Sale Terms & Conditions

Any bull not sold in the ring will attract a \$250 premium per head after the sale.

There may be NO SUBSTITUTIONS of bulls.

(Please note this is a decision made by the vendors)

Insurance Disclaimer

Insurance risk of stud animals sold at auction transfers to the purchaser at the fall of the hammer including animals remaining on the vendor's property. Purchasers therefore are advised to insure their animals at the completion of the sale. Stud animals are not covered by Commercial Livestock Insurance.

Inspection Disclaimer

The 2021 Supreme Sale Bulls presented by vendors have been thoroughly inspected by the nominated WALSA agents, with a heavy emphasis on sound feet and structure for a working Sire.

COPPLESTONE CHAROLAIS STUD

After more than a quarter of century breeding registered Charolais cattle Peter and Judy Milton believe the bulls chosen for this years Supreme Team are the best yet. Selected for docility, structural correctness, adequate muscle while still being soft, extreme length of body but with only moderate frame score and the ability to get live calves on the ground, this years team ticks all the boxes for today's commercial cattleman.

Copplestone Charolais started with an extensive embryo programme with genetics imported from Queensland and careful use of artificial insemination and frequent trips to all eastern states buying both bulls and females to take the Stud to where it is today.

While our females were all horned in the early days we now produce mostly poll calves and now sell off almost all horned calves and have had a policy of only using poll bulls.

We find the use of EBV'S to be an important tool in our decision-making. We find our cattle with the best figures are also our best performing cattle. To this end our sale team this year is comprised of sires whose figures are all breed average or better.

This year's sale team is made up of fourteen white polled bulls (3 Homozygous polled). All bulls are halter broken after being tied up for the first time after Christmas. This way we further test their temperament and this years team all present with the beautiful disposition our cattle are known for.

All of the Copplestone Supreme Team of bulls have received their full course of Vet. Treatments and are ready to work.
