Dear Prospective Buyers,

RE: Talooby Angus Stud Bulls 2021

Please be advised that all bulls on offer on the 11th June 2021 have been examined by myself, Dr Wesley Rohr of Cudgegong Valley Veterinary Services, Kandos NSW. The examination included visualisation and palpation of external genitalia, measurement of scrotal circumference and assessment of conformation and soundness.

It is my assessment that all bulls on offer as of the day of examination were fit for breeding purposes and are a credit to the hard work of Mr Peter Grieve and the staff at Talooby Angus Stud, Bylong NSW.

Yours Faithfully

Dr Wesley Rohr (BVSc/BVetBio)
Cudgegong Valley Veterinary Services
