STONEY POINT
PERFORMANCE ANGUS
Est 1998

WELCOME

Over the last 23 years Stoney Point has developed a highly respected elite Angus herd with the focus on do-ability and stay-ability. These focuses ensure the certainty of success.

Accordingly our dispersal over 2 stages will represent a great opportunity for fellow Angus breeders to purchase cows mated to the more popular and proven sires.

The older portion of the herd in Stage 1 provides more proven performers and a great boost to any herd.

Stage 2 of the dispersal will take place in March 2022.
