WILLINGAPARK.COM.AU

Willinga Park is excited to invite you to our Breed for the Future Sale where some of our talented competitors have offered their very best fillies to enhance our campdraft industry.

We have restricted the number of lots, so we can be assured of the absolute highest quality fillies. We have been fortunate enough to secure the help from Nutrien to help run the auction for us, at their usual high standards of professionalism.

Mark Barton has put together a catalogue of high calibre horses, all of which will be eligible for the famous Nutrien Classic (T&C's apply) adding further interest and incentive.

The sale will be conducted online, running from 4pm Thursday through to 4pm Saturday afternoon, with horses being available for inspection in the stable block adjacent to the Campdraft facilities. Please feel free to wander over and have a look at any time throughout the event. In 2019 we had a 100% clearance rate with an average price of \$15,036 excluding GST.

We hope you are lucky enough to secure the horse of your choice.

Regards,

TERRY & GINETTE SNOW

SPECIAL ASSISTANCE

There are disabled toilets at all venues. If you require special assistance please talk to someone in the information office, located near the Arena.

DOGS

We love dogs here at Willinga Park; however, for the safety of others and the horses, we require dogs to be on a lead at all times.

BUS

A paid Willinga Explorer Experience will be providing access to the world class gardens and equestrian facilities on Saturday 18 May.

SNAKES

Willinga Park is home to many species of native wildlife including snakes. Please be mindful of this and take care when walking around the property.

FROGS

Please be mindful of our expanding community of endangered Green and Golden Bell Frogs. They are very precious to us, as there was no evidence of their habitation on the property ten years ago.

NO ACCESS AREAS

All areas at Willinga Park (other than the event areas marked on the event map) are 'no access areas' and are strictly out of bounds. Any area that appears to be under construction, private residences and internal buildings are all 'no access areas'. Trespassers will be prosecuted.

CHILDREN

We ask that children are supervised at all times, as there are many open water bodies across Willinga Park including dams, ponds, channels, fountains and troughs.

(b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.

(c) A buyer is bound by these terms and conditions by bidding at auction.

(d) **Competition and Consumer Act (Cth) 2010**

The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.

(b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.

3. The following applies in interpreting these terms and conditions:

(a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent; Livestock means animals auctioned pursuant to these terms and conditions; and

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.

5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.

6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.

7. Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.

8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.

10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:

- (a) the purchaser's name; or
- (b) the bid card number which identifies the purchaser; or
- (c) the name of the person on whose behalf the successful bid was made; and
- (d) the Property Identification Code (known as the "PIC") of destination.

12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

13. The vendor warrants;

(a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and

(b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract including payment.

14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.

16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.

17. (a) Livestock sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.

(b) Livestock sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.

(c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.

18. (a) Subject to this clause the sale is complete on the fall of the hammer.

(b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:

- (i) delivery is taken by a representative of the buyer;
- (ii) departure of the animal from the purchaser's delivery pen; or
- (iii) one hour after the last animal is:

a. in the case of pre-sale weighing, sold; or

b. in the case of post-sale weighing, weighed.

(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.

(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.

(e) This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This

subclause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.

(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

(d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by presale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:

- (a) does not acquire title to the livestock;
 - (b) holds the livestock as bailee only for the vendor;

- (g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. The purchaser agrees that:

- (a) Clause 20 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);
 - (b) the Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
 - (c) the Livestock are collateral for the purposes of the PPSA;
 - (d) to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and
 - (e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract
22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.

23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the *de credere* agent of the vendor at law.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.

23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.

23.4. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:

- (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
- (b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

23.5. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).

23.6. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:

- (a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
- (b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

23.7. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

23.8. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:

- (a) by this clause 23, other than as it expressly provides; or
- (b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.

23.9. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.

(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.

(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE – VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:

- (a) pass government and other regulatory authority requirements and inspections at the time of slaughter;
- (b) are of merchantable quality;
- (c) carry an NLLS device in accordance with State law;
- (d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
- (e) all information in any document provided by the vendor is true, complete and correct in all material respects.

28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.

31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:

- (a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
- (b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.

32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

- (a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
- (b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
- (c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR – OWNERS RISK FOR CONDITION OF LIVESTOCK

33. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a

trader who subsequently resells livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

34. Owners risk reflects the producer's responsibility to provide slaughter livestock for sale that are fit for human consumption. Livestock are fit for human consumption if they are not condemned as unfit by government. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the relevant government certificate, existed prior to the fall of the hammer.

35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of livestock to which this chapter applies if all of the following are satisfied:

- (a) a certificate is issued by government which states the relevant NLLS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;

ELDORRIO

GOOD REIN... LONG HIP... GREAT MIND.

A very exciting chapter of horse breeding is about to gain momentum and it will undoubtedly produce champions in every sense. Jaye Hall is mentoring their young colt, Eldorrio, to become a star in a very famous stable and without doubt she is excited at what the future will hold for this full brother to their highly decorated mare, Halls Eltorrio.

