WELCOME

Welcome one and all to our Inaugural 2021 Oakey Creek Speckle Parks Sale Catalogue.

Well, we're finally here!! It feels like it has taken us a lifetime to get to this point. This year we celebrate a decade of being a registered Speckle Park stud and 12 years in breeding Speckle Park cattle. We pride ourselves on honesty, integrity and are committed to producing outstanding breeding stock.

With our wealth of knowledge and passion, being third generation Beef producers, we strive to produce cattle that will widen the genetic base of the breed through sourcing the latest and best genetics that will result in an animal that will provide a carcass of outstanding quality.

We use AI and ET programmes to maximise the genetic potential from the best Canadian sires & females in our Speckle Park herd and cross breed with our Angus females to produce outstanding F1 and F2 calves for the feedlot and supermarket trades.

Since 2018 we have invested heavily in total outcross genetics from Legacy Speckle Parks in Canada, to provide totally new bloodlines into the breed here in Australia. Any astute breeder should have recognised the Speckle Park gene pool is currently limited and in need of this injection of not only new blood but exceptional blood.

In 2018 as most would be aware the drought was ruthless to anybody involved in farming and we weren't immune to that. The mature stock in the Sale draft were all born and raised under these conditions. Their ability to come out the other side and be in the line-up is a testament to their hardiness and suitability to your commercial or stud operation.

Our cattle are raised in a commercially real environment first and foremost and they know how to walk and find a feed for themselves.

At Oakey Creek Speckle Parks it always has been and always will be about the cattle.

We look forward to you joining us on our Special 1st Sale Day. We strongly believe Oakey Creek Speckle Park type cattle are the right kind for all round profitability.

Regards,
Dennis & Lou

TESTIMONIALS

“We have been buying bulls and females from Oakey Creek Speckle Parks for the past 7 years. With a predominantly Speckle Park / Angus X bred commercial herd, we have found they are easy doing cattle that give us higher weaning weights and therefore are able to offload weaner’s earlier if the season or situation demands, at the same time receiving premium prices at the fat sales.

We keep going back to Oakey Creek Speckle Parks for the quality cattle but also for the people that Dennis & Lou are. They’re bloody decent people. What you see with Dennis & Lou is what you get.”

Guy & Annie Ratliff
Barraba, NSW

Over the past four years I have bought 10 bulls from Oakey Creek Speckle Parks. The bulls have all been of outstanding conformation and temperament. I have sent the majority of the bulls to a breeder block at Eidsvold and retained a couple to use in my stud herd here at Beaudesert.

The bulls which have been used to cover the commercial herd have proven to have performed with excellence. They have demonstrated their adaptability by covering the larger paddocks and harder country with ease. The low birth weights have made them ideal heifer bulls. The weaners coming home have proven to be extremely desirable for today’s market, with the replacement heifers retained showing high fertility and a wonderful temperament.

The consistency and versatility of Oakey Creek bulls has been very beneficial in both my stud and commercial herds. Both Dennis and Lou are fantastic and easy to get along with. I would definitely recommend dealing with them if you are in the market for Speckle Parks.

Brian Backshall – Ninbah Pastoral Co.
Beaudesert, QLD

SALE INFORMATION

SALE LOCATION

“Florando” 1409 Namoi River Road, Manilla NSW 2346.

We are located 65kms from Tamworth and 15kms from Manilla.

ACCOMMODATION

Manilla Motel ph. (02) 6785 1306

The Royal Hotel, Manilla ph. (02) 6785 1017

Elders Gunnedah - (02) 6748 3000

Lincoln McKinlay 0419 239 963

Please register with the Elders team on the day prior to the Auction, if you intend on bidding.

On-line bidding will be available through Auctions Plus. Please register prior to the auction commencing.

www.auctionsplus.com.au

Ph. (02) 9262 4222

A rebate of 2% is offered to outside agents registering Buyers, in writing 24 hours PRIOR to the sale, **accompanying the Buyer to the Sale** and settling on their behalf within 7 days of the date of the invoice.

