## *Welcome to the 2021 Prime Angus Autumn Bull Sale.*

It is hard to believe that our 2nd Bull Sale, after buying Prime Angus, is already upon us. 2020 has flown, and what a year it has been with all the upsets and restrictions COVID 19 has given us. The seasons have been favourable, and with the cattle prices being at an all-time high and still climbing, we are farming in exciting times. The cattle are in excellent condition and we are very, proud to present our Sale bulls in tip top shape.

This year for the first time Prime Angus is selling a line of 18-month-old bulls as well as the very, popular Prime yearlings. At the time of taking over Prime we made the decision to calve down in the Autumn and the Spring, to bring older bulls into our sale. This year's older group was made possible by purchasing a selected group of Ardrossan females with bull calves at foot, which has allowed us to leap into this more, age-diversified Sale Group and build on our Spring breeding herd.

We are dedicated stud stock breeders spending much time, attention to detail and money to build a whole herd of exceptional breeders. We are constantly lifting the bar, striving to reach perfection, and knowing that there will always be room for improvement. It is these improved genetics, that we will bring to you – year after year.

There are many sires represented in our Sale Bull team – Marlon Brando, Phoenix, Nirvana, Beast Mode, Keystone and many more. We hope you are as happy with them, as we are to bring them to sale.

We have talked more about us and our breeding Philosophies, and not so much about the bulls,

As we believe: **'The Bulls will Speak for Themselves'**.

**Prime Angus  
2021 Autumn Bull Sale**

**50**

**Comprising 18 Month old bulls and Yearlings**

**Tuesday 16th March 2021  
at 1PM On-Property**

*Sale will also be interfaced with AuctionsPlus*

1174 Benalla Warrenbayne Rd  
WARRENBAYNE VIC 3670

# PAYMENTS, REBATES & DISCOUNTS

We are pleased to offer a 4% rebate to all agents who attend with or on behalf of their clients and settle within seven (7) days. All Introductions to be made to Colin Flanagan Email [pat@ebert@outlook.com](mailto:pat@ebert@outlook.com)

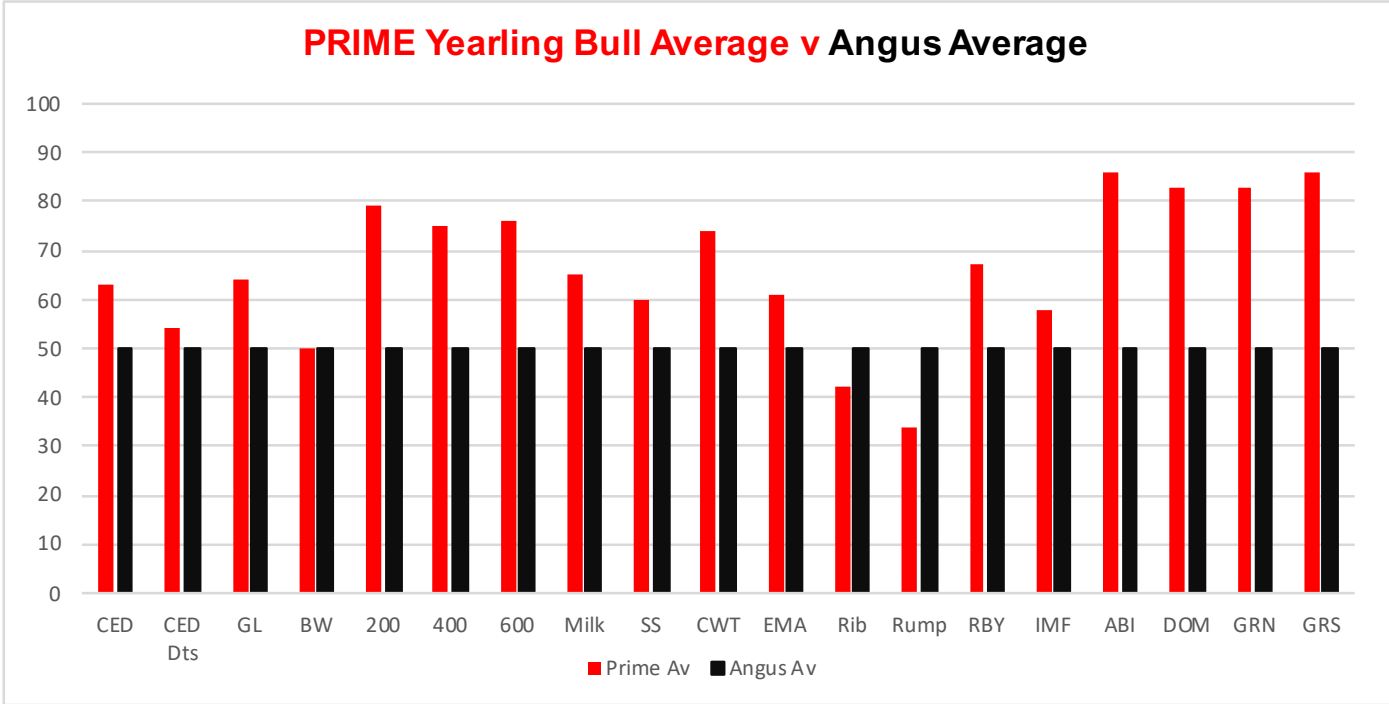

A 2% rebate is offered to all other agents who introduce their client in writing 24 hours before the sale and settle within seven (7) days

Prime Angus will deliver Bulls to major centres or on farm up to 200km radius.

