an important factor in the beef industry with research results indicating 20%+ higher performance of light coated cattle in Summer feedlot conditions. We strive to produce slick coated cattle whatever the colour of their coat, which leads to improved performance in hot conditions.

Certainly one of the most rewarding aspects of breeding seedstock cattle is to read and hear about the fantastic results being achieved in the marketplace by our valued clients. Each week the market appears to be hitting new highs. Last week it was long term clients Dean and De Scott, Silverlands, Bridgetown, whose outstanding line of 225 Angus sold for an average of \$492 c/kg for their 155 steers and 457c/kg for their 70 heifers.

Congratulations to all our clients on doing the job so well.

With a lifetime of involvement in the beef industry (starting out with my father's Arumvale stud in 1968), we know the breed bloodlines and what it takes to breed a balanced animal. That is, born without fuss, robust and fast growing, easy doing with ideal muscle development, calm temperament and structural correctness. It all adds up to 'type' – sires must fit our type – providing enduring consistency. Whilst we have been in Murray Grey Breedplan since its inception, and feel it somewhat accurately represents our cattle, we have abandoned Angus Breedplan, because we felt this was re-directing our breeding program away from industry relevant cattle towards breeding a fancy set of numbers, which the processors won't pay you for – we believe in actuals, not estimates.

Of course, the foundation of any herd is its females, and we are proud of the reputation we have built over many years for the quality of our cows, both Grey and Black.

We are excited by the depth and quality of this year's sale team. So many top-class bulls from start to finish including the progeny of many new sires, both Murray Grey and Angus. With over 250 bulls available, we can apply far higher standards of selection than most.

As always, all bulls have been through a rigorous programme with all having been fully vaccinated, semen evaluated and reproductive apparatus assessed. Our backup service is second to none, with all bulls guaranteed to do the job.

We look forward to your company on sale day, if you have any queries beforehand, please don't hesitate to contact us. The sale will be interfaced on Auctions Plus for those unable to attend, but wishing to bid, and telephone bidding will also be available.

Best wishes for the coming year.

Gary and Julie

General Information

PRE-SALE INSPECTIONS:

The sale cattle will be available for public inspection at the Monterey, Brockman Highway, Karridale the day before the sale, and from 10.00am on sale day, or at an earlier date on property at Monterey. Enquiries and inspections welcomed.

BULLS: WEIGHT AND HEIGHT: E.M.A. AND FAT SCANS

Bulls were scanned by Max Bowman Livestock (Accreditation No. 1026) 17th December 2020..

BULLS: PHYSICAL EXAMINATION: SCROTAL CIRCUMFERENCE: SEMEN TESTING

All MONTEREY sale bulls have been thoroughly examined for breeding and structural soundness and have had their testicles measured and details are listed in the catalogue. Please note, bulls 18 months or older should have a scrotal circumference of no less than 32cm, however bulls in this sale average 40+cm. **All bulls have undergone a semen evaluation. Tests conducted by FarmWest.**

SOCIETY TRANSFERS:

Transfers of stud cattle will be available at the vendors' expense. Kindly fill in the correct trading title on the instruction slip at the rear of this catalogue.

All cattle are guaranteed eligible for transfer unless otherwise stated.

HEALTH TESTS:

MONTEREY HAS A HERD HEALTH SCORE OF JBAS 8, WITH CATTLE ELIGIBLE TO GO TO ANY HERD IN ANY STATE. All stud cattle offered for sale are guaranteed free of brucellosis, TB, mannosidosis and Johnes disease. Sales to interstate buyers are conditional on the cattle passing the necessary health tests for entry into the purchaser's state.

As added protection for clients all Monterey bulls are vaccinated according to the Zoetis STAR programme.

SELLING AGENTS:

The sale will be conducted by Elders and Nutrien as agents in conjunction. A rebate of 3% will be paid to any outside agents introducing buyers **in writing 24 hours prior to the sale** and settling within 7 days. The rebate will apply on all stud lots, both male and female.

VENDOR WARRANTY:

All the cattle being offered have been produced and reared under entirely natural conditions. They have not been given any growth promotants nor have they been artificially reared. All bulls and females are guaranteed fertile. To this end, all bulls have been semen tested very recently. **Monterey Murray Grey and Angus bulls carry a 2 year warranty for structural or genetic problems.** Where disease or injury causes infertility or inability to serve, **or in multiple mating situations**, this guarantee does not apply. Any claims to be accompanied by a veterinary certificate. **This warranty is not an insurance policy**, and we strongly recommend you insure your purchases

HEALTH AND SAFETY OF VISITORS

Under normal circumstances, our bulls are quiet to handle, however even the quietest bull is in fact an unpredictable animal, so be alert.

