# SALE INFORMATION

**Buyers:** All lots will be sold via live auction at the Wagga Wagga Livestock Marketing Centre. The sale will be interfaced with AuctionsPlus. Appropriate COVID-safe restrictions will be in place for the event.

All potential buyers please note a Buyer's number system will be in operation at the Sale, therefore all purchasers MUST register prior to the commencement of the sale, either with the selling agents or online with AuctionsPlus.

Any outside agents introduced in writing 48 hours prior to the sale will be eligible for a 3% outside agents rebate.

**Inspections:** All animals have been independently vet inspected on-farm. Bulls have been assessed for overall structural and breeding soundness and deemed free of any visible fault or deformity. All bulls will have a scrotal circumference recorded which will be identified on the supplementary sheet. All female lots have been examined for pregnancy status and reproductive soundness. Any changes to pregnancy status will be identified on the supplementary sheet. The supplementary sheet will be made available on the AuctionsPlus sale listing prior to the start of the sale.

**Herd health:** All animals listed for sale are tested as pestivirus PI-negative. All animal lots listed are from herds that are a minimum of J-BAS score 6. Please refer to vendor listing for herd J-BAS scores.

**Transfers:** The transfer of animals on the NLIS database will be handled by the selling agents H. Francis & Co. Purchasers of registered animals that wish to have them transferred to their membership will need to provide details on their buyer instruction slip.

**Insurance:** Purchases become the responsibility of the successful buyer at the close of the auction. While all care will be taken by the vendors, it is recommended all buyers insure their purchases through their preferred insurer. The team at H. Francis & Co will have an insurance representative in attendance to assist with arranging insurance for your purchases.

**Transport & Delivery:** All live lots will be available for delivery at the conclusion of the sale. Various livestock carriers will be available. Delivery of genetic lots will need to be arranged with the vendor post-sale.

**D:** WARRIGAL GUIDING STAR (P) (B) (PN)

KIPPAX VALLEY STYLE STAR (P) (PU)

The youngest heifer in our draft and one of the most stylish females we have ever bred. Her dam Warrigal Guiding Star was a big powerful super uddered cow that we purchased for \$12,000 with Summit Livestock. R20 is the only daughter of this female and is definitely worth a second look. Sells Unjoined.

Replica is a beautiful bodied easy doing bull who has shown excellent growth & muscle, he is a well structured bull & with his grandsire Margfred Park Dynasty he will have exceptional calving & maternal traits. His sire's genetics consists of Viewfield, Gunya & South Bukalong. He has been used over heifers retained within the herd. Replica's dams bloodlines consist of Bahloo, Guilford & Doonbiddie blood. She has been a very proven breeder with great maternal traits & excellent growth. Both dam & sire have an exceptionally quiet nature & temperament which has definitely been passed through to Replica. Replica is halter broken & shows beautifully, he is a very gentle natured quiet easy bull. He will be a valuable asset to any breeding herd with his genetics & being such an easy going bull. He is a perfect all rounder for heifers & cows.

**LOT A & B - PACKAGE OF FOUR EMBRYOS** - For anyone who knows our program, knows we don't offer genetic opportunities like this very often, if ever. This lot comes straight from the heart of the herd out of one of the very best cows bred at Venturon in the last decade, in Naughty But Nice N31. Coming from generations of maternal excellence at Venturon, her dam and grand dam are still producing in the herd. She was Supreme Charolais exhibit at the 2019 Adelaide Royal Show, shown as a two-year-old. Her first calf, Venturon Clementine Q11 was awarded the Supreme beef cattle exhibit at the Wagin Woolorama Cattle Expo 2020. Embryo mating sire, Turnbulls Duty Free is one of the hottest sires in Canada at the current time with sons selling great and daughters in production showing all the makings of elite cows. He is homo-polled with an outcross pedigree. We have full siblings to these embryos on the ground and they are looking very promising. This is an exclusive offering that will not be repeated in Australia. 50% guarantee if implanted by an approved technician.

E7 has been used over heifers in both stud and commercial use and has always been a safe heifer choice. He has stamped our stud and commercial F1 herd with soft, correct, easy doing females with perfect udders. His sons are free moving, easy fleshing, grunty, early maturing bulls that are consistently phenotypical standouts. Most significantly Beckham 4 E7E's progeny ooze eye appeal and suit herds where phenotype are a must.
