

Willera Merinos On Property Ram Auction

Friday 27th August 2021
Sangus Creek, 443 Old Boort Rd, Serpentine
Inspections from 11am
Sale commences 1pm

Note from Willera Team

Welcome to the third annual “ Top of the drop” Willera on-property ram sale. It is a pleasure to be hosting you at Willera and presenting our top rams for auction. Additional rams will be available for private selection from the 31st August.

First and foremost we breed rams so that we have the best genetics available for our commercial flocks across our properties. With this in mind, we run our stud sheep and rams under commercial conditions because it is paramount that the sheep we are breeding can perform under this environment. We are very pleased with the lineup of rams we are presenting this year particularly with the lift in data we have seen this year. A few years ago we made the conscious decision to gather more pedigree and more information to ensure we can generate accurate ASBVs on all of our stud sheep. We are now a few years down this journey and enjoying having the extra level of information available for selection. We are dedicated to making industry-leading genetic gain and you will see our data steadily improve, reflecting this focus.

The use of ewe lamb mating in the stud has provided us with the opportunity to speed up our genetic gain and there are a number of rams catalogued that are a result of this mating. We also now use a lot of ram lambs in our commercial mating. This allows us to retain a lot less of each drop as older rams and provides you with the opportunity to purchase the quality rams at auction that we would have previously retained for our own use.

For many years we have been breeding toward a sheep that doesn't require mulesing and can still be managed in large numbers. We have now ceased mulesing and we are enjoying the wool marketing opportunities this has opened up.

All the very best with your purchases.
The Willera team
