STONEY POINT PERFORMANCE ANGUS

11 PLUS PROFIT ASSURANCE

AVERAGE EBV'S EXCEEDED ANGUS BREED

Many of the sale bulls are indexing in top 1% of Angus breed. Using Stoney Point bulls will make sure your herd is right up there for all the critical performance traits, however, we do not compromise on phenotype. All bulls must be structurally sound.

BULLS ZOETIS i50K TESTED

This Genomic enhancing test on bulls where indicated using individual DNA provides extra certainty to the figures of the bull you purchase. It also means they are parent verified and the DNA figures confirm we are ahead of breed average.

BULLS SIRE VERIFIED

STONEY POINT 6 POINT HEALTH ASSURANCE

Surpasses Zoetis 5 Star breeder program.

ACCURATE AND INDEPENDENT MEASURING

All non visual traits are accurately and independently measured by recognised experts.

SEMEN TESTED

To ensure live sperm are delivered, we have semen tested all bulls and only those with more than adequate motility are being offered.

STRUCTURALLY ASSESSED BY INDEPENDENT EXPERTS

Dick Whale has structurally assessed all bulls in the sale.

REPLACEMENT WHERE STRUCTURALLY UNSOUND, INFERTILE OR INCAPABLE OF SERVICE – 1 YEAR BREEDING SEASON GUARANTEE

Any such bull that will be replaced or refunded providing no causal agents post leaving the Stoney Point Performance Angus property.

DEATH COVER

All bulls are insured for death including transit until **20th March 2020** and the insurance can be continued by the purchaser. Your investment is protected.

IMPORTANT NOTICE

ANGUS AUSTRALIA MADE A NUMBER OF MODIFICATIONS TO THE BREEDPLAN INDEXES FOR THE MID DECEMBER 2020 RUN.

THE IMPACT OF THESE CHANGES HAS HAD A DRAMATIC EFFECT ON THE RATINGS OF SOME BULLS – WHICH AT THE END OF THE DAY ARE STILL THE SAME BULLS.

WE KNOW OUR HERD IS EASY CALVING, WE KNOW OUR GENETICS GIVE GROWTH, WE HAVE A STRINGENT STRUCTURAL ASSESSMENT REGIME AND WHAT GOES BEHIND AN INDEX IS SOMEONE ELSE'S VIEW ANYWAY.

IMPORTANTLY, FOCUS ON DECREASING MATURE COW WEIGHT HAS MATERIALLY AFFECTED THE INDEXES OF SOME HIGHER GROWTH RATE BULLS E.G. *HUSSAR*

WHOSE ABI WAS *mid July 2020 +140* IS NOW *mid December 2020 ONLY +58.*

IF GROWTH IS WHAT YOU ARE AFTER, *LOOK AT THE GROWTH NUMBERS.*

PLEASE ALSO NOTE THE AVERAGE INDEX VALUES ARE NOW ONLY +100

STOP PRESS / DISCLAIMER

SINCE OUR CATALOGUE WAS COMPILED ANGUS AUSTRALIA HAVE ADVISED MEMBERS THAT THE MID DECEMBER 2020 INDEXES ARE CURRENTLY SUBJECT TO MEMBER CONSULTATION AND FEEDBACK, AND MAY BE MODIFIED IN THE FUTURE. THESE INDEXES HAVE BEEN REMOVED FROM PUBLICATION AND THE SOCIETY HAS REVERTED TO THE PREVIOUS INDEXES. RELIANCE ON THE INDEXES PUBLISHED IN OUR CATALOGUE IS AT THE BUYERS DISCRETION ONLY

OUR BREEDING PHILOSOPHY

Many Studs wax lyrical, use big words from the text book to describe their Breeding Philosophy. It can be long winded and hard to grasp.

At Stoney Point we keep it simple:

We breed bulls that **DO**
We breed bulls that **STAY**

BULLS THAT DO deliver the genetics to your herd that:

- Ensures your cows get in calf, then calve down unassisted, raise a calf that grows and grows producing lots of high quality meat and both the bull and cows remain healthy and fertile.
- Produce a no nonsense docile herd whose offspring are sought by feedlotter and processors.

BULLS THAT STAY or are durable ensures your purchased bull:

- Possesses structural soundness with great feet and legs and superb udders in his female offspring.
- Retains his softness, style and shape and breeds to type.
- Is a great all round performer – ticks all the boxes.

It is all about breeding Real Angus – like they should be, loaded with **Superior Fertility and Capability** ensuring our clients herds are efficient, producing the highest quality meat.

Bulls that DO – Bulls that STAY

Notes: Qualify Q120 is a bull that I have liked a lot, his Dam M908 would have made her way into the donor pen in 2022. He is a stellar curve bender with very few holes in his data spread. MATING ASSURANCE

A working fertile bull in a well managed cow herd is our mutual aim. We strive to do our part in presenting bulls for sale by implementing stringent pre-sale procedures.

These involve:

1. Physical examination
2. Semen testing to ensure more than adequate motility of semen
3. Feeding a fertility ration in the weeks leading up to the sale.

In addition we provide the Stoney Point Guarantee as follows:

The Stoney Point Guarantee

All Stoney Point Performance Angus Bulls are backed by a 1 breeding season guarantee. In the event of a bull proving to be infertile, or incapable of natural service within 1 breeding seasons or 12 months (whichever comes first) of the purchase date, the vendor will credit the purchase price less the salvage value of the bull, provided the problem is not caused by injury or disease incurred since taking delivery.

Any claims must be made within 48 hours of occurrence and be accompanied by a relevant veterinary certificate.

The vendor reserves the right to obtain an independent veterinary assessment to confirm any claim.

It should be noted this guarantee is **NOT** a substitute for the proper care of your bull.

Insurance – we provide death including transit insurance to get your bull home for a few weeks after the sale. If you want to extend this cover or in fact include loss of use, your stock agent can help or contact us.

After Sales Service – at all times feel free to contact us with any concerns or further information for your bull.
