1. On 14th August all bulls were scanned by Roger Evans. Weight, P8 Fat, Rib Fat, EMA, IMF, SS and Hip Height were all measured. Results are tabulated below
2. On 27th July all bulls underwent a thorough Veterinary examination including soundness evaluation and semen testing. This was undertaken by our Vets Piper Street Veterinary Clinic (Rhys Duncan). Individual reports have been processed for all bulls
3. **Lot 2,3,5** – Semen collected on the 5th August for Warragundi Stud use only.