The contribution to campdraft genetics from the Ben and Jaye Hall stable is immense. They breed, train and compete with home bred horses carrying generations of Daley bred genetics. They also regularly offer young horses for sale so the wider community is able to share in the success of years of careful breeding.

Daleys Rio sired Daleys Rio Legend, who sired Daley's Playrio who has now sired Eldorrio. This paternal line needs no introduction as winner after winner appears carrying this "Playrio" bloodline.

ELDORRIO.

As Daleys Playrio is approaching a grander age Jaye and Ben were looking for something special to replace him as their resident sire and with such a grand band of broodmares it was inevitable that a potential champion would appear. However, when Eltorrio had such a clean correct younger brother with her looks, ability and temperament it was obvious that Eldorrio would be given every opportunity to be that replacement sire. Eldorrio and Eltorrio are from Kate Everett's mare Morrisons Citori, By Morrisons Top Gun and carrying both Elliotts Creek Cadet and thoroughbred bloodlines. Natural cattle sense and ability abound and from reading Eltorrio's CV which includes winning the Canning Downs and the ACA Open Horse of the Year, the combination of Citori and Playrio genetics is a breeding masterstroke that is producing "SIMPLY THE BEST".

HAZELWOOD CONMAN

YOU CAN'T BEAT NATURAL ABILITY!

He is the only sire to have produced four Nutrien Classic winners – 'Hazelwood Con Air' (2009), 'Bar None Confession' (2014), 'Bulla Tambourine' (2015) and 'Nashville Nightman' (2019). He has also sired a Warwick Gold Cup winner, 'Hazelwood Advice', a Warwick Stallion draft winner 'Kneipps Conray', Man From Snowy River champion 'Halls Chickenman' and 2017 Warwick Ladies Silver Cup winner 'Confetti'. Open campdraft winning progeny include 'Hazelwood Epic', 'Hazelwood Con Artist', 'Brittany', 'Turners Congirl', 'Paradise', 'Conmaide', 'Concession', 'El Condo', 'Lenas Conman' just to name a few.

CONTRACTOR

Tony had found a Conman foal from an Acres Destiny mare who had shown huge potential and was from an exceptional cutting mare with Spinifex bloodlines.

After plenty of work and good results from both the Horse of the North and Georgetown Draft Contractor headed to Cloncurry primed for a big performance. History now states that Contractor is the Cloncurry Challenge Champion for 2018 and a very worthy winner after exceptional displays in both Dry Work sections and typical Conman displays in the Cattle sections.

Contractor returned to Tony on return from Cloncurry where he hoped to start a serious campdraft season, but like so many, drought, fires and floods have prevented any consistent planning. Tony did send him to his mate, Darren Towns, for the summer drafts in Victoria in 2019 and his ability soon became evident winning the Maiden at Dumbalk and the Novice at Sale.

Meanwhile the public have to wait to really see what Contractor can do. Tony hopes to send him south again this summer but Covid may have the final say. Similarly he hopes to have him at Tamworth for the Nutrien Stallion Shootout but again we have to wait and see.

However one thing is certain, we will be seeing a lot more of this talented son of Conman in the campdraft arena and also in the Challenge and the Open Cowhorse arenas.

WHOS TOP CAT

By USA Super Sire, Highbrow Cat with over \$80 Million in progeny earnings.

His Dam, Play Who, was Twice NCHA Reserve World Champion in the US. Selected in the USA by Richard Bull, and imported to Australia, there is little surprise Whos Top Cat was every bit the superstar his pedigree and importer envisioned him to be. Proving himself as a superior cutting horse, after securing himself as an Open Cutting Champion, he then moved into the Campdraft arena to also prove himself as an Open Champion Campdraft Stallion. If this wasn't enough to show his outstanding ability, after 4 year of Campdrafting, he made an unbelievable return to cutting, and in less than 6 months, again proved he still hadv what it took to be an Open cutting winner!

REYS YA GARTER

BELIEVE IN WHAT YOU BREED!

"Reys Ya Garter is a horse I truly enjoy being associated with. He is a real pleasure to do anything with. His ability comes from being a very balanced and soft horse, and he corners very well for a purebred Quarter Horse. He is extremely cowy, yet good minded – this combination is very hard to find. He shocked me, how he transitioned so quickly to campdrafting. I really do look forward to getting him back, to keep drafting him. He seems to throw good sized progeny and all the ones I have seen are a good type". *Hugh Miles*

YAVEN METALLICA

TIMES UP is a stunning Sorrel Stallion, who's Sire "One Time Pepto" has sired earners of over \$4 million dollars.

His outstanding Dam "Boon San Kitty", a daughter of High Brow Cat, was herself an NCHA horse of the year and winner of over five hundred and sixty five thousand dollars, Boon San Kittys first foal to show was Rockin W winner of the 2009 American NCHA Futurity.