*We are proud to offer well above the current Angus Breed Average at Prime Angus*

**PRIME Yearling Bull Average v Angus Average**

Prime Angus - Bred to Perform

**1. Prime Angus is LPA Accredited and J BAS 8**

Last faeces sample test 21st May 2020

Prime Cattle are accepted in all Australian states – including WA.

**2. All bulls have been DNA sire verified and a number have been parent verified (Sire and Dam).**

Prime is working towards all animals being Parent Verified.

**3. Recessive Genetic Conditions**

All Sale bulls are free from genetic defects, AM, NH, CA, & DD either by pedigree or by testing.

**4. DNA Genomics**

Prime Bulls have been DNA Tested for Genomic Markers which have been incorporated into their Angus EBV's.

**5. Breeding Soundness**

Prime bulls have undergone a thorough examination by Drew Pickford of Nationwide AB, including physical examination and semen testing on 9th February 2021.

**6. Scanning**

Bulls were scanned by Max Bowman Livestock (Accreditation No. 1026) December 31st, 2020.

**7. Pestivirus**

Prime bulls have been ear notched and tested free of Pestivirus.

**8. Animal Health**

Bulls have been 7 in 1 vaccinated

Bulls have been Vibrax Vaccinated

Bulls have been Pestigard Vaccinated

Bulls have been treated with Cydectin Pour on.

**Warranty**

All bulls have been independently evaluated for structural soundness and fertility. To the best of our knowledge the bulls are all in sound working order at the time of sale.

If in the next 12 months, a bull becomes infertile or breaks down, provided it is not caused by injury or disease contracted after leaving Prime. (a veterinary certificate may be required)

We will –

a) Replace the bull with a suitable match (excluding any costs and expenditure of the purchaser taking delivery), or

b) Grant a credit (less any salvage value) to be used at Primes next bull sale.

**Prime Angus - Bred to Perform**

### ***Sale Date & Prior Inspection Time***

Selling will commence at 1 PM on Tuesday March 16 at 1PM. All Sale Lots can be inspected on the morning of the sale from 10am or at any other time by arrangement with Colin Flanagan – 0408 848 864.

### ***Phone Bidding***

Phone Bidding can be arranged prior to the sale by contacting Michael Glasser GTSM - 0403 526 702 or Colin Flanagan – 0408 848 864.

### ***Selling System***

Bull Sale will be conducted by Video, under normal Auction conditions, interfaced with AuctionsPlus. All bulls will be sold exclusive of GST. Each bull will be sold as a separate Lot.

### ***Delivery***

Prime Angus offers free delivery for bulls within 200km radius. Arrangements must be made on sale day by filling in the Buyer's Instruction sheet in the catalogue and handing it to an Agent and will be arranged at the carriers convenience.

### ***Insurance***

All cattle are at the risk of the buyer from the completion of the bidding at the sale. Please see one of GTSM staff to organise any insurance requirements.

### ***Registration***

All bulls are HBR Registered with Angus Australia. Prime Angus will transfer each bull to the new owner, so please supply the correct information on the buyers instruction sheet.

### ***Caring for your New Bull***

On arrival at their new home it is important that you have a suitable group of animals to greet the bull, this minimises stress. Remember they are leaving the security of a large mob and will be arriving in unfamiliar surroundings. Steers or pregnant cows would be suitable, certainly not other bulls.

The bulls are in good working condition at point of sale, but good nutrition for the bull during mating is imperative and will equate to good joining results. Check bulls regularly to detect any problems early, therefore minimising damage to the bull and to conception rates. It is important to continue to look after your bull after mating, as yearlings they still have a lot of growing to do.

### ***Catering***

Refreshments are available on Sale day with the compliments of Prime Angus. This includes a barbecue lunch.

### ***Accommodation***

Benalla, Mansfield and Wangaratta all have numerous options for accommodation within easy driving.

### ***Health & Safety of Visitors***

**Our bulls are bred to work so they need to be shown respect.**

Under normal circumstances they are quiet to handle, however even the quietest bull is in fact an unpredictable animal so be alert.

Do not crowd the bulls or loiter inside the pens unnecessarily.

Please call on an escort through the bulls if required.

**VISITORS ENTER THE CATTLE PENS AT THEIR OWN RISK  
NO CHILDREN ALLOWED IN PENS**

# DISCLAIMER AND PRIVACY INFORMATION

## Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

## Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

# : DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

## Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

.....

## BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following ids.....  
.....

from member.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: ..... Signature: .....

Date: .....

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

.....

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email [office@angusaustralia.com.au](mailto:office@angusaustralia.com.au)
