History of Nunning Hereford Stud

The Nunning Hereford Stud was established in 1994 by Bluey Commins who has a lifetime's experience breeding Hereford cattle and running properties in the Victorian High Country.

The foundation breeders for the Nunning Hereford Stud comprise bulls and cows purchased from the "Rullandor" Stud in Tasmania, "Mawarra" Stud at Gelantipy, "Dunoon" Stud at Holbrook, "Injemira" Stud at Holbrook, and the "Coora" Stud at Hotspur.

The future aim of the Nunning Stud is to keep consistently producing big boned, fertile cattle with good eyesetting, good dark skin with plenty of length and muscle, that milk well, move fluently and can withstand the elements of their present and future environments.

All Bulls were weighed and scanned
