WELCOME

Chale Angus Stud was first registered by the late John Wear in March 1970 and last year it is was wonderful to celebrate 50 years. Sadly, John passed away in 2017 but his passion for the cattle still shows through the herd.

There have been a lot of 'firsts' over the years – first ever sale at Cluden Newry, first sale at Rosedale, first sale in the new shed here at Enfield and this year the first time interfaced with AuctionsPlus. PLEASE NOTE THE CHANGED START TIME FOR THIS YEAR'S SALE – 1.00PM.

With the amazing season we have had this year the bull paddocks didn't need much irrigation and along with some silage the bulls have fared very well. When viewing the bulls please take into consideration that Lots 1 – 4 and Lot 24 have been used as joining sires and haven't been out of their mobs for all that long so won't have quite the condition as some of the similar aged bulls.

Sires represented in the sale catalogue include Chiltern Park Moe M6 who brings an outcross pedigree and easy doing offspring with good growth and temperament. Pathfinder Complete is a leading sire for calving ease and a short gestation sire. His progeny show ample body capacity and muscling with good temperament.

The second crop of Karoo Docklands K194 sons are also catalogued. This bull has great calving ease, low birth weight and negative for days to calving along with terrific ema, rib and rump fat carcass ebvs. His figures have only improved as more progeny have been registered. Also in the mix are the first sons of Booroomooka Kingy M140 and they all show great length and growth.

The Enfield Red Angus stud was established in 1980 with several cows whose pedigrees went back to the original Tasmanian Red Angus stud, 'Emu Vale'.

From that modest beginning I have been expanding the herd with female purchases from some of the older red angus herds in Australia – Jillangolo, Moorwatha, Ferndale Park, BST Tullatoola, Wollumbi and Yallambee. Over the years, stud sires have been purchased from Gapco, Hicks, Wollumbi and Yallambee.

My aim is to develop the herd using purchased stud sires as well as AI. I want to maintain the docile temperament, carcass qualities and maternal traits the breed is renowned for.

Don't forget that Red Angus EBVs can only be compared to other Red Angus Herds and not to other breeds such as Angus.

I look forward to catching up with everyone at the sale.

Regards Josie
