

HUON CHAROLAIS
2021 Bull Sale

1pm Wednesday 3rd of March 2021
On Property and on AuctionsPlus

WELCOME

We wish to extend a very warm welcome to our Huon Charolais 2021 Bull Sale, whether you are attending in person, or online via Auctions Plus.

Who could have known what 2020 would throw our way! However, despite the bushfires, floods and COVID19 restrictions, and the impact caused as a result, we were blessed with plenty of rain and high cattle prices.

Being a relatively small operation, our main market is centred around commercial enterprises for their cross breeding programs. It is very pleasing to receive positive feedback and repeat business from these clients.

This year we are offering 22 top class bulls, suited to stud and commercial breeders alike. Our bulls have been paddock reared, with hay and silage supplement – no grain.

Although the future is unknown, at this stage, there is a positive outlook for the beef industry as the world market seeks high quality, 'clean green' protein.

Since the formation of our stud, we have invested in top Charolais genetics, resulting in the quality you see in our sale bulls. These genetics have enabled us to breed quality bulls that will produce a live calf on the ground, with guaranteed quick growth and good performance.

You will note that there are a number of unregistered bulls, due to incomplete dam records. However, the quality of these bulls can match that of our registered animals.

In 2019, for the first time, we entered a team of five cross bred steers sired by DG1J66 (Jaskie) in the Beef Spectacular Feedback Trial. We were proud to have been awarded 'Champion Carcase'.

A supplementary sheet will be available by 1st March, with the scanning details of each bull and any relevant notes.

For the past two years, we have donated Cross bred steers to the Billabong High School (Culcairn), for them to prepare for the Royal Melbourne Show. Due to the COVID restrictions last year, the competition was held at Yea. One of our steers won its class, which was credit to the students involved.

Thank you for taking the time to view our catalogue. We look forward to welcoming you at our sale, or any time prior.

Best wishes for this year!

REFERENCE SIRES

HUON JASKIE (P)

TATTOO: DG1 J66E **DOB:** 29/08/2013 **COLOUR:** White
COMMENTS: Jaskie was a standout calf in his age group from day one. We liked him so much, we used him over our commercial cows the first year. True to form, his first batch of calves were outstanding. The second year we used him over our stud cows, and collected semen for further use. He sired the team of cross bred steers we entered in the 2019 Beef Spectacular Feedback Trial. We were awarded 'Champion Carcase'. He is Polled, low birth weight (top 10%) with a deep and long body that constantly produces fast growing calves (Top 10% for 200 day weight). Great temperament. Paddock photo at 4 years old.