MOBILE SERVICE

Mobile phone reception is generally good.

INSURANCE

Cattle become the responsibility of the purchaser at the fall of the hammer.

Like any other valuable purchase, we strongly suggest insuring your purchase, especially for the first six months. We recommend Elders Stud Stock Insurance. Please talk to one of the Elders team who can assist you.

SUPPLEMENTARY SHEET

Updated weights, scan data and any other new or relevant information will be posted online and available on Open Day & Sale Day.

SALE INFORMATION

BREEDPLAN & EBV's

A 2019 EBV Percentile table has been included in the catalogue for your reference.

EBV's can be a tool for purchasers to assist them in making selections, however we strongly suggest more emphasis should be placed on raw data and visual appraisal.

Our belief is Speckle Parks EBV's currently have a very low accuracy due to limited breed numbers and we are uncomfortable in promoting these figures for that reason.

We trust in our knowledge of our cattle and the ability and performance of their individual pedigrees and we are happy to discuss any part of that to assist in your decision making.

GENETIC TESTING KEY

| | |
|--------|--|
| SNP # | SNP case number from Neogen |
| MSTN | NC - Non Carrier of the myostatin gene nt821 C - Carries one copy of the myostatin gene nt821 |
| COAT | ED/ED – Homozygous black Ed/e – Dominant black/recessive red |
| POLL | PcPc – Homozygous polled HPc – carries one copy of the horn gene |
| LEPTIN | CC CT TT A Leptin TT genotype animal has an increased rate of fat accumulation as compared to a Leptin CC animal. |

VISITOR SAFETY

While every care has been taken to ensure the safety of all persons and property, the Vendors and Agents are not liable for any damage or injury caused.

All our cattle have been screened for temperament and are quiet to handle under normal circumstances.

Understandably Open Day and Sale Day is a very different experience for our cattle. We ask that you be aware that one may misbehave due to the change in their surrounds and the pressure of so many strangers invading their space.

VISITORS ENTER THE CATTLE PENS AT THEIR OWN RISK. CHILDREN/PRAMS ARE NOT PERMITTED TO ENTER THE YARDS.

We cannot cover every example of the dangers of cattle handling, we just request you use a little common sense and **have your wits about you** at all times.

FREIGHT

Elders will act as transport co-ordinators. Please see one of the Elders team to arrange transport before leaving the Sale.

HERD HEALTH

Our cattle are handled regularly with vehicles, motor bikes and a loyal old Labrador. We are confident that under normal circumstances each animal in the sale is of sound temperament. All animals in the sale have met all necessary health checks. Bulls have been semen tested & vet checked. No bulls or females have been blooded but can be done upon request. Catalogue weights were recorded for Bulls & Heifers on 8th June 2021. Updated weights will be provided in our Supplementary Sheet posted on-line and available on Sale day. Bulls have been treated with;

- 7 in 1 – 14 May 2021
- Vibrio – 14 May 2021
- Pestigard – 21 March 2021
- Eprinex - 21 May 2021

SALE INFORMATION

COLLECTION OF BULLS

During Semen Testing Lots 1, 3, 5, 8 & 9 were collected for in herd use. Oakey Creek Speckle Parks has no further claim on any of the bulls in the sale.

Females have been Vet checked and treated with:

- 7 in 1 - 18 June 2021
Eprinex – 15 May 2021

OUR GUARANTEE TO YOU

BULLS

Oakey Creek Speckle Parks guarantees the fertility of the bulls at the time of the sale. The entry of every bull constitutes a guarantee by the Vendor that if a bull should prove infertile within 4 months of purchase, for reasons other than injury, misadventure, disease, mismanagement or negligence, the Vendor will provide you with a satisfactory replacement if available or issue you with a credit equal to the purchase price (excluding any costs and expenses of the Purchased price in taking delivery) minus salvage. This credit may be used to purchase an animal at a future Oakey Creek Speckle Parks Sale.