Do not crowd the bulls or loiter inside the pens unnecessarily.

Please call an escort through the bulls if required.

**VISITORS ENTER THE CATTLE PENS AT THEIR OWN RISK
NO CHILDREN ALLOWED IN PENS**

DISCLAIMER:

The information contained in this catalogue is believed to be correct. All care has been taken in its preparation. However no responsibility is taken for any inadvertent errors or omissions.

Notes: Without a doubt one of the most impressive bulls bred in the stud. Magnificent individual with performance, super sound structure, calm disposition and a truckload of style. His calves are born light and develop very quickly to display outstanding muscling, phenomenal weight for age and all the style of their sire. Heaviest bull of the Q drop is a Kalahari K304 son.

Notes: Seriously well built son of Majestic Boy with a brilliant phenotype, outstanding performance and super structural correctness. Has the refinement (excellent feet, depth of heel, broad muzzle, dark pigment and sirey head) to make a top class sire in any herd. Heifer's first calf. EBV's top 1-5% for RBY, top 1-5% Scrotal, top 15% 200 day growth, top 1-10% for \$Indexes. A very good bull to start the sale of what we believe is the most consistent line of bulls we've ever offered.

ACC						MPV										

Notes: A quality Himalaya son - they don't come any better muscled or well grown than this - out of a heifer (33kg born). Brilliant B+ butt profile with softness and smoothness. Mid grey, possesses terrific width, great body depth and length. Put simply, this is an outstanding young bull with superb structural correctness. Equal #3 for IMF scan and growth. Calving ease with growth and carcass.

Notes: Purchased at 14mths for \$17,000 (second top price at the 2014 Millah Murrah sale). A maternal brother to Scot Hallmark. Described by Ross Thompson as "a cracking calf from a super performing young cow". Has matured into a massive volume sire with magnificent coat type and style to burn. Sired our 2018 and 2019 top priced bulls. Ultra quiet natured bull. Top 1% calving ease yet progeny have massive weight for age. His sons have sold to \$30,000 and his daughters are outstanding.

\$90	\$84	\$83	\$93
91	97	92	92

Traits Observed: None

Statistics: Number of Herds: 2, Prog Analysed: 140

Notes: Massive bull who was used exclusively over heifers as a yearling and 2yo with no assists. His sons have met with strong demand with many breeders commenting on their work ethic. Very long, deep bodied bull with a fantastic spine, heavy hindquarter, super sound structure and quiet nature. No data has been submitted for his sire and dam or his progeny, so his EBV's have absolutely no relevance. He weighs 1350kg and carries it with ease. Great weight for age in his progeny.

"What happens if you get scared half to death twice?"

Notes: Very well muscled bull with excellent fat cover and softness. Just mid-June born and he scanned and weighed brilliantly. 800kg at under 18 months – totally grass reared with the #1 EMA scan at a sensational 129cm². Actuals trump estimates if you're a realist and this fellow is the real deal if you're looking to breed outstanding weaners. Tremendous EMA and a very high IMF – a highly desirable combination.

	BW	200-D	400-D	600-D	MCW	Milk	SS	CWT	EMA	Rib	Rump	RBV	IMF																
ACC	+1.4	+18	+26	+29	+23	+7	+0.9	+23	+2.6	+0.4	+0.5	+1.1	-0.6	62%	63%	67%	67%	55%	45%	66%	57%	44%	50%	50%	47%	38%	+\$41	+\$41	+\$50

Notes: Outstanding heifer specialist. Very smart bull, light born, with an excellent carcase and above breed average growth. A heifer's first calf. Smooth through the front end, with length and ideal muscle development. His sire was used widely over heifers and cows with no assists. Seriously good young bull for those looking for a genuine heifer bull without sacrificing later growth. Positive fat and very easy doing. Top 1-5% Calving Ease, top 10% Milk, top 10-15% EMA.

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.
PV : both parents have been verified by DNA.
SV : the sire has been verified by DNA.
DV : the dam has been verified by DNA.
: DNA verification has not been conducted.
E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents.....

from member.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: Signature:

Date:

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email office@angusaustralia.com.au