Any request for replacement/credit must be lodged with the Vendor within 4 months of the Sale date and be accompanied with a vet certificate and a signed Statutory Declaration by the Purchaser to the effect that the substance of the vet report is true and correct.

FEMALES

Females have been Vet checked and are guaranteed to be fertile for a period of 6 months after the Sale date.

The entry of every female constitutes a guarantee by the Vendor that if a female should prove infertile for reasons other than injury, misadventure, disease, mismanagement or negligence, the Vendor will provide you with a satisfactory replacement if available or issue you with a credit equal to the purchase price (excluding any costs and expenses of the Purchased price in taking delivery) minus salvage. This credit may be used to purchase an animal at a future Oakey Creek Speckle Parks Sale.

Any request for replacement/credit must be lodged with the Vendor within 6 months of the Sale date and be accompanied with a vet certificate and a signed Statutory Declaration by the Purchaser to the effect that the substance of the vet report is true and correct.

This guarantee is exempt if the female is flushed within this 6 month period, as we believe this can be counterproductive to her long term breeding potential.

FROZEN GENETICS

All embryos and semen are stored at Holbrook Breeders, Australia except for Lot 44, collected by Holbrook Breeders and stored at Excel Genetics, Tamworth. Insurance and freight ex Holbrook and Excel Genetics is the responsibility of the purchaser.

All genetic material is qualified for Australia only.

All animals in the Sale are parent verified and carry the SPI pedigree assurance tick.

DISCLAIMER

All reasonable care has been taken to ensure that the information provided in this catalogue is correct. However the Vendor or the selling agent do not assume any responsibility for the correctness, use or interpretation of the information included in this catalogue.

MAY 2021 SPECKLE PARK BREEDPLAN - PERCENTILE BANDS FOR ALL 2019 BORN ANIMALS

Use this table as a guide to compare individual animals with the current genetic level of the breed

AuctionsPlus

How to Register and Bid on AuctionsPlus

- 1 Go to www.auctionsplus.com.au to register at least 48 hours before the sale.
- 2 Select “**Sign Up**” in the top right hand corner.
- 3 Fill out your name, mobile number, email address and create a password.
- 4 Go to your emails and confirm the account.
- 5 Return to AuctionsPlus and log in.
- 6 Select “**Dashboard**” and then select “**Request Approval to Buy**”.
- 7 Fill in buyer details and once completed go back to Dashboard.
- 8 Complete buyer induction module (approx. 30 minutes).
- 9 AuctionsPlus will email you to let you know that your account has been approved.
- 10 Log in on sale day and connect to auction.
- 11 Bid using the two-step process – unlock the bid button and bid at that price.
- 12 If you are successful, the selling agent will contact you post sale to organise delivery and payment.

A FEW WISE WORDS BEFORE WE GO

When buying any livestock for your herd, problems can be reduced by getting them home safely and settling them in properly.

One thing paramount with Speckle Parks is that they are a communal animal. For most of our cattle they have never been separated from their mates. It is best to allow new livestock entering your herd time to adjust to their new environment. We suggest especially with bulls, to have appropriate cattle in the yards to welcome them to their new home. We also suggest with bulls, leaving them in the yards for a decent 5 days. Let them get used to their new surrounds, knowing their mates aren't coming and give them a chance to get used to your voice and your handling procedures. This investment in time and patience will pay off in the long run.

THANK YOU, THANK YOU, THANK YOU

They said, "You have to have an on-farm sale" so we listened innocently & naively agreed. Never did we realise the work it would take and the people that would be involved to bring this day to fruition for us.

First and foremost our family and friends who have been their constantly supporting us. Our repeat clients who stick by us and trust in our program.

And secondly, and in no particular order because we couldn't have done it without any of you.
